INTRODUCTION

The purpose of this Official Statement is to provide certain information regarding the financial and economic condition of the City of Jersey City (the "City"), in the County of Hudson (the "County"), State of New Jersey (the "State" or "New Jersey") in connection with the sale and issuance by the City of its \$9,700,000 Special Emergency Notes, Series 2017C (Federally Taxable) (the "Taxable Notes"), its \$4,000,000 Special Emergency Notes, Series 2017D (the "Special Emergency Notes") and its \$7,980,000 Bond Anticipation Notes, Series 2017E (the "Bond Anticipation Notes", and together with the Special Emergency Notes, the "Tax-Exempt Notes"). The Taxable Notes and the Tax-Exempt Notes are hereinafter collectively referred to as the "Notes". This Official Statement (the "Official Statement"), which includes the cover page, the inside front cover pages and the Appendices attached hereto, has been authorized by the Mayor and City Council to be distributed in connection with the sale of the Notes and has been executed by and on behalf of the City by the Business Administrator and the Chief Financial Officer.

This Official Statement contains specific information relating to the Notes including their general description, certain matters affecting the financing, certain legal matters, historical financial information and other information pertinent to the sale, issuance and delivery of the Notes. This Official Statement should be read in its entirety.

All financial and other information presented herein has been provided by the City from its records, except for information expressly attributed to other sources. The presentation of information is intended to show recent historical information and, but only to the extent specifically provided herein, certain projections of the immediate future, and is not necessarily indicative of future or continuing trends in the financial position or other affairs of the City.

This Official Statement is "deemed final", as of its date, within the meaning of Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule").

DESCRIPTION OF THE NOTES

The Notes shall be dated the date of delivery and mature on December 7, 2018. Interest on the Notes will be computed on the basis of a 360-day year of twelve 30-day months. Principal of and interest on the Notes will be paid when due and at maturity at the office of the Chief Financial Officer of the City (unless a Paying Agent is appointed by the City). So long as DTC or its nominee is the registered owner of the Notes, payments of the principal of and interest on the Notes are to be made directly to Cede & Co., as nominee for DTC; disbursements of such payments to the DTC Participants is the responsibility of DTC, and disbursements of such payments to the beneficial owners of the Notes is the responsibility of the DTC Participants. The Notes will be issued in fully registered form in the denomination of \$5,000 or more, and, under certain circumstances, are exchangeable for one or more fully registered Notes of like principal amount, series and maturity in the denomination of \$5,000 or more.

Book-Entry Only System

The description which follows of the procedures and recordkeeping with respect to beneficial ownership interest in the Notes of each series, payment of principal and interest and other payments on the Notes to Direct and Indirect Participants (defined below) or Beneficial Owners (defined below), confirmation and transfer of beneficial ownership interests in the Notes and other related transactions by and between DTC, Direct and Indirect Participants and Beneficial Owners, is based on certain information furnished by DTC to the City. Accordingly, the City does not make any representations as to the completeness or accuracy of such information.

DTC will act as securities depository for the Notes. The Notes will be issued as fully-registered notes registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. Fully-registered Note certificates will be issued in the aggregate principal amounts of the Notes of each series and maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser of each Note ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Notes unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy (the "Omnibus Proxy") to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and principal and interest payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the Paying Agent or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the City or the Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Note certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event Note certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.

NEITHER THE CITY NOR THE PAYING AGENT WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH DTC PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE PAYMENTS TO OR PROVIDING OF NOTICE FOR THE DTC PARTICIPANTS, THE INDIRECT PARTICIPANTS, OR BENEFICIAL OWNERS.

SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE NOTES, AS NOMINEE OF DTC, REFERENCES HEREIN TO THE NOTEHOLDERS OR REGISTERED OWNERS OF THE NOTES (OTHER THAN UNDER THE CAPTION "TAX MATTERS") SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE NOTES.

Discontinuation of Book-Entry Only System

If the City, in its sole discretion, determines that DTC is not capable of discharging its duties, or if DTC discontinues providing its services with respect to the Notes at any time, the City will attempt to locate another qualified Securities Depository. If the City fails to find such Securities Depository, or if the City determines, in its sole discretion, that it is in the best interest of the City or that the interest of the Beneficial Owners might be adversely affected if the book-entry only system of transfer is continued (the City undertakes no obligation to make an investigation to determine the occurrence of any events that would permit it to make such determination), the City shall notify DTC of the termination of the book-entry only system.

AUTHORIZATION OF THE NOTES

The Series 2017C Notes and the Series 2017D Notes have been authorized and are to be issued pursuant to the Local Budget Law, Chapter 169 of the Laws of 1960 of the State of New Jersey, effective January 1, 1962, and the acts amendatory thereof and supplemental thereto (the "Local Budget Law"), specifically N.J.S.A. 40A:4-53, and: (A) with respect to the Series 2017C Notes, (i) an ordinance of the City numbered 13.118 and adopted by the Municipal Council of the City on November 13, 2013 and a resolution of the City adopted by the Municipal Council of the City on November 13, 2013, (ii) an ordinance of the City numbered 14.132 and adopted by the Municipal Council of the City on October 22, 2014 and a resolution of the City adopted by the Municipal Council of the City on October 22, 2014, and (iii) an ordinance of the City numbered 15.149 and adopted by the Municipal Council of the City on November 10, 2015 and a resolution of the City adopted by the Municipal Council of the City on November 10, 2015; and (B) with respect to the Series 2017D Notes, an ordinance of the City numbered 16.130 and adopted by the Municipal Council of the City on September 14, 2016, and a resolution of the City adopted by the Municipal Council of the City on September 14, 2016. Pursuant to the Local Budget Law, the special emergency notes may be renewed from time to time, provided that at least 1/5 of all such special emergency notes, and the renewals thereof, mature and are paid in each year so that all the special emergency notes and renewals are paid no later than the last day of the fifth year following the date of the resolution authorizing such special emergency notes.

The Series 2017E Notes have been authorized and are to be issued pursuant to the Local Bond Law and a bond ordinance numbered 13.031 finally adopted by the Municipal Council of the City on April 10, 2013 (the "2013 Bond Ordinance") and a bond ordinance numbered 16.106 finally adopted by the Municipal Council of the City on July 13, 2016 (the "2016 Bond Ordinance", and together with the 2013 Bond Ordinance, the "Bond Ordinances").

By resolution adopted on April 10, 2013, the New Jersey Local Finance Board approved certain matters in connection with the 2013 Bond Ordinance. The Local Finance Board is authorized to establish certain conditions and requirements that the City must meet before approval for issuance is given.

The Bond Ordinances have been published in full after final adoption along with the statement that the twenty (20) day period of limitation, within which a suit, action or proceeding questioning the validity of the Bond Ordinances could be commenced, began to run from the date of the first publication of such statement. The Local Bond Law provides, that after issuance, all obligations shall be conclusively presumed to be fully authorized and issued by all laws of the State, and all persons shall be estopped from questioning their sale, execution or delivery by the City.

PURPOSE OF THE NOTES AND APPLICATION OF PROCEEDS

The City will apply the proceeds from the sale of the Series 2017C Notes to (i) pay a portion of the maturing principal of the City's \$14,700,000 Special Emergency Notes, Series 2016C (Federally Taxable) (the "Series 2016C Special Emergency Notes") which were issued on December 8, 2016 and are payable on December 8, 2017; and (ii) pay a portion of the costs of issuing the Series 2017C Notes. Such Series 2016C Special Emergency Notes were issued to pay a portion of the maturing principal of certain prior notes relating to the payment of contractually required severance liabilities resulting from the layoff or retirement of City employees. The remaining \$5,000,000 of the principal of the Series 2016C Special Emergency Notes will be retired from funds appropriated from the City's fiscal year 2017 budget appropriations.

The City will apply the proceeds from the sale of the Series 2017D Notes to (i) pay a portion of the maturing principal of the City's \$5,897,496 Special Emergency Notes, Series 2016D (the "Series 2016D Special Emergency Notes") which were issued on December 8, 2016 and mature on December 8, 2017, and (ii) pay a portion of the costs of issuing the Series 2017D Notes. Such Series 2016D Special Emergency Notes were issued to pay a portion of the maturing principal of certain prior notes relating to the costs associated with the clean-up and recovery from Hurricane Sandy, and to provide for the preparation and execution of a complete program of

revaluation of real property. The remaining \$1,897,496 of the principal of the Series 2016D Special Emergency Notes will be retired from funds appropriated from the City's fiscal year 2017 budget appropriations.

The City will apply the proceeds from the sale of the Series 2017E Notes to (i) pay a portion of the maturing principal of the City's \$9,605,194 Bond Anticipation Notes, Series 2016E (the "Series 2016E Notes") which were issued on December 8, 2016 and are payable on December 8, 2017; and (ii) pay a portion of the costs of issuing the Series 2017E Notes. Such Series 2016E Notes were issued to pay a portion of the maturing principal of certain prior notes relating to various capital improvements, and to aid in the redevelopment of a redevelopment project consisting of various infrastructure improvements. The remaining \$1,625,194 of the principal of the Series 2016E Special Emergency Notes will be retired from funds appropriated from the City's fiscal year 2017 budget appropriations.

SECURITY AND SOURCE OF PAYMENT

The Notes constitute general obligations of the City and the full faith and credit and unlimited taxing power of the City are pledged to the payment of principal of, and interest on the Notes. The City is authorized and required by law to levy *ad valorem* taxes on all real property taxable by the City for the payment of the principal of and the interest on the Notes without limitation as to rate or amount. Payment of such principal and interest is not limited, however, to any particular fund or source of revenue of the City. The City is required to include in its annual municipal budget the total amount of interest and principal charges on all of its general obligation indebtedness for the current year.

The Notes are not a debt or obligation, legal, moral or otherwise, of the State of New Jersey, or any county, municipality or political subdivision thereof, other than the City.

The Notes are not entitled to the benefits of the Municipal Qualified Bond Act, Title 40A of the New Jersey Statutes, Section 40A:3-1, et seq., as amended, the School Qualified Bond Act, Title 18A of the New Jersey Statutes, Section 18A:24-85 et seq., as amended, or the New Jersey School Bond Reserve Act, P.L. 1980 (N.J.S.A. 18A:56-17 et seq.).

NO DEFAULT

The City has never defaulted in the payment of principal of, redemption premium, if any, and interest on any bonds or notes or other obligations of the City, nor are any payments of principal of or interest on the City's indebtedness past due.

MARKET PROTECTION

Other than the Notes, the City does not anticipate issuing any additional series of notes and bonds in 2017. The City expects to issue approximately \$9,724,000 in bond anticipation notes in January 2018 to refund certain maturing bond anticipation notes.

The Jersey City Redevelopment Agency (the "JCRA") intends to issue approximately \$10,000,000 in revenue bonds during the fourth quarter of 2017 to finance certain costs relating to a redevelopment project. Such revenue bond will be secured primarily by certain subsidy payments to be made by the City to the JCRA in amounts equal to the debt service on such bonds.

CITY OF JERSEY CITY

The City is New Jersey's second largest municipality with a population of 247,597 according to the United States Department of Commerce's 2010 Census. The City is located on the west side of the Hudson River, directly across from lower Manhattan in New York City, and is part of the major business and industrial concentration spanning the New York - Northern New Jersey metropolitan area.

The City's land area is 15.8 square miles, including a five mile long stretch of Hudson River waterfront that has experienced considerable high rise office tower, residential and multi-family development over the past ten years. The City is connected to New York City by the Holland Tunnel and the PATH railroad tubes and is within ten miles of Newark International Airport and the container and cargo facilities of Port Newark-Elizabeth. The City is located in the County of Hudson. The City's size and current development activity cause it to dominate the economy of Hudson County (the Jersey City Labor Area). The City also serves as the seat of the County government. Of the approximately 275,000 persons employed in the County, approximately 43% are employed in Jersey City. For additional information regarding the City and its finances, see "APPENDIX A - Certain Information Regarding the City of Jersey City".

RECENT FINANCIAL RESULTS AND FINANCIAL OUTLOOK

Financial Overview

Appendix A contains information relative to the financial operations of the City. Over the last few years, the City's financial position has improved due to structurally balanced operations and strong prospects for continued tax base growth. The City has benefited from successful efforts to raise additional recurring revenues while reducing personnel related expenditures.

The calendar year that ended December 31, 2016 resulted in an excess of \$29,344,622 in operations and the City's fund balance was \$78,604,581, unaudited. The calendar year that ended December 31, 2015 resulted in an excess of \$20,295,394 in operations and the City's audited fund balance was \$50,705,610. The calendar year that ended December 31, 2013 resulted in an excess of \$12,410,182 in operations and the City's audited fund balance was \$38,733,517.

The City restructured its debt on March 30, 2006, providing Fiscal Year 2006 debt service relief of \$18 million and another approximately \$69 million in Fiscal Years 2007-2011 combined, and was intended to produce approximately level debt service through Fiscal Year 2022.

CERTAIN STATUTORY PROVISIONS FOR THE PROTECTION OF GENERAL OBLIGATION DEBT

Local Bond Law (N.J.S.A. 40A:2-1 et seq.)

The Local Bond Law governs the issuance of bonds and notes to finance certain municipal capital expenditures. Among its provisions are requirements that bonds must mature within the statutory period of usefulness of the projects bonded and that bonds be retired in serial or sinking fund installments. A five percent (5%) cash down payment is generally required to be appropriated for the financing of expenditures for municipal purposes for which bonds are authorized.

The Local Fiscal Affairs Law (N.J.S.A. 40A:5-1 et seq.)

This law regulates the non-budgetary financial activities of local governments. An annual, independent audit of the local unit's accounts for the previous year must be performed by a licensed Registered Municipal Accountant. The audit, conforming to the Division of Local Government Services' "Requirements of Audit," includes recommendations for improvement of the local unit's financial procedures and must be filed with the Director (as defined herein) within six (6) months after the close of the fiscal year. A synopsis of the audit report, together with all recommendations made, must be published in a local newspaper within thirty (30) days of its completion.

The chief financial officer of every local unit must file annually with the Director a verified statement of financial condition of the local unit and all constituent boards, agencies and commissions.

The annual audit report is filed with the City Clerk and is available for review during business hours.

Debt Limits (N.J.S.A. 40A:2-6)

The authorized bonded indebtedness of a municipality in the State is limited by statute, subject to the exceptions noted below, to an amount equal to 3.50% of its equalized valuation basis. The equalized valuation basis of a municipality is set by statute as the average for the last three years of the equalized value of all taxable real property and improvements and certain class II railroad property within its boundaries as annually determined by the State Board of Taxation.

Certain categories of debt are permitted by statute to be deducted for purposes of computing the statutory debt limit.

On December 31, 2016, the City's percentage of statutory net debt was 2.04% and was comprised of the following:

	<u>Gross Debt</u>	<u>Deductions</u>	<u>Net Debt</u>
Municipal Purposes	\$720,645,887	\$264,941,826	\$455,704,061
School Purposes	\$28,742,258	\$28,742,258	\$0

Exceptions to Debt Limits - Extensions of Credit (N.J.S.A. 40A:2-7)

The debt limit of the City may be exceeded with the approval of the Local Finance Board, a State regulatory agency. If all or any part of a proposed debt authorization would exceed its debt limit, the City must apply to the Local Finance Board for an extension of credit. If the Local Finance Board determines that a proposed debt authorization would not materially impair the ability of the City to meet its obligations or to provide essential services, or makes other statutory determinations, approval may be granted. In addition to the aforesaid, debt in excess of the debt limit may be issued without the approval of the Local Finance Board to fund certain bonds for self-liquidating purposes and, in each fiscal year, in an amount not exceeding two-thirds of the amount budgeted in such fiscal year for the retirement of outstanding obligations (exclusive of obligations issued for utility or assessment purposes).

Short-Term Financing

The City may issue short term "bond anticipation notes" to temporarily finance a capital improvement or project in anticipation of the issuance of bonds if the bond ordinance or a subsequent resolution so provides. Bond anticipation notes, which are general obligations of the City, may be issued for a period not exceeding one (1) year. Generally, bond anticipation notes may not be outstanding for longer than ten (10) years. An additional period may be available following the tenth anniversary date equal to the period from the notes' maturity to the end of the tenth fiscal year in which the notes mature plus four (4) months in the next following fiscal year from the date of original issuance. Beginning in the third year, the amount of outstanding notes that may be renewed is decreased by the minimum amount required for the first year's principal payment of bonds in anticipation of which such notes are issued.

MUNICIPAL BUDGET

Pursuant to the Local Budget Law, N.J.S.A. 40A:4-1 et seq., as amended and supplemented (the "Local Budget Law"), the City is required to have a balanced budget in which debt service is included in full for each fiscal year.

The Local Budget Law (N.J.S.A. 40A:4-1 et seq.)

The foundation of the New Jersey local finance system is the annual cash basis budget. The City must adopt an operating budget in the form required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Items of revenue and appropriation are regulated by law and must be certified by the Director prior to final adoption of the budget. The Local Budget Law requires each local unit to appropriate sufficient funds for payment of current debt service and the Director of the Division (the "Director") is required to review the adequacy of such appropriations, among others, for certification.

The Director has no authority over individual operating appropriations, unless a specific amount is required by law, but the review functions focusing on anticipated revenues serve to protect the solvency of all local units. Local budgets, by law and regulation, must be in balance on a "cash basis". No budget or amendment thereof shall be adopted unless the Director shall have previously certified his approval thereof (N.J.S.A. 40A:4-10).

The principal sources of City revenues are real estate taxes, State Aid, Federal Aid and miscellaneous revenues.

In any year, the municipality may authorize, by resolution, the issuance of tax anticipation notes which may be issued in anticipation of the collection of taxes for such year. Tax anticipation notes are limited in amount by law and must be paid off in full by a municipality within one hundred twenty (120) days after the close of the fiscal year.

Real Estate Taxes

The general principle that revenue cannot be anticipated in a budget in excess of that realized in the preceding year applies to property taxes. N.J.S.A. 40A:4-29 delineates anticipation of delinquent tax collections: "The maximum which may be anticipated is the sum produced by the multiplication of the amount of delinquent taxes unpaid and owing to the local unit on the first day of the current fiscal year by the percentage of collection of delinquent taxes for the year immediately preceding the current fiscal year."

Section 41 of the Local Budget Law provides with regard to current taxes that: "Receipts from the collection of taxes levied or to be levied in the municipality, or in the case of a county for general county purposes and payable in the fiscal year, shall be anticipated in an amount which is not in excess of the percentage of taxes levied and payable during the next preceding fiscal year which was received in cash by the last day of such preceding fiscal year."

The provision requires that an additional amount (the "reserve for uncollected taxes") be added to the tax levy required to balance the budget so that when the percentage of the prior year's tax collection is applied to the combined total, the product will at least be equal to the tax levy required to balance the budget. The reserve requirement is calculated as follows:

$$\frac{\text{Cash Required from Taxes to Support Local Municipal Budget and Other Taxes}}{\text{Prior Year's Percentage of Current Tax Collection (or Lesser \%)}} = \begin{array}{l} \text{Amount to be} \\ \text{Raised by Taxation} \end{array}$$

Miscellaneous Revenues

Section 26 of the Local Budget Law provides: "no miscellaneous revenues from any source shall be included as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the preceding fiscal year, unless the Director shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and shall certify such determination, in writing, to the local unit." No budget or amendment thereof shall be adopted unless the Director shall have previously certified his approval thereof (N.J.S.A. 40A:4-10). The exception to this is the inclusion of categorical grants-in-aid contracts for their face amount with an offsetting appropriation. The fiscal years for such grants rarely coincide with the municipality's calendar fiscal year.

Limitations on Expenditures ("Cap Law") and Property Tax Levy Cap

N.J.S.A. 40A:4-45.3 places limits on municipal tax levies and expenditures. This law is commonly known as the "Cap Law" (the "Cap Law"). The Cap Law was amended and became effective on July 7, 2004. The Cap Law provides that the City shall limit any increase in its budget to 2.5% or the Cost-Of-Living Adjustment, whichever is less, of the previous year's final appropriations, subject to certain exceptions. The Cost-Of-Living Adjustment is defined as the rate of annual percentage increase, rounded to nearest half percent, in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services produced by the United States Department of Commerce for the year preceding the current year as announced by the Director. However, in each year in which the Cost-Of-Living Adjustment is equal to or less than 2.5%, the City may, by ordinance approved by a majority vote of the full membership of the governing body, provide that the final appropriations of the City for such year be increased by a percentage rate that is greater than the Cost-Of-Living Adjustment, but not more than 3.5% over the previous year's final appropriations. See N.J.S.A. 40A:4-45.14. In addition, N.J.S.A. 40A:4-45.15b restored "CAP" banking to the Local Budget Law. Municipalities are permitted to appropriate available "CAP Bank" in either of the next two (2) succeeding years' final appropriations. Along with the permitted increases for total general appropriations there are certain items that are allowed to increase outside the "CAP".

Additionally, P.L. 2010, c.44, effective July 13, 2010, imposes a two percent (2%) cap on the tax levy of a municipality, county, fire district or solid waste collection district, with certain exceptions and subject to a number

of adjustments. The exclusions from the limit include increases required to be raised for capital expenditures, including debt service, increases in pension contributions in excess of two percent (2%), certain increases in health care costs in excess of two percent (2%), and extraordinary costs incurred by a local unit directly related to a declared emergency. The governing body of a local unit may request approval, through a public question submitted to the legal voters residing in its territory, to increase the amount to be raised by taxation, and voters may approve increases above two percent (2%) not otherwise permitted under the law by an affirmative vote in excess of fifty percent (50%).

The Division has advised that counties and municipalities must comply with both the budget Cap Law and the tax levy limitation. Neither the tax levy limitation nor the Cap Law, however, limits the obligation of the City to levy *ad valorem* taxes upon all taxable property within the boundaries of the City to pay debt service on bonds and notes.

Deferral of Current Expenses

Supplemental appropriations made after the adoption of the budget and determination of the tax rate may be authorized by the governing body of a local unit, including the City, but only to meet unforeseen circumstances, to protect or promote public health, safety, morals or welfare, or to provide temporary housing or public assistance prior to the next succeeding fiscal year. However, with certain exceptions described below, such appropriations must be included in full as a deferred charge in the following year's budget. Any emergency appropriation must be declared by resolution according to the definition provided in N.J.S.A. 40A:4-48, and approved by at least two-thirds of the full membership of the governing body and shall be filed with the Director. If such emergency appropriations exceed three percent (3%) of the adopted operating budget, consent of the Director is required. N.J.S.A. 40A:4-49.

The exceptions are certain enumerated quasi-capital projects ("special emergencies") such as (i) the repair and reconstruction of streets, roads or bridges damaged by snow, ice, frost, or floods, which may be amortized over three (3) years, and (ii) the repair and reconstruction of streets, roads, bridges or other public property damaged by flood or hurricane, where such expense was unforeseen at the time of budget adoption, the repair and reconstruction of private property damaged by flood or hurricane, tax map preparation, reevaluation programs, revision and codification of ordinances, master plan preparations, drainage map preparation for flood control purposes, studies and planning associated with the construction and installation of sanitary sewers, authorized expenses of a consolidated commission, contractually required severance liabilities resulting from the layoff or retirement of employees and the preparation of sanitary and storm system maps, all of which projects set forth in this section (ii) may be amortized over five (5) years. N.J.S.A. 40A:4-53, -54, -55, -55.1. Emergency appropriations for capital projects may be financed through the adoption of a bond ordinance and amortized over the useful life of the project as described above.

Budget Transfers

Budget transfers provide a degree of flexibility and afford a control mechanism. Pursuant to N.J.S.A. 40A:4-58, transfers between major appropriation accounts are prohibited until the last two (2) months of the municipality's fiscal year. Appropriation reserves may be transferred during the first three (3) months of the current fiscal year to the previous fiscal year's budget. N.J.S.A. 40A:4-59. Both types of transfers require a two-thirds vote of the full membership of the governing body. Although sub-accounts within an appropriation are not subject to the same year-end transfer restriction, they are subject to internal review and approval. Generally, transfers cannot be made from the down payment account, the capital improvement fund, contingent expenses or from other sources as provided in the statute.

Fiscal Year

In 2010, the City changed its fiscal year from a June 30th year end to a December 31st year end. The City adopted a transition year budget for the period July 1, 2010 through December 31, 2010 and introduced a full calendar year budget for the period commencing January 1, 2011 and in each calendar year thereafter.

Budget Process

Primary responsibility for the City's budget process lies with the City Council. As prescribed by the Local Budget Law, adoption should occur by the end of March; however, extensions may be granted by the Division to any local governmental unit. In the first quarter in which the budget formulation is taking place, the City operates under a temporary budget which may not exceed 26.25% of the previous fiscal year's adopted budget. In addition to the temporary budget, the City may approve emergency temporary appropriations for any purpose for which appropriations may lawfully be made.

TAX INFORMATION ON THE CITY

Property valuations (assessments) are determined on true values as arrived at by the cost approach, market data approach and capitalization of net income (where applicable). Current assessments are the result of maintaining new assessments on a "like" basis with established comparable properties for newly assessed or purchased properties resulting in a decline of the assessment ratio to true value to its present level. This method assures equitable treatment to like property owners. Because of the escalation of property resale values, annual adjustments could not keep pace with the rising values.

Upon the filing of certified adopted budgets by the City, the school district and the County, the tax rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provisions for the assessment of property, levying of taxes and the collection thereof are set forth in N.J.S.A. 54:4-1 et seq. Special taxing districts are permitted in New Jersey for various special services rendered to the properties located within the special district.

For calendar year municipalities, tax bills are generally sent in June of the current fiscal year. Taxes are payable in four quarterly installments on February 1, May 1, August 1 and November 1. The August and November tax bills are determined as the full tax levied for municipal, school district or county purposes for the current municipal fiscal year, less the amount charged as the February and May installments for municipal, school district or county purposes in the current fiscal year. The amounts due for the February and May installments are determined as by the municipal governing body as either one-quarter or one-half of the full tax levied for municipal, school district or county purposes for the preceding fiscal year.

Tax installments not paid on or before the due date are subject to interest penalties of eight percent (8%) on the first \$1,500 of the delinquency and, then eighteen percent (18%) per annum on any amount in excess of \$1,500. A penalty of up to six percent (6%) of the delinquency in excess of \$10,000 may be imposed on a taxpayer who fails to pay that delinquency prior to the end of the tax year in which the taxes become delinquent. Delinquent taxes open for one year or more are annually included in a tax sale in accordance with State Statutes. Tax title liens are periodically assigned to the Corporation Counsel (as defined herein) for in rem foreclosures in order to acquire title to these properties.

The provisions of Chapter 99 of the Laws of New Jersey of 1997 allow a municipality to sell its total property tax levy to the highest bidder either by public sale with sealed bids or by public auction. The purchaser shall pay the total property tax levy bid amount in quarterly installments or in one annual installment. Property taxes will continue to be collected by the municipal tax collector and the purchaser will receive as a credit against his payment obligation the amount of taxes paid to the tax collector. The purchaser is required to secure his payment obligation to the municipality by an irrevocable letter of credit or surety bond. The purchaser is entitled to receive, all delinquent taxes and other municipal charges owing, due and payable upon collection by the tax collector. The statute sets forth bidding procedures, minimum bidding terms and requires the review and approval of the sale by the Division.

Tax Appeals

New Jersey Statutes provide a taxpayer with remedial procedures for appealing an assessed valuation that the taxpayer deems excessive. The taxpayer has a right to file a petition on or before the 1st day of April (1st day of May in a revaluation year) of the current tax year for its review. The County Board of Taxation and the Tax Court of New Jersey have the authority after a hearing to increase, decrease or reject the appeal petition. Adjustments by the County Board of Taxation are usually concluded within the current tax year and reductions are shown as cancelled or remitted taxes for that year. If the taxpayer believes the decision of the County Board of Taxation to be incorrect, appeal of the decision may be made to the Tax Court of New Jersey. State tax court appeals tend to take several years to conclude by settlement or trial and any losses in tax collection from prior years, after an unsuccessful trial or by settlement, are charged directly to operations.

DEBT INFORMATION ON THE CITY

Debt Statements

The City must report all new authorizations of debt or changes in previously authorized debt to the Division. The Supplemental Debt Statement, as this report is known, must be submitted to the Division before final passage of any debt authorization. Before January 31 of each year, the City must file an Annual Debt Statement with the Division. This report is made under oath and states the authorized, issued and unissued debt of the City as of the previous December 31. Through the Annual and Supplemental Debt Statements, the Division monitors all local borrowing.

TAX MATTERS

Tax-Exempt Notes

In the opinion of Bond Counsel, assuming continuing compliance with the provisions of the Internal Revenue Code of 1986, as amended (the "Code") applicable to the Tax-Exempt Notes and subject to certain provisions of the Code which are described below, under laws, regulations, rulings and judicial decisions existing on the date of the original delivery of the Tax-Exempt Notes, interest received by a holder of the Tax-Exempt Notes will be excludable from gross income for federal income tax purposes, and will not be treated as a tax preference item for purposes under Section 57 of the Code for individuals or corporations. Interest on the Tax-Exempt Notes is included in the adjusted current earnings of corporations for the purposes of computing the alternative minimum alternative tax on such corporations.

The Code contains a number of provisions that apply to the Tax-Exempt Notes, including restrictions relating to the use or investment of the proceeds of the Tax-Exempt Notes (or facilities financed by such proceeds) and the payment of certain arbitrage earnings in excess of the "yield" on the Tax-Exempt Notes to the Treasury of the United States. Non-compliance with such provisions may result in interest on the Tax-Exempt Notes not being excludable from gross income for federal income tax purposes retroactive to the date of issuance of the Tax-Exempt Notes. The City has covenanted to comply with these requirements.

Section 265(b) of the Code generally denies to financial institutions any deduction for that portion of interest expense incurred to purchase or carry certain tax-exempt obligations. An exception is provided certain small issuers who designate the obligations as "qualified tax-exempt obligations" under Section 265(b)(3) of the Code and, provided certain conditions are met, for obligations the proceeds of which refund obligations which were designated as qualified tax-exempt obligations. Such obligations will be subject to a reduced disallowance rule. The Tax-Exempt Notes will NOT be designated by the City as qualified tax exempt obligations under Section 265(b) of the Code.

Ownership of tax-exempt obligations may also result in collateral federal income tax consequences to certain taxpayers including, without limitation, certain foreign corporations doing business in the United States,

certain S corporations with excess passive income, property and casualty insurance companies, individual recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations.

From time to time, there are legislative proposals in Congress that, if enacted, could alter or amend the federal tax matters referred to above or adversely affect the market value of the Tax-Exempt Notes. President Obama has submitted to Congress various legislative proposals, which if enacted, would limit for certain individual taxpayers the value of certain deductions and exclusions, including the exclusion for tax-exempt interest. If enacted into law, such proposals may cause interest on the Tax-Exempt Notes to be subject, directly or indirectly, to federal income taxation or otherwise prevent owners of the Tax-Exempt Notes from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals may also affect the market price for, or marketability of, the Tax-Exempt Notes. No prediction is made whether these provisions will be enacted as proposed or concerning other future legislation which if passed might have the effect on the tax treatment of interest on the Tax-Exempt Notes. Bond Counsel expresses no opinion regarding any pending or proposed federal tax legislation. Bond Counsel will render its opinion as of the issue date, and will assume no obligation to update its opinions after the issue date to reflect any future facts or circumstances, or any future changes in law or interpretation, or otherwise. Moreover, the opinions of Bond Counsel are only opinions and not a warranty or guaranty of the matters discussed. The City has no obligation to provide updated information concerning pending or future legislation. Each purchaser of the Tax-Exempt Notes should consult his or her own tax advisor regarding any pending or proposed federal tax legislation.

In addition, the Internal Revenue Service ("IRS") has established an expanded audit program for tax-exempt obligations. There can be no assurance that an audit initiated or concluded by the IRS after the issue date of the Tax-Exempt Notes involving either the Tax-Exempt Notes or other tax-exempt obligations will not have an adverse effect on the tax-exempt status or market price of the Tax-Exempt Notes.

In addition, prospective purchasers of the Tax-Exempt Notes should be aware that Section 6049 of the Code provides that interest paid on tax-exempt obligations will be subject to information reporting in a manner similar to interest paid on taxable obligations. The provision is effective for interest paid on tax-exempt obligations after December 31, 2005, regardless of when the tax exempt obligations were issued. Pursuant to Notice 2006-93, backup withholding will be required if the bondholder fails to provide a tax identification number. The reporting requirement does not in and of itself affect or alter the excludability of such interest from gross income for federal tax purposes or any other federal tax consequence of purchasing, holding or selling tax-exempt obligations.

Taxable Notes

The following is a general discussion of certain of the anticipated federal tax consequences of the purchase, ownership and disposition of the Taxable Notes by the original purchasers of the Taxable Notes. Investors should consult their own tax advisors in determining the federal, state, local or other tax consequences to them of purchase, ownership and disposition of the Taxable Notes. This discussion is based upon the Code, regulations, rulings and decisions now in effect, all of which are subject to change at any time, possibly with retroactive effect, and does not purport to deal with federal income tax consequences applicable to all categories of investors, some of which will be subject to special rules. This discussion assumes that Taxable Notes will be held as "capital assets" under the Code and that the Taxable Notes are owned by U.S. Holders (as defined below). Investors should consult their own tax advisors in determining the federal, state, local or other tax consequences to them of purchase, ownership and disposition of the Taxable Notes.

As used herein, the term "U.S. Holder" means a beneficial owner of a bond that is for United States federal income tax purposes (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organized in or under the laws of the United States or any State or any political subdivision thereof, (iii) an estate the income of which is subject to United States federal income taxation regardless of its source or (iv) a trust whose administration is subject to the primary jurisdiction of a court within the United States

and which has one or more United States fiduciaries who have the authority to control all substantial decisions of the trust.

Interest Income. INTEREST ON THE TAXABLE NOTES IS NOT EXCLUDED FROM GROSS INCOME FOR FEDERAL INCOME TAX PURPOSES. The City will report annually (or more frequently if required) to owners of record and to the IRS in respect of interest paid on the Taxable Notes.

Backup Withholding. Under the Code, payments on the Taxable Notes may under certain circumstances, be subject to "backup withholding" at a rate equal to the fourth lowest rate of tax applicable under Section 1(c) of the Code. This withholding generally applies if the owner (i) fails to furnish such owner's social security number or other taxpayer identification number ("TIN"), (ii) furnishes an incorrect TIN, (iii) fails to properly report interest, dividends or other "reportable payments" as defined in the Code, or (iv) under certain circumstances, fails to provide such owner's securities broker with a certified statement, signed under penalties of perjury, that the TIN is correct and that such Noteholder is not subject to backup withholding. Owners of the Taxable Notes should consult their own tax advisors as to their qualification for exemption for backup withholding and the procedures for obtaining the exemption.

Disposition and Defeasance. Generally, upon the sale, exchange, redemption, or other disposition (which would include a legal defeasance) of a Bond or a Taxable Note, a holder generally will recognize taxable gain or loss in an amount equal to the difference between the amount realized (other than amounts attributable to accrued interest not previously includable in income) and such holder's adjusted tax basis in the Taxable Notes.

The City may cause the deposit of moneys or securities in escrow in such amount and manner as to cause the Taxable Notes to be deemed to be no longer outstanding under the Resolution (a "defeasance"). For Federal income tax purposes, such defeasance could result in a deemed exchange under Section 1001 of the Code and a recognition by such owner of taxable income or loss, without any corresponding receipt of moneys. In addition, the character and timing of receipt of payments on the Taxable Notes subsequent to any such defeasance could also be affected.

ALL POTENTIAL PURCHASERS OF THE TAXABLE NOTES SHOULD CONSULT WITH THEIR TAX ADVISORS IN ORDER TO UNDERSTAND THE IMPLICATION OF THE TAX CONSEQUENCES UNDER THE CODE.

State Taxation

Bond Counsel is of the opinion, based upon existing statutes and judicial decisions, that interest on the Notes and net gains from the sale of the Notes is not included as gross income under the New Jersey Gross Income Tax Act. Potential purchasers of the Notes should consult with their tax advisors.

THE FOREGOING IS NOT INTENDED AS AN EXHAUSTIVE RECITAL OF THE POTENTIAL TAX CONSEQUENCES OF HOLDING THE NOTES. PROSPECTIVE PURCHASERS OF THE NOTES SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE FEDERAL, STATE AND LOCAL TAX CONSEQUENCES OF OWNERSHIP OF THE NOTES.

LITIGATION

To the knowledge of the City's Corporation Counsel, Jeremy Farrell, Esq. (the "Corporation Counsel"), there is no litigation of any nature now pending or threatened, restraining or enjoining the issuance or the delivery of the Notes, or the levy or the collection of taxes to pay the principal of or the interest on the Notes, or in any manner questioning the authority or the proceedings for the issuance of the Notes or for the levy or the collection of taxes to pay the principal of or the interest on the Notes, or contesting the corporate existence or the boundaries of the City or the title of any of the present officers. Moreover, to the knowledge of the Corporation Counsel, except as set forth in Appendix A under the section entitled "Pending Litigation", no litigation is presently pending or threatened that, in the opinion of the Corporation Counsel, would have a material adverse impact on the financial

condition of the City if adversely decided. A certificate or opinion to such effect will be executed by the Corporation Counsel and delivered to the Underwriters at the closing.

APPROVAL OF LEGAL PROCEEDINGS

All legal matters incident to the authorization, the issuance, the sale and the delivery of the Notes are subject to the approval of GluckWalrath LLP, Trenton, New Jersey, Bond Counsel to the City, whose approving legal opinion will be delivered with the Notes substantially in the form set forth in Appendix C hereto. Certain legal matters will be passed on for the Underwriters (as hereinafter defined) by their counsel DeCotiis, Fitzpatrick, Cole & Giblin, LLP, and for the City by its Corporation Counsel.

MUNICIPAL BANKRUPTCY

The undertakings of the City should be considered with reference to 11 U.S.C. § 101 et seq., as amended and supplemented (the "Bankruptcy Code"), and other bankruptcy laws affecting creditors' rights and municipalities in general. The Bankruptcy Code permits the State or any political subdivision, public agency, or instrumentality that is insolvent or unable to meet its debts to commence a voluntary bankruptcy case by filing a petition with a bankruptcy court for the purpose of effecting a plan to adjust its debts; directs such a petitioner to file with the court a list of petitioner's creditors; provides that a petition filed under this chapter shall operate as a stay of the commencement or continuation of any judicial or other proceeding against the petitioner; grants priority to certain debts owed; and provides that the plan must be accepted in writing by or on behalf of creditors holding at least two-thirds in amount and more than one half in number of the allowed claims of at least one (1) impaired class. The Bankruptcy Code specifically does not limit or impair the power of a state to control by legislation or otherwise, the procedures that a municipality must follow in order to take advantage of the provisions of the Bankruptcy Code.

The Bankruptcy Code provides that special revenue acquired by the debtor after the commencement of the case shall remain subject to any lien resulting from any security agreement entered into by such debtor before the commencement of such bankruptcy case. However, special revenues acquired by the debtor after commencement of the case shall continue to be available to pay debt service secured by those revenues. Furthermore, the Bankruptcy Code provides that a transfer of property of a debtor to or for the benefit of any holder of a bond or note, on account of such bond or note, may not be avoided pursuant to certain preferential transfer provisions set forth in such code.

Reference should also be made to N.J.S.A. 52:27-40 et seq., which provides that a local unit, including the City, has the power to file a petition in bankruptcy with any United States court or court in bankruptcy under the provisions of the Bankruptcy Code, for the purpose of effecting a plan of readjustment of its debts or for the composition of its debts; provided, however, the approval of the Local Finance Board, as successor to the Municipal Finance Commission, must be obtained.

The City has not authorized the filing of a bankruptcy petition. This reference to the Bankruptcy Code or the State statute should not create any implication that the City expects to utilize the benefits of their provisions, or that if utilized, such action would be approved by the Local Finance Board, or that any proposed plan would include a dilution of the source of payment of and security for the Notes, or that the Bankruptcy Code could not be amended after the date hereof.

CONTINUING DISCLOSURE

The City has covenanted for the benefit of bondholders to provide certain financial information and operating data on the City and to comply with the provisions of Rule 15c2-12 (the "Rule") promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended and supplemented, and as detailed in the Continuing Disclosure Certificate (the "Certificate") to be executed on behalf of the City by its Chief Financial Officer, in the form appearing in Appendix D hereto, such Certificate to be delivered concurrently with the delivery of the Notes. These covenants are being made by the City to assist the purchasers of the Notes in complying with the Rule.

The City has previously failed to file, in a timely manner, its Annual Reports in accordance with the Rule for the calendar years ended December 31, 2012 and 2013. Generally, the City had previously filed, in a timely manner, the required audited financial statements, but did not timely file all required operating data for the periods referenced above. Additionally, the City had failed to file, in a timely manner, certain material event notices relating to rating changes of the City, the Municipal Qualified Bond Act, the School Qualified Bond Act, the School Bond Reserve Act and various bond insurance companies. Such notices were filed on November 13, 2014. Further, the City recently determined that it inadvertently failed to comply with prior undertakings to provide its Annual Report for the calendar years ended December 31, 2013 and December 31, 2014 with respect to bonds issued by the Jersey City Municipal Utilities Authority (the "JCMUA Undertaking"). However, portions of such Annual Reports were filed with the Municipal Securities Rulemaking Board (the "MSRB") with respect to the City's bonds. The City has since corrected this oversight by linking the required Annual Reports to the JCMUA Undertaking. The City has implemented certain procedures to file its Annual Reports on a more consistent and timely basis in future years. The City's implementation of procedures to file its Annual Reports also includes the continued utilization of Digital Assurance Certification, LLC (DAC) to assist with the City's disclosure requirements.

LEGALITY FOR INVESTMENT

The State and all public officers, municipalities, counties, political subdivisions and public bodies, and agencies thereof, all banks, bankers, trust companies, savings and loan associations, savings banks and institutions, building and loan associations, investment companies, and other persons carrying on banking business, all insurance companies, and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys or other funds belonging to them or within their control in any bonds or notes of the City, including the Notes, and such Notes are authorized security for any and all public deposits.

APPENDIX A

CERTAIN INFORMATION REGARDING THE CITY OF JERSEY CITY

THE CITY OF JERSEY CITY

The legislative power of the City of Jersey City (the "City") is vested in the Municipal Council (the "Council"), which is composed of nine members, six of whom are elected from the City's six wards and three of whom are elected at large. The Council meets regularly and operates in accordance with the Optional Municipal Form of Government, Section 40:69A-1 *et seq.*, of the New Jersey statutes. The Council members serve four-year terms beginning on the first day of July following their election. Their current term commenced July 1, 2013. The current members of the Council, their titles and the date they first took office are shown on the following table:

MUNICIPAL COUNCIL

<u>Name</u>	<u>Title</u>	<u>Date First In Office</u>
Rolando R. Lavarro	Council President	November 14, 2011
Daniel Rivera	Councilman-at-Large	July 1, 2013
Joyce Watterman	Councilwoman-at-Large	July 1, 2013
Frank Gajewski	Ward A Councilman	July 1, 2013
Chris L. Gadsden	Ward B Councilman	November 13, 2016
Richard Boggiano	Ward C Councilman	July 1, 2013
Michael Yun	Ward D Councilman	July 1, 2013
Candice Osborne	Ward E Councilwoman	July 1, 2013
Jermaine Robinson	Ward F Councilwoman	January 21, 2017

On January 12, 2016, the Municipal Council adopted an ordinance authorizing a binding referendum on the question of amending the City's charter to provide for the holding of its municipal elections on the same dates as the November general elections. The voters approved such referendum at the November 8, 2016 general election. Accordingly, the next election for Mayor and Council will take place in November 2017 and the current terms of office will be extended from June 30, 2017 to December 31, 2017, with the new four-year terms beginning on January 1, 2018.

The executive power of the City is exercised by the Mayor, who is responsible for administering the charter and ordinances and general laws of the City. The Mayor is responsible for preparing and administering the City's annual expense and capital budgets. The Mayor supervises all of the departments in the City and reports annually to the Council and the public the results of the previous year's operations. The Mayor has the power to approve ordinances adopted by the Council or to return them to the Council with a statement of his objections. A vote by two-thirds of the members of the Council may override the Mayor's veto. The Mayor may attend meetings of the Council and may take part in discussions. The Mayor has no vote in the proceedings of the Council except to fill a vacancy in the Council, in which case he may cast the deciding vote. The Mayor appoints the Business Administrator and the Directors of nine City departments with the advice and consent of the Council. In the event that the Mayor is unable to fulfill his responsibilities under the applicable provisions of the New Jersey Statutes and the Jersey City Charter, the Council is required to appoint a Mayor to serve until the next election. There are no term limits for the office of Mayor or for any Council member.

Administration

Following are biographical sketches of the City officials with responsibility for financial management:

STEVEN M. FULOP, Mayor

Steven Michael Fulop, a democrat, is the 49th and current Mayor of Jersey City, New Jersey. He is the youngest mayor in the country of a city with a population larger than 250,000. Mayor Fulop was elected Mayor on May 14, 2013, defeating a three term incumbent mayor and the political establishment. Prior to serving as Mayor, Steven Fulop served as the Ward E Councilman of the City for eight years.

A first generation American, Mayor Fulop grew up in an immigrant family in Edison, New Jersey. His father owned a delicatessen in Newark, where Mayor Fulop often worked. His mother, the daughter of Holocaust survivors, worked in an immigration services office helping others gain citizenship.

Mayor Fulop graduated from Binghamton University in 1999, and in 2006 completed both his Masters in Business Administration at the New York University Stern School of Business and his Masters in Public Administration at Columbia University School of International and Public Affairs (SIPA). Shortly after completion of Marine Corps boot camp on January 14, 2003, Mayor Fulop was deployed to Iraq, where he served as part of the 6th Engineer Support Battalion. He and his unit were recipients of numerous awards and recognition for service including the Overseas Service Ribbon, Meritorious Mast, and the Presidential Unit Citation.

Donna Mauer holds a B.S. in Business Administration from New Jersey City University and a Masters of Public Administration from Fairleigh Dickinson University. She started employment with the Department of Finance of the City in 1987. Since that time, she held various positions, including Assistant Budget Officer. On December 14, 2005, Ms. Mauer was appointed Chief Financial Officer and reappointed on December 17, 2008 and acquired tenure in the position on January 1, 2009.

The Jersey City Public Schools

The public school system of the City, the second largest school district in the State, served a total enrollment of approximately 27,672 students for school fiscal year 2016-17. The system employs professional and non-professional personnel, including teacher's aides. The student population is provided with a comprehensive school program including college preparatory programs, vocational training and special education classes housed in regular elementary and secondary schools. In school fiscal year 2016-17, the school district had 4,665 full-time employees. The school system currently includes 25 elementary schools, four middle schools, eight high schools, one regional day, one adult education school and 40 childcare sites.

Since October 1989, the school system has been operated by the State of New Jersey pursuant to the New Jersey Public School Education Act of 1975, as amended, N.J.S.A. 18A:7A-1 *et seq.* The Commissioner of Education appointed a State Superintendent to manage the district.

The State-operated school district enabling legislation, N.J.S.A. 18A:7A-34 *et seq.*, makes provision for the City to provide moneys to the State-operated school district for the payment of operating expenditures. Chapter 139 of the Pamphlet Laws of 1991 provided a mechanism similar to the pre-existing one for the authorization and issuance of school promissory notes and school serial bonds by the City secured by the power and authority of the City to levy ad valorem real property taxes. The Capital Project Control Board of the City's Public Schools has the authority to review and recommend the necessity for capital projects proposed by the Superintendent. Following the adoption of a resolution by the Capital Project Control Board, the Municipal Council of the City shall consider a School bond ordinance. The State, by the takeover of the school system in the City, has not affected, modified or impaired the authority or the obligation of the City for the levy and collection of sufficient real property taxes to pay the interest and principal on outstanding school debt.

Related Authorities and Functions

Sewer services are provided to the City through the Jersey City Municipal Utilities Authority (the "JCMUA") and solid waste disposal is provided by the Jersey City Incinerator Authority (the "JCIA"). On December 10, 1997, the Jersey City Sewerage Authority was reorganized to form the JCMUA. On January 15, 1998, the City and the JCMUA executed a Franchise and Service Agreement pursuant to which the JCMUA assumed operation of the City's Water Utility until January 31, 2008. In May 2003, the City and the JCMUA executed an amended and restated franchise and service agreement pursuant to which the JCMUA's obligations to operate the City's Water Utility was extended through March 31, 2028. See "Jersey City Municipal Utilities Authority" and "The Jersey City Incinerator Authority" under "CITY INDEBTEDNESS AND DEBT LIMITS – Other City-Related Obligations" herein.

City Budget Requirements - General

State law imposes specific budgetary procedures upon local government units such as the City. Pursuant to the Local Budget Law, the City is required to have an operating budget, which provides for sufficient cash collections to pay all debt service and operating costs during the fiscal year and, in addition, provide for any statutory and mandatory payments, such as pension and insurance costs, required to be made during the fiscal year.

The City's operating budget must be in the form required by the Division of Local Government Services in the Department of Community Affairs, State of New Jersey (the "Division"). Items of revenue and appropriation are statutorily regulated and must be certified by the Director of the Division (the "Director") prior to final adoption of the budget by the Council. The Director is required to review the adequacy of such appropriations for certification. The Director has no authority over individual operating appropriations, unless a specific amount is required by law, but the review, which focuses on anticipated revenues, is intended to insure revenues are sufficient to pay expenses.

The Business Administrator and Budget Director prepare the Municipal Budget of the City for the Mayor. During the month of November, all department heads are required to submit requests for appropriations for the next budget year and appear before the Business Administrator, the Budget Director and the Council at public hearings to explain their departmental requests. The Mayor then submits his recommended budget to the Council. The Council may reduce any item or items in the budget by a majority vote but may increase any item or items only upon an affirmative vote of two-thirds of the members of the Council. After the budget is introduced, it may be approved on first reading by majority vote of the Council. After the Council approves the budget, it is submitted to the Director for approval and advertised. A public hearing is held. Upon completion of the public hearing, the budget is adopted by the Council and submitted to the Division for certification.

The City has transitioned from a State fiscal year to a calendar fiscal year. Under State law, the City is required to have a budget adopted by March 20, although the Director, with the approval of the Local Finance Board, may extend this date and the Municipal Council may adopt the budget within ten days after the Director shall have certified his approval thereof pursuant to N.J.S.A. 40A:4-5.1. For Calendar Year 2012, the budget was introduced on February 22, 2012 and adopted on July 31, 2012. For Calendar Year 2013, the budget was introduced on February 27, 2013 and adopted on July 17, 2013. For Calendar Year 2014, the budget was introduced on March 12, 2014 and adopted on September 23, 2014. For Calendar Year 2015, the budget was introduced on March 11, 2015 and adopted on July 28, 2015. For Calendar Year 2016, the budget was introduced on February 24, 2016 and adopted on July 20, 2016.

Prior to formal budget adoption, the City uses a temporary operating budget to guide expenditures. Temporary appropriations may be made pursuant to N.J.S.A. 40A:4-19.1 and, in addition, emergency temporary appropriations may be made pursuant to N.J.S.A. 40A:4-20. The City's budget for the first quarter of its calendar year (January 1 through March 31) is equal to one-fourth of the annual budget for the preceding calendar year. If a budget for a calendar year is not adopted by March 31, the City establishes periodic temporary budgets.

The monitoring of the budget is a continuous process, and encompasses financial controls in the areas of encumbrance of obligations and public contracts law. Under State law, expenditures cannot be made unless there is a certification as to availability of funds from the operating or capital budget. The budget is utilized throughout the operating year as a management tool and policy instrument representing the City's plan of action for the provision of services. Expenditures are monitored throughout the year and, two months before the end of the fiscal year, the budget may be amended to transfer expenditures from one line item to another. Emergency appropriations may be made to the extent revenues are insufficient to pay expenditures, with the amounts so appropriated raised in the succeeding fiscal year.

No local unit in New Jersey is permitted to issue long-term bonds for the payment of current expenses or to pay outstanding obligations (except for the refunding or repayment of successful real property tax appeals and certain statutorily authorized non-recurring expenses, which requires the approval of the Local Finance Board). Like other New Jersey municipalities, the City makes a major portion of its expenditures early in each year while receipts are heaviest late in the year. The City has managed this cash flow imbalance through temporary transfers from its capital and grant accounts, and restoring these funds by year end with the tax and State aid revenues received. A local unit may issue tax anticipation notes for the payment of current expenses under the Local Budget Law. The City has not issued tax anticipation notes since April 1991.

Public School Budgeting Process

Under the provisions of the New Jersey Public Education Act of 1975, as amended, the Superintendent of a State-operated school district, after preparation of and hearing on a proposed budget, is required to fix and determine the amount of money necessary to be appropriated for the school year and is required to certify the amounts to be raised by taxes. The City may appeal to the Commissioner of Education the amount determined necessary. The Commissioner, upon receipt of such appeal and completion of the hearing process, shall determine the amount necessary for the district to provide a thorough and efficient educational program including the implementation of the plan to correct deficiencies. The City may apply to the Director of the Division for a determination that the local share of revenues needed to support the district's budget results in an unreasonable tax burden. Based upon this review, the Director certifies the amount of revenues, which can be raised locally to support the budget of the State-operated district. Any difference between the amount which the Director certifies and the total amount of local

revenues required by the budget approved by the Commissioner is paid by the State in the fiscal year in which the expenditures are made, subject to the availability of appropriations. The State supplemented the City's school tax revenues with \$20,000,000 for the Fiscal Year 1999. Since Fiscal Year 2000, the State has not supplemented the City's school tax revenues.

Limitation on Expenditures

Section 40A:4-45.3 of the Local Budget Law, commonly known as the "Cap Law," as enacted provided that a municipality shall limit any increase in its operating budget to five percent or the calculated Index Rate, whichever is less, over the previous year's final appropriations, subject to certain exceptions. The Local Finance Board has the authority, under Section 40A:4-45.3 of the Local Budget Law, to grant additional exceptions to the Cap Law under certain circumstances. The Index Rate is defined as the annual percentage increase in the Implicit Price Deflator for State and Local Government Purchasers of Goods and Services produced by the United States Department of Commerce as announced by the Director. Municipalities may elect, upon adoption of an ordinance, to approve an increase in appropriations that is greater than the Index Rate, not to exceed five percent, when the Index Rate is less than five percent. Major exceptions not subject to the spending limitation include: capital expenditures and debt service; State and Federal appropriations; expenditures mandated as a consequence of certain public emergencies; certain expenditures mandated by law; cash deficits of the preceding year approved by the Local Finance Board; amounts required to be paid pursuant to any contract with respect to use, services or provision of any project, facility or public improvement for water, sewer, solid waste, parking, senior citizen housing or similar purpose, or payments on account of debt service therefor or lease payments as made with respect to a facility owned by a county improvement authority where such lease payments are a necessity to amortize debt of the authority; amounts expended to meet the standards established by the New Jersey Public Employees' Occupational Safety and Health Act; amounts appropriated for expenditures resulting from impact of a hazardous waste facility; any expenditure mandated as a result of a natural disaster, civil disturbance or other emergency that is specifically authorized pursuant to a declaration of an emergency by the President of the United States or by the Governor; expenditures for the cost of services mandated by any order of court, statute or administrative rule issued by a State agency which has identified such cost as mandated expenditures on certification to the Local Finance Board by the State agency; and amounts reserved for uncollected taxes. The "Cap Law" does not limit the obligation of the City to levy ad valorem taxes upon all taxable real property within the City to pay debt service.

On June 21, 2004, the Legislature enacted amendments to the "Cap Law", under which municipalities are required to limit any increase in its operating budget to 2.5% or the "cost-of-living adjustment" (formerly known as the "Index Rate"), whichever is less, over the previous year's final appropriations, subject to certain exceptions. Municipalities are permitted to elect, upon adoption of an ordinance, to approve an increase in appropriations that is greater than the cost-of-living adjustment, not to exceed 3.5%, when the cost-of-living adjustment is less than or equal to 2.5%. However, the amendment eliminates the existing option to exceed the current 5% increase, but not to exceed the Index Rate, when the Index Rate is greater than 5%. The amendment also eliminates certain of the exceptions to the spending limitation, including: amounts expended to meet the standards established by the New Jersey Public Employees' Occupational Safety and Health Act; amounts appropriated for expenditures resulting from the impact of a hazardous waste facility; amounts appropriated for the cost of administering a joint insurance fund; amounts appropriated for the cost of implementing an estimated tax billing system and the issuance of tax bills thereunder; and amounts expended to pay the salaries of police officers hired under the federal "Community Oriented Policing Services" program. The amendment also requires Local Finance Board approval to utilize existing exceptions for: expenditures of amounts actually realized in the local budget year from the sale of municipal assets; and expenditures related to the cost of conducting and implementing a total property tax levy sale. The exception for amounts expended for the staffing and operation of the municipal court was replaced with an exception for newly authorized operating appropriations for the municipal court or violations bureau when approved by the vicinage Presiding Judge of the Municipal Court after consultation with the mayor and governing body of the municipality.

The "Cap Law" is subject to frequent amendment by the Legislature. See "CITY REVENUES - Property Tax Reform" below.

Additionally, legislation constituting P.L. 2010, c. 44, effective July 13, 2010, imposes a two percent (2%) cap on the tax levy of a municipality, county, fire district or solid waste collection district, with certain exceptions

and subject to a number of adjustments. The exclusions from the limit include increases required for capital expenditures, including debt service, increases in pension contributions in excess of 2%, certain increases in health care over 2%, and extraordinary costs incurred by a local unit directly related to a declared emergency. The governing body of a local unit may request approval, through a public question submitted to the legal voters residing in its territory, to increase the amount to be raised by taxation, and voters may approve increases above 2% not otherwise permitted under the law by an affirmative vote in excess of 50%.

The Division has advised that counties and municipalities must comply with both budget "CAP" and the tax levy limitation. Neither the tax levy limitation nor the "CAP" law, however, limits the obligation of the City to levy ad valorem taxes upon all taxable property within the boundaries of the City to pay debt service on bonds and notes.

In accordance with the Local Budget Law, each local unit must adopt and may from time to time amend rules and regulations for capital budgets, which rules and regulations must require a statement of capital undertakings underway or projected for a period not greater than over the next ensuing six years as a general improvement program. The capital budget, when adopted, does not constitute the approval or appropriation of funds, but sets forth a plan of the possible capital expenditures, which the local unit may contemplate over the next six years. Expenditures for capital purposes may be made either by ordinances adopted by the governing body setting forth the items and the method of financing or from the annual operating budget if the terms were detailed.

Anticipation of Real Estate Taxes

With regard to current taxes, Section 40A:4-41 of the Local Budget Law provides that "receipts from the collection of taxes levied or to be levied in the municipality, or in the case of a county for general county purposes and payable in the fiscal year shall be anticipated in an amount which is not in excess of the percentage of taxes levied and payable during the next preceding fiscal year which was received in cash by the last day of the preceding fiscal year."

This provision requires that the City establish a non-spending appropriation reserve for uncollected taxes in the current year as a percentage of the current levy equal to the percent uncollected of the prior year's levy. This additional amount must be added to the tax levy required in order to balance the budget.

Section 40A:4-29 of the Local Budget Law sets limits on the anticipation of delinquent tax collections: "The maximum which may be anticipated is the sum produced by the multiplication of the amount of delinquent taxes unpaid and owing to the local unit on the first day of the current fiscal year by the percentage of collection of delinquent taxes for the year immediately preceding the current fiscal year."

The City school district and the County receive 100% of their tax levies, which are collected and paid to them by the City. As a result of the structure of the State's system of taxation, the City, along with other similarly situated municipalities, bears the full burden of the uncollected taxes.

Anticipation of Miscellaneous Revenues

Section 40A:4-26 of the Local Budget Law provides: "No miscellaneous revenues from any source shall be included as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the Director shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and shall certify such determination, in writing, to the local unit."

Deferral of Current Expenses

Supplemental emergency appropriations may be authorized by the governing body of the City after the adoption of the budget and determination of the tax rate. However, with minor exceptions, such appropriations must be included in full in the following year's budget. Under Sections 40A:4-48 and 40A:4-49 of the Local Budget Law, any emergency appropriation must be declared by resolution according to the definition provided in Section 40A:4-46 of the Local Budget Law, approved by at least two-thirds of the governing body and must also be

approved by the Director if all emergency appropriations made during the year exceeds 3% of the total current and utility operating appropriations in the budget for that year.

Protection of Municipal Funds and Investment Policy

The City complies with the State statutory and regulatory requirements for the deposit and investment of public monies. The City on a daily basis deposits cash receipts in institutions located in New Jersey which are approved by the State and are insured by the Federal Deposit Insurance Corporation or by other agencies of the United States (although the amount of the City's deposit may exceed the insurance coverage limits) or in the State of New Jersey Cash Management Fund. The Cash Management Fund, which was established in 1977, is a short-term investment pool for the State and its cities, towns and school districts. The investments held by the Cash Management Fund must have average maturities not exceeding one year. The types of investments are regulated by the State Investment Council. The regulations allow investment in repurchase agreements with the purchased securities held by a custodian. The regulations also permit reverse repurchase agreements; however, the proceeds are invested in the Cash Management Fund.

In addition to making deposits with the above described financial institutions, pursuant to N.J.S.A.40A:5-15.1, the City is permitted to purchase the following types of securities as investments:

- 1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America (Treasury Bills, notes and bonds).
- 2) U.S. Government money market funds.
- 3) Any obligation that a Federal agency or a Federal instrumentality has issued in accordance with an Act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependable on any index or other external factor.
- 4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located.
- 5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by The Department of Treasury, Division of Investments.
- 6) Local government investment pools, such as New Jersey Class, and the New Jersey Arbitrage Rebate Management Program.
- 7) Deposits with the State of New Jersey Cash Management Fund.
- 8) Repurchase agreements of fully collateralized securities, if:
 - a) The underlying securities are permitted investments pursuant to N.J.S.A. 40A: 5-15.1;
 - b) The custody of the collateral is transferred to a third party;
 - c) The maturity of the agreement is not more than 30 days;
 - d) The underlying securities are purchased through banks approved by the Department of Banking and Insurance under the Government Unit Depository Projection Act. ("GUDPA").
 - e) A master repurchase agreement providing for the custody and security of the collateral is executed.

Compliance with the State statutes may not assure that the City's investments will have the liquidity, security or adequate deposit insurance to protect the City against all losses. For example, the relevant deposit statute, N.J.S.A.17:9-44, only requires public depository banks to maintain collateral for deposits of public funds exceeding insurance limits (\$100,000) generally equal to five percent of the average daily balance of public funds. Additionally, the State has the power to require that all banks holding public funds contribute amounts sufficient to

reimburse an eligible municipality if any bank holding public funds becomes insolvent. However, it is unclear how quickly other state-qualified depositories could act to reimburse an exposed municipality through the State supervised program which may result in limited liquidity and a shortage of cash for the City and other municipalities in the State. Furthermore, it is currently unclear whether the State of New Jersey Cash Management Fund could maintain sufficient liquidity during a period of economic stress if many municipalities including the City sought the immediate return of cash.

CITY INDEBTEDNESS AND DEBT LIMITS

State law regulates the issuance of debt by local government units. No local unit is permitted to issue bonds for the payment of current expenses or to pay outstanding obligations, except for, among certain other limited purposes, refunding purposes with the approval of the Local Finance Board. Like other New Jersey municipalities, the City makes a major portion of expenditures early in each year while receipts are heaviest late in the year. Historically, the City has managed this cash flow imbalance through temporary transfers from its capital and grant accounts and restores these funds with the tax and State aid revenues received by year-end. The City also has options, which it may exercise to reduce, defer or fund appropriations remaining at the end of a fiscal year for which insufficient cash is available. The Local Budget Law empowers the City to issue, but limits the amount of, tax anticipation notes ("TANs") that may be issued and requires the repayment of such notes within four months of the end of the fiscal year in which issued. The City has not issued TANs since April 1, 1991.

Debt Limits

State statutes set forth debt limits for counties and municipalities. The City's net debt is limited by the Local Bond Law to an amount equal to 3.50% of its average equalized valuation basis. The average equalized valuation basis of the City is set by statute as the average for the last three preceding years of the sum total of (a) the aggregate equalized valuation of real property together with improvements and (b) the assessed valuation of Class II railroad property within its boundaries as annually determined by the State Board of Taxation. See "CITY REVENUES -- Equalization Rate and Tax Collection Rates" herein for a discussion of the City's assessed valuations. The debt limit pursuant to Title 18A of the New Jersey Statutes for the City school district, a Type I district of the first class, is 8% of such average valuation basis. Certain categories of debt are permitted by statute to be deducted for purposes of computing the statutory debt limit. Pursuant to law, the City has deducted the amount of authorized school debt.

Exception to Debt Limit - Extensions of Credit

The debt limit of the City may be exceeded only with the approval of the Local Finance Board. If all or any part of a proposed debt authorization would exceed its debt limit, the City must apply to the Local Finance Board for an extension of credit. An extension of credit may be granted based on a formula tied to the annual retirement of principal or need to protect the health, welfare or safety of the residents in a municipality. The Local Finance Board considers the request, concentrating its review on the effect of the proposed authorization on outstanding obligations. If the Local Finance Board determines pursuant to statute and regulation that a proposed debt authorization would materially impair the ability of the City to meet its obligations or to provide essential services, approval is denied.

In calendar years ending December 31, 2014, December 31, 2015 and December 31, 2016, total debt as a percentage of the equalized value of the City was 2.59%, 2.26% and 2.04%, respectively.

State law permits the City school district acting through the Municipal Council to authorize debt in excess of its individual debt limit. It does so by using the borrowing capacity of the City for school purposes after the school debt margin has been exhausted. The Local Finance Board is involved only if the proposed debt authorization exceeds the debt limit of both the City and the City school district.

Exception to Debt Limit - Real Property Tax Appeal Refunding Notes

The City revalued the real property located in the City in 1988. See "CITY REVENUES -- Equalization Rate and Tax Collection Rates". After the revaluation, the number of tax appeals increased substantially. In order

to file a tax appeal, a property owner must first pay the taxes that are owed. If the appeal is successful, the taxes are then refunded to the owner. The refund may occur in a fiscal year subsequent to the fiscal year in which the owner paid the taxes. Because of the magnitude of the tax appeals and the amount that was required to be refunded, the Local Finance Board and the Municipal Council have allowed the City to issue tax refunding obligations to finance the tax refunds. The tax refunding obligations issued to date are one-year notes, renewable annually for five to seven years after their date of issuance, with the amortization schedule approved by the Local Finance Board. As of December 31, 2015, \$2,738,740 principal amount of real property tax appeal refunding notes were outstanding. As of December 31, 2016 principal amount was fully paid and none were outstanding.

Debt Statements

The City must report all new authorizations of debt or changes in previously authorized debt to the Division through the filing of Supplemental and Annual Debt Statements. The Supplemental Debt Statement must be submitted to the Division before final passage of any debt authorization. Before the end of the first month of each fiscal year, the City must file an Annual Debt Statement as of the last day of the preceding fiscal year with the Division. Through the Annual and Supplemental Debt Statements, the Division monitors all local borrowing.

In calculating the debt limit, the City is allowed to deduct certain types of debt. Deductions from gross debt are allowed for school purposes of an amount equal to 8% of average equalized valuations and for any additional State School Building Aid Bonds authorized (P.L. 1968, c. 177, as amended P.L. 1971, c. 10, as amended and P.L. 1978, c. 74). The deduction from municipal gross debt includes bonds issued and bonds authorized but not issued to meet cash grants-in-aid for a housing authority, redevelopment agency or municipality acting as its local redevelopment entity (Section 40A:12A-37(d) of the Local Redevelopment and Housing Law) and funds in hand (including proceeds of bonds held to pay other bonds).

The following table sets forth the amount of debt that the City has outstanding, authorized but not yet issued as well as deductions for each purpose (school, municipal and water) and the amount of debt that the City has authorized for each purpose but has not yet incurred. In addition, the table sets forth the amount of debt that has been issued by public bodies but that the City is or may be responsible for paying. See "Other City-Related Indebtedness". The table then sets forth the amount of the debt that, pursuant to State law, is excluded from the calculation of the debt limitations imposed on the City. Such deductions include debt for school purposes (a portion of which are subject to their own debt limitation), debt for the water utility because it operates on a self-liquidating basis, refunding debt, debt issued in anticipation of grants and bonds issued by public entities (even though the City may be responsible for all or a portion of the debt service on such debt). As shown in the table, although the City's gross debt as of December 31, 2016 was \$749,388,145, only \$455,704,061 of that debt is included for purposes of calculating the debt limitation on the City.

The table also shows the statutory net debt as a percentage of the average equalized value of property in the City (the average calculated for the past three years). See "CITY REVENUES - Real Estate Tax" herein. In addition to the debt detailed on this table, since 1990 the City has issued real property tax appeal refunding notes in each year. Prior to February 3, 2003, such real property tax appeal refunding notes were not included in the City's debt statements. After that date, newly authorized real property tax appeal refunding notes are included in gross debt, but are deducted in calculating net debt. See "Exception to Debt Limit - Real Property Tax Appeal Refunding Notes" herein.

The table below sets forth the total overlapping debt of the City for the last five years. The County of Hudson (the "County") debt overlap was 34.28% in 2016, 33.84% in 2015, 32.42% in 2014, 31.54% in 2013, and 32.35% in 2012. The overlap for all other debt was 100%. The City's percentage of overlap for County debt is determined by the State based on (i) the assessed value of Class II Railroad Property in the City and (ii) the true value of real property in the City. The sum of these two figures is used to calculate a percentage of the sum of the assessed value of Class II Railroad Property in the County, plus the true value of real property in the County. Overlapping debt is debt for which the City is not required to levy taxes.

In addition to the debt service requirements on outstanding bonds, the City also pays debt service on notes. Notes generally mature within one year from their date of issuance. Notes, other than tax appeal refunding notes, may be renewed three times without principal payments and must then be amortized over a ten-year period (unless refunded by bonds). The debt service payable on notes depends on the interest rate established upon the renewal of the notes. For Calendar Year 2013 the amount was \$5,543,710, for Calendar Year 2014 the amount was \$5,634,563, for Calendar Year 2015 the amount was \$5,108,063 and for Calendar Year 2016 the amount was \$6,928,999. For Calendar Year 2017, the City budgeted \$2,619,270 for debt service on the notes.

Other City-Related Obligations

Rockaway Valley Regional Sewerage Authority. In compliance with a court decree, the City entered into an agreement, dated July 30, 1971, with the Rockaway Valley Regional Sewerage Authority ("RVRSA"), whereby the City agreed to share in the operating costs of the RVRSA which provides sewerage treatment services in the vicinity of the City's watershed properties. In 2013, 2014 and 2015, the JCMUA contributed \$2,730,857.

Under the same agreement, the City is also required to pay a share of the capital and operating cost of construction of an advanced treatment sewerage facility, which the RVRSA has designed. Under the current plans,

the cost of construction is estimated to be \$60,000,000, less any federal funds, the amount of which is presently uncertain. Based upon the design capacity, the City will be responsible for 37 1/2% of the excess cost of financing construction over available federal funds. The amount of the City's contribution for the new facility is a portion of the City's share of the operating costs outlined in the immediately preceding paragraph. The RVRSA has permanently financed substantially all of the non-grant share of project costs with the sale of long-term tax-exempt bonds.

Jersey City Incinerator Authority. The City and the JCIA have entered into a Service Agreement pursuant to which the JCIA is responsible for the collection and disposal of all residential and municipal solid waste for the City, mechanical and manual street sweeping, cleaning of City owned lots, roll-off container service, recycling, demolition, and snow plowing, salting and snow removal. The City does not provide other disposal services. The JCIA does not collect service fees from individual property owners.

The City appropriated \$26,300,000 in Calendar Year 2011, \$31,300,000 in Calendar Year 2012, \$33,993,916 in Calendar Year 2013, \$34,600,000 in Calendar Year 2014 and \$37,100,000 in Calendar Year 2015 to the JCIA.

On October 14, 2015, the City adopted an ordinance dissolving the JCIA and assigning its powers to City departments. The JCIA was officially dissolved April 1, 2016. The City has merged all of the responsibilities of the JCIA into the City Department of Public Works without interruption of services. As the JCIA annual budget was approximately 95% funded by City appropriations, the dissolution is not expected to have any material impact on the financial strength of the City.

Jersey City Municipal Utilities Authority. The JCMUA, formerly the Jersey City Sewerage Authority, is responsible for the construction and operation of two pumping stations, at which sewage collected from the City and portions of the City of Union City is pumped to the secondary sewage treatment plant of the Passaic Valley Sewerage Commissioners ("PVSC") at Newark, New Jersey. The JCMUA formerly operated primary sewage treatment plants at the sites of the pumping stations. The Passaic Valley Connection Project, consisting of the pumping stations and connecting sewer lines, was commenced in 1985 and completed in 1989, using certain federal and state grants and funds of the JCMUA, for which the JCMUA issued its bonds. The City of Bayonne and the Town of Kearny each, separately, sought and obtained permission to hook up their own sewage transmission lines to a portion of the JCMUA's lines, and have agreed to share the costs of the common portions used by them.

The indebtedness of the JCMUA as of December 31, 2016 was \$199,455,227. The JCMUA imposes user charges on all sewer users in its service area, at the rate of \$5.64 per 100 cubic feet of water consumption. The JCMUA imposes user charges on all water users in its service area, at the rate of \$4.14 per 100 cubic feet of water consumption. From its user charge revenues, the JCMUA is required to pay its debt service costs and operating costs of the pumping stations and collector system. The JCMUA also pays, from user charges, operating charges of PVSC which are the obligation of the City.

Pursuant to a Sewer Service Contract between the City and the JCMUA, dated as of December 1, 1985 (the "Sewer Service Agreement"), the City is obligated to pay to the JCMUA any amounts by which the JCMUA's sewer operating expenses and amounts required to be paid or set aside under the JCMUA's bond resolution for its sewer bonds exceed the JCMUA's revenues from user charges. The JCMUA is obligated to increase user charges in future years to make up any such deficiency, and to pay back sums advanced by the City under the Service Contract. No payments by the City have been required since the execution of the Sewer Service Contract.

The Municipal Council adopted an ordinance on December 10, 1997 to reorganize the Sewerage Authority as the JCMUA. The JCMUA and the City initially entered into a water services franchise and service agreement on April 1, 1998 (the "Initial Water Franchise Agreement") pursuant to which a) the JCMUA obtained a franchise from the City to operate the City's Water System for a ten year period which was to terminate on March 31, 2008 and b) the City agreed to provide security for the holders of the obligations of the JCMUA related to the Water System.

The JCMUA and the City agreed in the Amended and Restated Water Services Franchise and Service Agreement dated as of May 1, 2003 (the "2003 Amended Water Franchise Agreement") to: a) provide for the acquisition by the JCMUA from the City of an extension of the franchise granted under the Initial Water Franchise

Agreement, in order to operate the Water System through March 31, 2028 (the "2003 Project") and b) provide for the City to continue to provide security to the holders of obligations of the JCMUA which are issued for or with respect to the Water System for the extended franchise period.

In September 2005, the City and the JCMUA entered into the 2005 Amended and Restated Water Services Franchise and Service Agreement (the "2005 Amended Agreement" and together with the Initial Franchise Agreement and the 2003 Amended Water Franchise Agreement, the "Water Franchise Agreement") to reflect a payment schedule for the cost of acquiring the City's water franchise that more accurately reflects the projected availability of revenues to the JCMUA. Pursuant to the Water Franchise Agreement, the JCMUA has agreed to pay the City certain amounts annually from January 1, 2005 to December 31, 2027 for the rights to such franchise, and the City has agreed to convey such franchise rights to the JCMUA and to provide for the payment annually, if necessary, of any deficiencies in Water Revenues of the JCMUA in connection with the Water System. As required by the Water Franchise Agreement, the City, by ordinance adopted on September 14, 2005, consented to the JCMUA's issuance of \$17,000,000 Water Revenue Refunding Bonds on December 13, 2005, which are secured by the provisions of the Water Franchise Agreement and the Sewer Service Contract.

The Water Franchise Agreement is subject to the existing private management operating agreement in effect between the City and United Water Resources executed in 1996.

Under the Water Franchise Agreement, the City will continue to authorize indebtedness for necessary water capital improvements and the JCMUA will continue to be responsible to reimburse the City for debt service on this indebtedness. The City will also continue its obligation to make payments of any necessary annual charges or deficiency payments in the event the JCMUA does not collect sufficient revenues in any year to provide for the expenses of operation of the Water System, to maintain required reserves, and to pay annual water related debt service when due. Since 1998, the City has not been required to make any annual payment to the JCMUA under the Water Franchise Agreement. The JCMUA has taken a number of financial measures to assure that it can meet all of its operations, maintenance and debt service obligations, including required payments to the City pursuant to the Water Franchise Agreement. These measures include (i) the provision of necessary improvements from time to time to the water and sewer system, (ii) the amendment of the Water Franchise Agreement in order to reschedule the annual payments to the City to more accurately match the revenues projected to be generated by the JCMUA during the life of the Water Franchise Agreement, which runs through December 31, 2027, (iii) a rate increase of 15% effective July 1, 2005, (iv) the approval by the JCMUA of annual CPI rate increases, and (v) the restructuring of certain outstanding water and sewer system debt of the Authority based upon the projected revenues once the rate increases are in effect and the financial measures implemented.

Jersey City Medical Center. The Jersey City Medical Center is a voluntary not-for-profit hospital independent of the City. Previously, the Medical Center had been a public hospital.

The City contributed \$12 million for the construction cost of a new hospital facility in the Liberty Harbor North Redevelopment Area to replace the old Medical Center's buildings. The new building started operation on May 15, 2004.

The County of Hudson

The City is located in the County and, in accordance with the regulations governing financial reporting for New Jersey Municipalities, a pro rata share of certain direct debt of the County is treated as "Overlapping Debt" of the City for financial reporting purposes. See "Schedule of Overlapping Debt" herein.

The County issues its bonds and notes for the financing of capital projects of the County, including County roads, buildings, parks and educational facilities. Major facilities of the County that were financed in recent years include a golf course and administration building. In addition, the County guarantees certain of the debt of the Hudson County Improvement Authority.

The gross debt of the County as of December 31, 2016 was \$984,702,577 and its net statutory debt was \$554,555,286.

Municipal Qualified Bond Act

In addition to being secured by the pledge of the City's full faith and credit, certain bonds of the City are entitled to the benefits of the Municipal Qualified Bond Act, Title 40A of the New Jersey Statutes, Section 40A:3-1, et seq., as amended (the "Municipal Qualified Bond Act"). Pursuant to the Municipal Qualified Bond Act, a portion of certain State aid allocated to the City, in amounts sufficient to pay debt service on such bonds, is to be withheld by the State Treasurer and forwarded to the paying agent on or before the principal and interest payment dates for such bonds for deposit into accounts established for the purpose of paying debt service on such bonds.

Pursuant to the provisions of the Municipal Qualified Bond Act, the City shall certify to the State Treasurer the name and address of the paying agent, maturity schedule, interest rate or rates and dates of payment of debt service on any Qualified Bonds within ten days after the issuance thereof. After receipt of such certificate, the State Treasurer is required to withhold with respect to such bonds from the amount of business personal property tax replacement revenues, gross receipts tax revenues (now known as "energy receipts" tax revenues), municipal purposes tax assistance fund distributions and certain other funds appropriated as State aid payable to the City and not dedicated to a specific purpose by the State (the "municipal qualified revenues") an amount which will be sufficient to pay debt service on such bonds as it becomes due. Municipal qualified revenues do not include Aid to Distressed Cities.

The Municipal Qualified Bond Act provides that the municipal qualified revenues so withheld and paid or to be paid to and held by the paying agent are deemed to be held in trust and exempt from being levied upon, taken, sequestered or applied toward paying the debts of the City other than the payment of debt service on any such Qualified Bonds of the City issued for municipal purposes (including fiscal year adjustment or pension obligation purposes) or water utility purposes and entitled to the benefits of the Municipal Qualified Bond Act.

The Municipal Qualified Bond Act does not relieve the City of its obligation to include in its annual budget amounts necessary to pay, in each year, the principal of and interest becoming due on any such Qualified Bonds. However, such budgeted amounts may be applied to the payment of operating expenses of the City for the then current year to the extent that appropriated amounts have been withheld from the municipal qualified revenues payable to the City and have been forwarded to the paying agent. Such budgeted amounts must be used to pay debt service becoming due on any such Qualified Bonds of the City issued for municipal purposes (including fiscal year adjustment or pension obligation purposes) or water utility purposes and entitled to the benefits of the Municipal Qualified Bond Act in any year in which sufficient municipal qualified revenues are not appropriated.

The State has covenanted in the Municipal Qualified Bond Act with the holders of bonds entitled to the benefits of such act, that it will not repeal, revoke, rescind, modify or amend the provisions of such act providing for the withholding of municipal qualified revenues and payment of such revenues to the paying agent for such bonds so as to create any lien or charge on or pledge, assignment, diversion, withholding payment or other use of or deduction from such revenues which is prior in time or superior in right to the payment of debt service on such bonds.

The Municipal Qualified Bond Act does not contain a pledge or guarantee that any amounts payable to the Paying Agent will, in fact, be made or continued. Each such annual amount is subject to appropriation by the State Legislature. Moreover, the State is not required to continue to make appropriations of such amounts, nor is the State limited or prohibited from repealing or amending any law heretofore or hereafter enacted for the payment or apportionment of such amounts or in the manner, time or amount thereof. Further, the amount payable to the Paying Agent does not constitute an additional source of revenues available to the City.

The table below shows the qualified revenues, debt service on bonds subject to the Municipal Qualified Bond Act, and coverage ratios for the last five years. State aid is distributed by the State to the City on a "phased aid" schedule.

The debt service for the calendar year ending December 31, 2012 was \$4,153,674 for such bonds, \$7,996,577 for such notes and \$606,233 for such loans. The City may also be responsible for the payment of debt service on the bonds issued by certain independent authorities. See "CITY INDEBTEDNESS AND DEBT LIMITS -- Other City-Related Obligations" herein.

Certain outstanding issues of General Improvement Bonds, Pension Obligation Bonds, Water Bonds and FYABs of the City are entitled to the benefits of the Municipal Qualified Bond Act and certain School Bonds of the City are entitled to the benefits of the School Qualified Bond Act, Title 18A of the New Jersey Statutes, Section 18A:24-85 *et seq.*

School Qualified Bond Act

In addition to being secured by the pledge of the City's full faith and credit, certain bonds of the City are entitled to the benefits of The School Qualified Bond Act, Title 18A of the New Jersey Statutes, Section 18A:24-85 *et seq.*, as amended (the "School Qualified Bond Act"). Pursuant to the School Qualified Bond Act, a portion of the amount of State school aid payable to the school district, in amounts sufficient to pay debt service on such bonds, is to be withheld by the State Treasurer and forwarded directly to the paying agent on or before the principal and interest payment dates for such bonds. Those funds are further deposited into accounts established for the purpose of paying debt service on such bonds.

Pursuant to the provisions of The School Qualified Bond Act, the City shall certify to the State Treasurer the name and address of the paying agent, maturity schedule, interest rate or rates and dates of payment of debt service on such bonds within ten days after the issuance thereof. After receipt of such certificate, the State Treasurer is required to withhold with respect to such bonds from the amount of State school aid payable to the school district

an amount which will be sufficient to pay debt service on such bonds as it becomes due. For purposes of The School Qualified Bond Act, "State school aid" means funds made available to local school districts pursuant to the Quality Education Act of 1990, N.J.S.A. 18A:7D-4.

The School Qualified Bond Act provides that the State school aid so withheld and paid or to be paid to and held by the paying agent are deemed to be held in trust and exempt from being levied upon, taken, sequestered or applied toward paying the debts of the City other than the payment of debt service on such bonds and other bonds of the City issued for school purposes and entitled to the benefits of the School Qualified Bond Act.

The School Qualified Bond Act does not relieve the City of its obligation to include in its annual budget amounts necessary to pay, in each year, the principal of and interest becoming due on such bonds. However, such budgeted amounts will be forwarded by the City to the school district, to the extent that appropriated amounts have been withheld from the State school aid payable to the school district and have been forwarded to the paying agent. Such budgeted amounts must be used to pay debt service becoming due on such bonds and other bonds of the City issued for school purposes and entitled to the benefits of the School Qualified Bond Act in any year in which sufficient State school aid is not appropriated.

The State has covenanted in The School Qualified Bond Act with the holders of bonds entitled to the benefits of such act, that it will not repeal, revoke, rescind, modify or amend the provisions of such act providing for the withholding of State school aid and payment of such monies to the paying agent for such bonds so as to create any lien or charge on or pledge, assignment, diversion, withholding payment or other use of or deduction from such monies which is prior in time or superior in right to the payment of debt service on such bonds.

The School Qualified Bond Act does not contain a pledge or guarantee that any amounts payable to the Paying Agent will, in fact, be made or continued. Each such annual amount is subject to appropriation by the State Legislature. Moreover, the State is not required to continue to make appropriations of such amounts, nor is the State limited or prohibited from repealing or amending any law heretofore or hereafter enacted for the payment of such amounts or in the manner, time or amount thereof. Further, the amount payable to the paying agent does not constitute an additional source of revenues available to the City.

New Jersey School Bond Reserve Act

All school bonds issued are also entitled to the benefits of the provisions of the New Jersey School Bond Reserve Act, P.L. 1980 (N.J.S.A. 18A:56-17 et seq.) (the "School Bond Reserve Act").

In accordance with the School Bond Reserve Act, there is established within the State Fund for the Support of Free Public Schools (the "Fund") a school bond reserve (the "Reserve"), which is pledged by law to secure payments of principal and interest due on such bonds in the event of the inability of any issuer thereof to make payments. The school bond reserve consists of two accounts, the old school bond reserve account and the new school bond reserve account. The old school bond reserve account is to be funded in an amount equal to 1.5% of the aggregate of such issued and outstanding bonded indebtedness for all counties, municipalities and school districts in the State for school purposes for all such indebtedness issued prior to July 1, 2003. The new school bond reserve

account is to be funded in an amount equal to 1% of the aggregate of such issued and outstanding bonded indebtedness for all such indebtedness issued on or after July 1, 2003.

The Fund was established in 1817. The present State Constitution, adopted in 1947, provides that "the Legislature shall only appropriate Fund moneys for Public School purposes." A Constitutional Amendment ratified in 1958 provides that "the Legislature may also appropriate Fund moneys for the payment of principal or interest on any school related Bonds of counties, municipalities or school districts of the State."

Trustees of the Fund are charged with making an annual determination of the amount of school bonds outstanding and with adjusting the level of the Reserve accordingly, to the extent that moneys are available in the Fund. The State may, but is not required to, appropriate amounts to be deposited in the Fund. The School Bond Reserve Act provides that moneys received from the sale of lands belonging to the State as of 1980 or formerly lying under water are dedicated to the support of public schools and shall constitute a part of the Fund. In the event that proceeds from the sale of State riparian interests are, in the future, made payable by law to purposes other than the Fund, they may not be applied to such purposes so long as there is a deficit in the Reserve.

The State Constitution also provides that the Fund be "securely invested and perpetual in nature." The School Bond Reserve Act requires that the Reserve be made up entirely of obligations of, or guaranteed by, the United States Government, at least one third of which must mature within one year of issuance or purchase. Investments in the Fund may include stocks, bonds and other investments prescribed by the State Investment Council Regulations.

Under the School Bond Reserve Act, the old school bond reserve account and the new school bond reserve account respectively, are pledged as security for the prompt payment of principal of and interest on bonds issued by counties, municipalities or school districts for school purposes prior to July 1, 2003 (in the case of the old school bond reserve account) or on or after July 1, 2003 (in the case of the new school bond reserve account), in the event any issuer thereof is unable to make payment. Any issuer which anticipates that it will be unable to make such payment is instructed to certify its inability to the Commissioner of Education and the Director of the Division of Local Finance at least 10 days prior to the date payment is due. If the Commissioner and the Director approve the certification, they then certify the same to the Fund Trustees. On receipt of the certification or other notice, the Trustees are required, within the limits of the Reserve, to purchase such bonds at the face amount or pay such interest when due. The amount which may be applied to any one issuer's bonds is not limited. The amount of any such payment of interest or purchase price shall be deducted from the appropriation or apportionment of State aid payable to the issuer and shall not obligate the State to make, nor entitle the issuer to receive, any additional appropriation or apportionment. There have not been any required withdrawals from the Reserve since its establishment.

The School Bond Reserve Act does not contain a covenant by the State to refrain from repealing, revoking, rescinding, modifying or amending the provisions of that act.

CITY FINANCIAL INFORMATION

Audit Requirement

State law requires every municipality to have an annual audit of its books and accounts to be completed within six months after the close of its fiscal year. The audit must be conducted by a registered municipal accountant and the audit report must be filed with the municipal clerk and with the Director.

Copies of the Annual Financial Statements are available for inspection during normal business hours at the office of the City Clerk and a copy of the City's Audited Financial Statements for the Calendar Year ended December 31, 2015 is set forth at APPENDIX B.

Accounting Principles and Fund Structure

Accounting Principles.

The City does not prepare its financial statements in accordance with generally accepted accounting principles ("GAAP"). The City prepares its financial statements in accordance with the accounting policies prescribed by the Division, which differ from those prescribed under GAAP. The accounting policies prescribed by the Division are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. See "FINANCIAL STATEMENTS OF THE CITY OF JERSEY CITY" in APPENDIX B for a more complete discussion of the City's accounting policies.

Fund Structure.

Under the method of accounting prescribed by the Division, the City accounts for its financial transactions through separate funds which differ from the fund structure required by GAAP. See "FINANCIAL STATEMENTS OF THE CITY OF JERSEY CITY" in APPENDIX B herein for a detailed description of the fund structure utilized by the City.

Basic Financial Statements.

The City presents the financial statements which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements to be referenced to the supplementary schedules. This practice differs from GAAP.

Reporting Entity.

The Division requires the financial statements of component units of the City to be reported separately unlike GAAP pursuant to which there are criteria to be used to determine which component units should be included in the financial statements of the oversight entity. Inasmuch as their activities are administered by separate boards, the financial statements of the Jersey City Board of Education, Jersey City Public Library, Jersey City Incinerator Authority, Jersey City Municipal Utilities Authority, Jersey City Parking Authority, Jersey City Municipal Port Authority and Jersey City Redevelopment Agency are reported separately.

Uniform Chart of Accounts

In an attempt to instill uniformity in financial reporting among the numerous municipal and county entities in New Jersey, the Division of Local Government Services has required the implementation of a Flexible Chart of Accounts ("FCOA") and Other Comprehensive Basis of Accounting — Comprehensive Annual Financial Report ("OCBOA-CAFR") by all New Jersey local and governmental entities. Procedures as to implementation dates are still pending by the State.

An important goal of the FCOA is to enable a comparison of local unit expenditures and revenues. Because municipalities and counties have different approaches to budgeting, common budget activity categories have been developed to facilitate comparison. These categories are necessary to prepare the Comprehensive Annual Financial Report and comply with budget regulations.

In order for each municipality and county to maintain the same minimum number of financial records and classify financial transactions in similar account classification structure, a uniform, flexible chart of accounts is already in place. This standardized chart of accounts, ("FCOA"), facilitates the electronic filing of budgets and other financial documents. The City converted its existing account numbers to that of FCOA and OCBOA-CAFR.

Current Fund – Revenues and Expenditures

The Current Fund is used to account for the revenues and expenditures for governmental operations of a general nature, including debt service on general improvement and school bonds, and tax appeal refunding notes. The fund balance in the Current Fund at the end of each fiscal year is comprised of cash, investments and certain receivables. Under State law, only the amount of Current Fund balance held in cash or quick assets may be included as anticipated surplus in the succeeding fiscal year's budget, unless the Director gives written consent to an exception.

The information presented in the following tables has been derived from the City's Audited Financial Statements for fiscal years ending December 31, 2012, December 31, 2013, December 31, 2014, December 31, 2015 and Unaudited Annual Financial Statement ending December 31, 2016. The fund balance does not reflect a cash surplus and the balance consists primarily of receivables. The amount of the fund balance that may be used in the succeeding year's budget consists of receivables which have a high probability of being realized in the succeeding fiscal year and which are permitted by the Director to be included in the succeeding year's budget. The fund balances as of 2011 through 2015, and the amounts included in the budget for each succeeding year are shown below:

Fiscal Year Ending	Current Fund Fund Balance	Used in Succeeding Year Budget
December 31, 2016	\$78,604,581	\$39,954,250

CITY REVENUES

Overview

The City derives its revenues from a variety of local taxes, user charges and miscellaneous revenues, as well as from Federal and State unrestricted and categorical grants. Local revenues provided approximately 8% of total revenues in Calendar Year 2016 while Federal and State aid, including unrestricted aid and categorical grants, provided 11.6%. A discussion of the City's principal revenue sources follows.

Cash Flow Management

While State law requires the City to adopt and operate under a balanced budget and the City has not had a cash deficit at the end of any of the last ten fiscal years, the City's historic experience in the timing of the receipt of its various revenues has shown significant variance. The management of matching receipts and expenditures for operating purposes has required the use of significant amounts of temporary interfund transfers between operating and capital accounts. The City has undertaken an initiative to analyze and report cash flows (receipts and expenditures) on a monthly cycle to enable better matching of receipts with expenditures during each fiscal year. However, as long as the receipt of substantial appropriated revenues is dependent upon State, Federal and special program sources, there is no certainty that additional temporary interfund transfers or other short-term funding mechanisms will not be required should temporary cash flow imbalances persist.

Real Estate Tax

The real estate tax, the single largest source of the City's local revenues, is the primary source of funds for the City's Current Fund. The City derived approximately 39.86% of its total revenues for Calendar Year 2016 from the City's portion of the real estate tax.

The amount of real property taxes payable by a property owner is based on the assessed value of the property taxed and the combined tax rate for the City, the County and the School District. The assessed value of property is determined by the City's Tax Assessor. Although property may be reassessed at any time, the Tax Assessor generally reassesses property upon a revaluation and upon a resale. The last revaluation took place in 1988. The City's tax rate is determined by the City after adopting the final budget. The City's tax rate is determined based on the amount of budgeted expenditures, the amount of other available revenues and the aggregate assessed value of all taxable property in the City. The tax rates allocable to the County and School District are determined based on their respective budgets. The City must submit its tax rate to the County which certifies the aggregate rate to be levied.

Tax Collection Procedure. Taxes are payable quarterly on February 1, May 1, August 1 and November 1. Tax bills are sent out twice during the year, generally in June and December. The bill for taxes payable in February and May is based on the assessed value of the property as of January of the preceding year. The bill for taxes payable in August and November reflects adjustments made so that the taxes paid for the calendar year reflect the assessed value of the property as of January of the current year.

The City is required to send out tax bills at least 45 days before the taxes are due; however, if the budget has not been adopted by that time, the City may delay sending out the bills to a date at least 25 days before the taxes are payable. If the budget has not been adopted by that time, the bill is based on an estimated rate and the second bill will be adjusted to compensate for any difference between the actual rate and the estimated rate. Taxpayers are allowed a 10-day grace period for paying their taxes. Interest is charged on any late payments of taxes from the date the taxes were due until they are paid at a rate of 8% per annum for the first \$1,500 of delinquent taxes and 18% on any delinquent amount in excess of \$1,500. All unpaid taxes for the previous year are annually placed in a tax sale prior to putting a lien on the property, in accordance with the New Jersey Statutes. If the tax lien is sold, depending upon the amount of the lien sold, there is an additional penalty of 2%, 4% or 6%. *In rem* tax foreclosure proceedings may be instituted to enforce the tax collection or acquisition of title to the property by the City.

The City collects taxes for itself and for the County and the School District. The City pays to the County and the School District 100% of the amount of taxes billed by those entities, regardless of the number of taxpayers that are delinquent. The City pays the County its share of real property taxes quarterly (on February 15, May 15, July 15 and November 15) and pays the School District its share monthly.

Equalization Rate and Tax Collection Rates

The State determines, based on market data, the relationship between the assessed value of property and the "true value" or market value of the property. The State then calculates the equalization rate, which is the assessed value divided by the true value, expressed as a percentage. The assessed value divided by the equalization rate provides the equalized value, which is the value used to calculate the City's debt limit. See "CITY INDEBTEDNESS AND DEBT LIMITS - Debt Limits" herein. The following table sets forth the assessed valuation, equalization rate and equalized value of property in the City of the last 7 calendar years.

Taxpayers are required to pay taxes based on the assessed value of their property and then are permitted to appeal. If the taxpayers are successful on appeal, they will receive a refund. Appeals by property owners required the City to make refunds of tax payments in the amounts of approximately \$4.3 million in 2012, \$7.4 million in 2013, \$5.4 million in 2014 and \$5.2 million in 2015. The City is authorized to issue bonds to reimburse itself for payments made pursuant to successful tax appeals. The City has not authorized the issuance of bonds to fund tax appeals since 2012. See "CITY INDEBTEDNESS AND DEBT LIMITS – Exception to Debt Limit - Real Property Tax Appeal Refunding Notes" herein.

On September 14, 2016, the City adopted a special emergency appropriation of \$5 million for the preparation and execution of a complete program of revaluation of real property for the use of the local assessor.

The following table sets forth the amount of taxes levied in each year and the amount and percentage of such levy collected or canceled. In addition, the table sets forth the amount and percentage of delinquent taxes from all prior years collected in a particular year, the amount transferred to tax lien, the tax lien balance, and the value of foreclosed property acquired by the City. The tax collection rate in the Calendar Year ending December 31, 2016 was 98.70%.

Properties in Tax Abatement

Under the provisions of State law, the City may abate the taxes payable on newly constructed commercial and residential properties. The owners of such properties generally pay taxes on the value of the land on which the property is located but, pursuant to agreements with the City, pay payments-in-lieu-of-taxes ("PILOTS") on the value of the improvements on the property instead of taxes. Such abatements are used as an incentive to encourage development in areas within the City. State law provides different abatement programs for commercial and residential development. The law allows a 15-year abatement period during which the taxes on the improvements on property could be abated and PILOTS charged instead. The PILOTS for commercial properties were based on the construction cost of the property (initially 2% of the costs) or on the revenues received from leasing of the property. The law also allows for a 5-year short-term abatement period in which PILOTS are based on a percentage of what the tax bill otherwise would have been. Residential property is eligible for a 30-year abatement period and the PILOTS for residential property are based either on the sale price of the property (if condominiums are involved) or the rent roll (for a rental property). In April 1992, the law was amended to allow an abatement period of up to 30 years for commercial property, also during which PILOT

payments are the higher of an amount based on construction costs and a percentage of the taxes that would have been payable. However, the City has made it a policy to only grant 30 year abatements for affordable housing projects.

In addition to the difference between the amount of a PILOT and the amount of taxes, PILOTs differ from taxes in two other ways. First, PILOTs are paid to the City and no portion of the PILOT is payable to the County or the School District. Second, there is no incentive for a property owner to appeal the assessed value of the property while it is subject to abatement. Therefore, it is not clear whether the assessed value determined during the abatement period will be appealed when the property is no longer subject to abatement. When the abatement period ends, the property becomes subject to taxation on both the land and improvements. See "CITY ECONOMIC AND DEMOGRAPHIC INFORMATION" and "ECONOMIC DEVELOPMENT" herein.

The City's authority to enforce payments in lieu of taxes and the remedies available to it for delinquent payments are the same as those for real property taxes, including sale of liens and foreclosures. In addition, the City may revoke the taxpayers' ability to make payments in lieu of taxes. Further, the City has engaged the services of several independent accounting firms to review the records of properties in abatement to ensure the accurate reporting of development costs upon which payments in lieu of taxes are calculated.

The City currently reviews the status of real property with outstanding delinquent taxes to institute a more rapid disposition of property through foreclosure and sale. The City usually sells tax liens annually at auction and retains unsold liens. In 2014 and 2015 the City sold an aggregate of \$14,805,574 and \$23,996,324 of tax title lien certificates, respectively.

Property Tax Reform

In recent years, the New Jersey Legislature has considered various proposals to lessen the dependence of local governments on property taxes and to find alternative means to fund vital governmental services.

On July 13, 2010, the Governor approved legislation which, in addition to the "Cap Law" described under "THE CITY OF JERSEY CITY - Limitation on Expenditures" above, amends the property tax levy cap that was initially enacted in 2007. This law puts a limitation of 2% on the property tax levy set in the annual budget. The law allows for exclusions for capital expenditures, debt service, increases in pension contributions and accrued liability for pension contributions in excess of 2%, and increases in health care costs in excess of 2%. This limitation may be exceeded by approval of an affirmative vote in excess of 50% of the people voting at a special referendum held for such purpose.

The tax levy limitation does not limit the obligation of the City to levy ad valorem taxes upon all taxable real property within the City to pay debt service on the Notes.

Any legislation or constitutional amendments which alter the existing system of real property taxation in New Jersey may adversely affect the security and/or market value of bonds, notes and other obligations of counties and municipalities (such as the City).

State Aid Programs

The State of New Jersey provides financial support to local governments and school systems through various programs aimed at reducing reliance on the local property tax base. As described below, the City received or receives (i) urban enterprise aid, (ii) aid on distributed tax and (iii) aid on State reimbursement for certain categories of taxpayers. The State maintains a variety of smaller programs of grants-in-aid to municipalities in such fields as housing,

neighborhood preservation, health, and social services, and has assumed funding of other programs previously financed by the City, thereby relieving the City from funding such costly programs. The City is allowed a credit for certain administrative charges under Federal programs.

Urban Enterprise Zone Funds. Under the State's Urban Enterprise Zone program which is administered by the State Department of Commerce and Economic Development, Division of New Jersey Urban Enterprise Zones, three percent (3%) of the sales tax levied by the State on certain specified goods and services paid by certified businesses operating within specially-created urban enterprise zones is paid into a segregated account within the State's Zone Assistance Fund for the benefit of the municipality in which the zone is located. To encourage businesses to locate in urban enterprise zones, the State exempts certified urban enterprise zone businesses from State sales taxes on equipment and supplies utilized in daily operations, as well as building materials. Monies held for the account of a municipality within the Zone Assistance Fund may be used to pay for capital projects or municipal services, following the filing of an application by the municipality and approval of the application by the members of the State Urban Enterprise Zone Authority.

One-third of the City's total acreage qualifies as a State-approved "urban enterprise zone". The City's urban enterprise zone incorporates the major retail corridors located within the City, as well as its primary commercial and industrial areas. In the past, the City utilized the funds it has received under the State Urban Enterprise Zone Program for capital improvements, economic development, redevelopment, special improvement districts and business improvement districts. However, the City has not received any funds since 2009 due to State budgetary constraints.

Distributed Taxes. The State collects various taxes for distribution to local governments. Of these, Energy Receipt Tax (formerly known as Public Utilities Franchise and Gross Receipts Taxes) and Consolidated Municipal Property Tax Relief Aid are the two largest programs of State Aid in New Jersey and the major sources of state aid to the City. The energy receipt tax represents taxes received by the State on properties and right-of-ways owned by public utilities. These funds are disbursed to municipalities based on a formula reflecting such property located within each municipality. The consolidated municipal property tax relief aid, created in fiscal year 1996, consolidated 14 separate state programs (i.e., urban aid, business personal property tax replacement aid and municipal revitalization aid) into a single aid program. Building Aid Allowance for School represents state aid to support the public educational programs in the City including aid on facilities construction and improvements.

The chart below provides the amount of State aid received by the City in the last five fiscal years. Certain State aid is required to be withheld by the State Treasurer and paid to the paying agents for certain bonds of the City in an amount sufficient to pay debt service on such bonds. See "CITY INDEBTEDNESS AND DEBT LIMITS — Municipal Qualified Bond Act" and "— School Qualified Bond Act" herein.

⁽¹⁾ Supplemental School Tax Relief allows state-operated schools to reduce the tax levy for school purposes.

Tax Exemption Reimbursement. The State reimburses municipalities for the full cost of mandated property tax deductions and exemptions for certain categories of taxpayers. The State reimbursed the City for

seniors/veterans/disabled citizens for the calendar years ending December 31, 2012, December 31, 2013, December 31, 2014, December 31, 2015 and December 31, 2016, \$708,973, \$653,544, \$408,960, \$516,989 and \$401,802, respectively.

Summary of State/Federal Aid to School Districts

In 1973, the Supreme Court of the State ruled in Robinson v. Cahill that the existing method of financing, school costs principally through property taxation was unconstitutional. Pursuant to the Supreme Court's ruling, the State Legislature enacted the Public School Education Act of 1975 (P.L. 1975, Ch. 212) which required funding of the State's School Aid through the New Jersey Gross Income Tax Act (P.L. 1975, Ch. 47) enacted for the purpose of providing property tax relief.

On June 5, 1990, the Supreme Court ruled in Abbott v. Burke, that the school aid formula enacted under the Public School Education Act was unconstitutional as applied. The Court found that poorer urban districts were significantly disadvantaged under that school funding formula because school revenues were derived primarily from property taxes. The Court found that wealthy districts were able to spend more, yet tax less for educational purposes.

The Quality Education Act of 1990

The Legislative response to Abbott v. Burke was the passage of the QEA (P.L. 1990, C. 52), which was signed into law on July 3, 1990. This law established a new formula for the distribution of State aid for public education commencing with the 1991-92 fiscal year. The law provided a formula that took into account property value and personal income to determine a district's capacity to raise money for public education. A budgetary limitation or "CAP" on expenditures was also provided in the law. The "CAP" was intended to control the growth in local property taxes. The QEA was amended and revised by Chapter 62 of the Pamphlet Laws of 1991 of New Jersey, effective March 14, 1991 and further amended by Chapter 7 of the Pamphlet Laws of 1993 effective December 14, 1993.

On July 12, 1994, the Supreme Court of New Jersey declared the school aid formula under the QEA, as amended, unconstitutional on several grounds as it is applied to the 30 special needs districts designated by the State in ongoing litigation commonly known as Abbott v. Burke II. The City's school district is a special needs district. No specific remediation was ordered, but the Supreme Court ultimately held that the Legislature and the Governor were required to have a new funding formula in effect by December 31, 1996, so that the new formula would be implemented in the 1997-98 fiscal year.

Comprehensive Educational Improvement and Financing Act of 1996

In keeping with the Supreme Court's deadline, Governor Christine Todd Whitman signed into law on December 20, 1996, the *Comprehensive Educational Improvement and Financing Act of 1996* ("CEIFA"). CEIFA affects how public schools are funded by the State, beginning in the 1997-98 fiscal year.

CEIFA departs from other funding formulas adopted in New Jersey by defining what constitutes a "thorough and efficient" education, which is what the New Jersey Constitution requires every public school student to receive. CEIFA further establishes the costs to provide each student with an education that is "thorough and efficient."

In defining what constitutes a "thorough" education, the New Jersey State Board of Education adopted a set of Core Curriculum Content Standards. The purpose of these standards is to provide all students with the knowledge and skills that will enable them to be productive citizens when they graduate from any New Jersey high school, regardless of the school's location or socioeconomic condition. CEIFA provides State aid assistance in the form of Core Curriculum Standards Aid based on a school district's financial ability to raise sufficient tax revenue for its students to achieve the Core Curriculum Content Standards.

The definition of an "efficient" education under CEIFA determines the cost to provide each student with an education that fulfills the requirements for the Core Curriculum Content Standards. The efficiency standard defines such things as optimal class size, administrators/teachers per student, schools per district, and the types and amount of classroom supplies, services, and materials. CEIFA establishes an approximate amount per student to educate each student at various grade levels in the Core Curriculum Content Standards. This amount will be adjusted biennially for inflation by the consumer price index.

In determining how much Core Curriculum Standards Aid a school district will receive, CEIFA considers each school district's financial ability to fund such a level of education. This component of CEIFA is referred to as the local share requirement, namely, the amount of taxes that a school district can raise relative to other school districts based on property wealth and income levels. The purpose of the Core Curriculum Standards Aid is to provide school districts with adequate State assistance that is proportionate to their ability to pay. The purpose of this type of aid is to ensure that all school districts have the economic ability to provide their students with the ability to achieve the Core Curriculum Content Standards. In addition to the Core Curriculum Standards Aid, CEIFA also provides per pupil assistance from the State for special education, early childhood programs, demonstrably effective programs, instructional supplement, bilingual education, county vocational schools, and distance learning network. For Fiscal Year 2015-2016, the school district received Equalization Aid (formerly known as Core Curriculum Standards Aid) in the amount of \$270,661,365.

Another form of aid that is provided by CEIFA is school facilities aid. During the 1997-1998 fiscal period, this type of aid was provided to those school districts that qualified for aid under the QEA. The amount of school facilities aid that the State provided during the 1997-98 fiscal year was determined by the amount budgeted in the approved State budget.

Beginning in the 1998-99 fiscal year, State aid for school facilities was supposed to consist of a ratio that divides (i) the amount of debt service or the amount of facilities rent for lease terms that exceed five years required to be budgeted for a fiscal period into (ii) the costs that are approved by the New Jersey Department of Education for a proposed building or renovation project. The approved facility costs under CEIFA have not yet been determined. CEIFA required the governor to submit to the legislature 60 days prior to the 1998 budget address, criteria for determining approved facilities costs, State support levels, and maintenance incentives applicable to the 1998-99 fiscal period. The Legislature enacted and the Governor signed into law the Educational Facilities Construction and Financing Act ("EFCFA"), constituting Chapter 72 of the Pamphlet Laws of 2000, effective July 18, 2000. That law provides full funding for qualified costs of facilities required for Abbott Districts and funding for qualified costs of facilities for all other districts in an amount equal to the ratio between their core curriculum facilities aid and their T&E budget times 115% or 40% of the qualified costs, whichever is greater. In lieu of debt service aid, school districts may receive grants for the State share of the project and authorize bonds only for the local share of the project. School districts may receive debt service aid under that formula for certain projects begun prior to the effective date of the law. On December 28, 2000, a Complaint was filed in the Superior Court of New Jersey challenging the authority of the Economic Development Authority under the State Constitution's Debt Limitation clause to issue bonds secured by a contract with the State Treasurer, the funding of which is subject to annual appropriation, and requesting that the Court grant an injunction restraining the State and the New Jersey Economic Development Authority from issuing bonds to fund the State's financial obligation under the Educational Facilities Construction and Financing Act. On January 24, 2001, the Superior Court of New Jersey granted the State's motion to dismiss the case as a matter of law. The Plaintiff filed a notice of appeal on February 5, 2001.

CEIFA also limits the amount school districts can increase their annual current expenses and capital outlay budgets. Generally, these budgets can increase by either 3% or the consumer price index, whichever is greater. Budgets can also increase because of certain adjustments for enrollment increases, certain capital outlay expenditures, pupil transportation costs, and special education costs that exceed \$40,000 per pupil. Waivers are available from the Commissioner based on increasing enrollments and other fairly narrow grounds or by approval of the voters at the annual school election.

Under CEIFA, rent payments made pursuant to a facilities lease purchase agreement for a term that exceeds five years are treated as debt service. Such rent payments are not included in the spending limits and receive aid at the same level as debt service. Rent payments under a facilities lease with a term of five years or less are budgeted in the general fund and are subject to a school district's spending growth limitation amounts under CEIFA.

On May 14, 1997, the New Jersey Supreme Court held that CEIFA is unconstitutional as applied to the 28 special needs districts because (1) its funding provisions fail to assure that students in such districts will receive a thorough and efficient education and (2) supplemental programs to increase student performance in such districts have neither been adequately identified nor funded. The Court recognized the Core Curriculum Standards as a valid means of identifying what is a "thorough and efficient" education under the State Constitution, but found that the State did not adequately determine or provide the adequate funding level to allow those standards to be met in the special needs

districts. CEIFA was not held unconstitutional as applied to the non-special needs districts. The School District is not a special needs district.

The Court ordered the State (1) to increase State aid to the special needs districts for the 1997-98 school year to a level such that the per-pupil expenditure in such districts is equivalent to the average per-pupil expenditure in wealthy suburban districts, (2) through the Commissioner, to manage the additional spending to assure that it will be used to allow the students to meet the educational content standards and (3) under the supervision of the Superior Court, Chancery Division, to determine a plan to provide supplemental educational and facilities programs in the special needs districts.

Provisions for the additional amounts of money were appropriated in the 1997-98 State budget. The Court has ruled that the Commissioner and the State Department of Education will be responsible for maintaining the educational system in accordance with the orders of the Court.

In response to the Court's order and in an attempt to remedy inadequacies that exist in the safety, the quality and the utility of state-wide school facilities, the New Jersey Legislature enacted the EFCFA. See "Summary of Educational Facilities Construction and Financing Act" herein. The EFCFA provides certain levels of funding for facilities' improvements for both special needs and non-special needs districts. Under EFCFA, special needs districts will receive State funding of 100% of the eligible costs of a school facilities project. The State will provide non-special needs districts with facilities aid of at least 40% of the eligible costs of a school facilities project. A non-special needs district must elect to receive its level of facilities aid in either the form of a grant or ongoing annual debt service aid.

On June 27, 2001, the Superior Court of New Jersey, Appellate Division, affirmed the trial court's decision that no public referendum is required for the State's bonds under the EFCFA. By a 2-to-1 majority, the Appellate Division held that the Debt Limitation Clause of the State Constitution is not violated by the EFCFA. On appeal, the New Jersey Supreme Court held that the EFCFA and its provisions authorizing the EDA's issuance of bonds do not violate the Debt Limitation Clause of the State Constitution.

On June 24, 2004, the Legislature enacted amendments to CEIFA, which amendments impose strict limits on annual increases in their operating budgets. Commencing with the 2005-06 school year, boards of education will be required to submit proposed budgets in which the advertised per pupil administrative costs do not exceed the lower of (i) the prior year per pupil administrative costs for the district's region inflated by the greater of 2.5% or the "cost of living" (defined as the average annual increase in the consumer price index for the New York City and Philadelphia areas) and (ii) the district's per pupil administrative costs, increased (by up to the greater of 2.5% or the cost of living) by such additional costs as may be approved by the Commissioner of Education due to increases in enrollment, administrative positions necessary as a result of mandated programs, administrative vacancies, nondiscretionary fixed costs, and such other items as may be permitted by regulation (provided, that for the 2005-06 school year the amount in clause (ii) shall instead be the per pupil administrative cost limits for the district's region as determined by the Commissioner of Education). Various existing limitations on budget increases were amended from the greater of 3% or the consumer price index to the greater of the cost of living or 2.5%. Under this amendment, proposals to exceed these limits cannot (i) include any new programs and services necessary for students to achieve the thoroughness standards established pursuant to CEIFA, (ii) include any programs or services that were included in the prior year's budget unless approved by the Commissioner, and (iii) be submitted to the voters or the board of school estimate if the county superintendent of schools determines that the district has not implemented all potential efficiencies in the administrative operations of the district. This bill also reduces the amount of surplus that may be maintained by a school district from 6% to 2% (2% for the 2005-06 school year) of the general fund balance.

Summary of Federal Aid to School Districts

Federal funds are available for certain programs approved by the federal government with allocation decided by the State, which assigns a proportion to each local school district. The Elementary and Secondary Education Act, as amended by the Improving America's Act of 1994 is a federal assistance program for which a school district qualifies to receive aid. A remedial enrichment program for children of low income families is available under Title I Aid. Federal aid is generally received in the form of block grants.

Welfare

The State pays the entire nonfederal share of Medicaid. As of July 1, 1991, the State also assumed one hundred percent of the costs of the nonfederal share of federal welfare programs managed by County governments and one hundred percent of the costs of General Assistance, the program of financial aid to needy people who are not otherwise provided for under New Jersey Laws that is managed by municipalities. Thus, New Jersey municipalities have no financial obligation for these programs.

As of January 1, 1999, the City consolidated the General Assistance Program into the County's Welfare Program, as permitted by State Law, and has retained its case records per State mandate.

Transit

The subsidization of public mass transit is the responsibility of the State. Municipalities are not required to make financial contributions.

Higher Education

The State subsidizes the system of State colleges and universities, with no municipal financial obligation. County colleges are supported by county governments with State assistance. Municipalities have no financial responsibility for the county college system.

Medical Care Services

The Jersey City Medical Center, which is an established New Jersey not-for-profit medical and health care corporation, provides certain hospital and medical care services for persons residing in the City and in the adjacent communities. For many years, the City provided direct and indirect financial assistance to the Jersey City Medical Center. The several agreements and programs have generally been consolidated. The City assisted the Jersey City Medical Center in the development and construction of a new hospital and medical care facility located at Grand and Jersey Avenues in the City. The City made a capital contribution of \$12,000,000 for the acquisition of the real property for the new hospital and for certain preliminary development expenses. This contribution was funded through the issuance of serial bonds. The new medical center has an obligation to provide hospital and certain medical care services for all persons residing in the City regardless of their ability to pay. The operating and debt service expenses for the new facility are being met through Federal and State health care payments and third-party reimbursements.

CITY EXPENDITURES

The City has historically spent the largest percentage of its operating budget on public safety and statutory expenditures. For Calendar Year 2016, appropriations for public safety personnel equaled 31.65% of the budget and statutory expenditures were 10% of the budget as adopted. The remaining 58.35% of the municipal budget was appropriated for the legal, financial and administrative management of the City, and the provision of public works, human resources, recreation and housing and development services and programs.

CAPITAL IMPROVEMENT PROGRAM

The City maintains and continuously reviews a six-year program for capital improvements. Priority within the program is given to the maintenance of the existing infrastructure, to completion of projects under construction and to projects deemed necessary to the economic strength of the City. For the calendar years 2016 to 2021, inclusive, the City expects to appropriate approximately \$25 to \$35 million annually for capital projects for the City. The City anticipates the funding of these projects to be provided through the future sale of notes or bonds and grant programs.

Major projects of the general capital program of the City for the calendar years 2016 to 2021, inclusive, are: acquisition of new fire apparatus and public works equipment and machinery; continued development of recreation facilities building reconstruction; acquisition and installation of new computer systems; street resurfacing and widening; construction of a new police precinct building; cleaning and re-lining the City's 150-year-old aqueduct system; improvements to public libraries; bridge improvements; and sewer reconstruction. The City estimates that its funding

needs to meet general capital improvement program objectives (excluding water utility payments) for the six-year period will be \$205 million. The City is also making major infrastructure improvements, including the construction of new water and sewer lines and roads in connection with major development projects in the City. See "CITY ECONOMIC AND DEMOGRAPHIC INFORMATION" and "ECONOMIC DEVELOPMENT" herein. Many of these projects will be financed primarily through direct developer contributions or local improvement assessments.

THE WATER SYSTEM

Background

Prior to the reorganization of the Municipal Utilities Authority, the City operated the Water System as a self-liquidating utility within the City's budget. The City determined that it was in the best interest of the users of the Water System to reorganize the Jersey City Sewerage Authority as the Jersey City Municipal Utilities Authority to operate both the Sewerage System and the Water System, creating economies for both systems. On January 15, 1998, the Municipal Utilities Authority assumed the operation, maintenance and management of the Water System, subject to the short-term private operating agreement then in existence between the City and United Water. The agreement with the MUA was subsequently amended and extended to run through December 31, 2027 in order to better plan for long term improvements and operations. The City will continue to be responsible for the financing of all extensions and improvements to the Water System, but the Authority has assumed the responsibility for the payment of debt service on any future bonds issued by the City for such purposes as well as the responsibility for payment of debt service on the outstanding bonds of the City issued to finance the Water System. Debt service on the First Lien City Water Obligations has previously been paid from revenues collected by the City in connection with the use of the Water System.

General Description

The Water System consists of five major components, impoundment, water treatment facilities, water transmission facilities, water distribution facilities and land. Much of the Water System is located outside City limits. All of the water for the City is supplied by the Boonton Reservoir which is located in the Town of Boonton and the Township of Parsippany-Troy Hills, Morris County, New Jersey. The Splitrock Reservoir, located in the Township of Rockaway, Morris County, New Jersey is an emergency source of water. A water treatment plant, located next to the Boonton Reservoir was completed in 1978. The water treatment plant capacity is 80 million gallons per day ("MGD"). Its current peak usage is 60 MGD while its average usage is 45 MGD and its safe yield is 56.8 MGD. Water is conveyed from the Boonton Reservoir by an extensive gravity piping and tunnel system, approximately 23 miles in length, to the City's Reservoir Tank at the end of Troy Street in the City. The distribution system consists basically of the Troy Street Pump Station and adjacent Reservoir Tank and the piping network that supplies water throughout the City. Each residence or apartment unit and business concern in the City must be connected to the Water System. The City owns over 2,500 acres of land related to the Water System.

United Water is responsible for the full operation of the Water System under a contract with the MUA expiring March 31, 2018, and currently bills all of the users of the Water System. The City has estimated that economic benefits will be derived from the privatization of the operation of the Water System over the term of the contract with United Water (which ends in 2018) due to the sale of excess water to United Water, anticipated savings in costs of operations, anticipated increases in revenues from the Water System due to repairs of leaking pipes, and improvements in billing and collection. Upon expiration of the current contract with United Water, it is expected that the Authority will use its resources and personnel to operate the Water System or enter into a similar short-term private operating agreement. The Authority does not expect that, after the expiration of the operating contract with United Water, the cost to the Authority of either operating the Water System or entering into a similar short-term operating agreement will be significantly greater than the annual service fee currently paid by the MUA to United Water.

Water Rate Covenant

Under the terms of the Water System Service Contract, the Authority has covenanted to make, impose, charge and collect Water Service Charges in each fiscal year in accordance with the provisions of the Act so that Water Revenues for each fiscal year will be at least sufficient to pay (a) Water Operating Expenses in such fiscal year, (b) all interest on and principal of all Water Bonds and the City Water Bonds (as defined in the Water System Service Contract) as the same shall become due and payable without recourse to or withdrawal from the Water Bond Reserve Fund, (c)

payments to the City required under the Water System Service Contract, and (d) all other amounts that are required to be paid pursuant to the Water System Service Contract. Water Revenues include any excess sewer revenues anticipated to be available for deposit in the Water Revenue Fund established by the Water System Service Contract.

PENSION FINANCING

Substantially all City employees who are eligible for pension coverage are enrolled in either a State or City administered retirement plan.

State Plans

The three State-administered plans are the Public Employees' Retirement System, the Consolidated Police and Firemen's Pension Fund and the Police and Firemen's Retirement System. The Public Employees' Retirement System includes all non-uniformed City employees who are not eligible for enrollment in the City's Municipal Employees' Pension Fund. The Consolidated Police and Firemen's Pension Fund includes uniformed employees who were employees before 1944, while the Police and Firemen's Retirement System enrolls all uniformed employees who began employment after 1944.

The Division of Pensions in the State Department of Treasury administers the plans and charges municipalities annually for their respective contributions. The charges are based on actuarial valuations. The City pays such charges on a monthly basis.

City Plans

All permanent City employees who are age 39 or younger when commencing employment with the City are required to enroll in the Employees' Retirement System of the City as of date of hire. All temporary employees who are age 39 or younger when commencing employment with the City are required to work one year before they are enrolled in the Employees' Retirement System of the City which is administered by a Pension Commission consisting of the Mayor, Chief Financial Officer, two elected employee representatives, and one appointed citizen member. Buck Consultants an ACS Company, serves as consulting actuary ("Actuary") for the system. In its latest report dated January 1, 2016, the Actuary reported:

GASB Statement No. 27 only requires valuation be performed every two years. The Annual Recommended Contributions payable for calendar years 2016 and 2017 are as follows:

	December 31, 2016	December 31, 2017
Normal Contribution ⁽¹⁾	\$ 1,667,756	\$ 1,734,467
Accrued Liability contribution	<u>7,173,577</u>	<u>7,459,249</u>
Total contribution	<u>\$ 8,841,333</u>	<u>\$ 9,193,716</u>

⁽¹⁾The Normal Contribution amounts are 4.99% of estimated salaries of \$33,421,968 and \$34,758,847 for the 2016 and 2017 calendar years respectively. The actual normal contribution to the trust should be 4.99% of Actual salaries for each year.

Three other City pension plans are not maintained on an actuarial basis, but the City appropriates funds annually as required to provide benefit payments for the year. The plans are Employees' Non-Contributory Pension, Pensioned Employees and Payments to Widows and Dependents – Members of Police and Fire Departments.

In December 1996, the City received a bill from the Police and Firemen's Retirement System (PFRS) for approximately \$18,500,000 to pay for accrued pension liability due to an early retirement incentive program established in 1994. Legislation (P.L. 2002, c.42) was enacted that permitted the City to sell refunding bonds pursuant to the Local Bond Law to retire the present value of the unfunded accrued liability to PFRS. With an approval from the Local Finance Board, the City financed said liability through the issuance of \$23,595,000 Pension Obligation Refunding Bonds

Series 2003A dated January 15, 2003 (Federally Taxable) and \$17,456,000 Pension Obligation Refunding Bonds Series 2003B dated March 15, 2003 (Federally Taxable).

The following table shows the City's contributions to the respective pension systems for the last five years.

Post-Employment Benefits

The City provides eligible retirees with medical, prescription drug and life insurance benefits. Based on an assumed discount rate of 4.50%, as of June 30, 2015 the Unfunded Actuarial Accrued Liability for such post-employment benefits was \$976,949,569, and the Annual Required Contribution was as follows:

INSURANCE

Insurance Fund Commission

The Jersey City Insurance Fund Commission was established in 1984 pursuant to N.J.S.A. 40A:10-1, *et seq.* The members of the Commission are the City's Business Administrator (who serves as Chairperson) and two members of the Municipal Council. All insurance upon property owned or controlled by the City or any of its departments, boards, agencies or commissions, is required to be placed and effected by the Commission. The powers of the Commission are statutory and include the power to invest the funds and all additions and accretions thereto in such securities as they shall deem best suited for the purposes of the statute; keep on hand at all times sufficient money, or have the same invested in such securities as can be immediately sold for cash, for the payment of losses to any buildings or property of the City, or liability resulting from the operation of publicly owned motor vehicles, equipment or apparatus; and fix reasonable rates of premium for all insurance carried by the insurance fund, and shall effect all insurance in the insurance fund or with any insurance company or companies authorized to do business in this State.

LITIGATION

General

The City, its officers and employees are defendants in a number of lawsuits including, but not limited to, lawsuits arising out of alleged torts, alleged breaches of contract and alleged violations of civil rights. The City is also engaged in activities, such as police protection and public works construction, which could result in future litigation with a possible significant monetary exposure to the City.

Based upon the information available to date, it does not appear that any individual lawsuit or the cumulative effect of these lawsuits will impair the City's ability to pay any judgments or settlements in an orderly manner, since the likelihood is that the amount of any judgments and eventual settlements will be much less than the amount claimed, and payments can be spread over two or more fiscal years. Because many lawsuits are still in the discovery stage, the Corporation Counsel is unable to determine the probability of a successful defense to them at this time.

The City self-insures against tort claims, which include general liability, automobile liability, employment practices, public officials and police professional and workers compensation lawsuits. The self-insured retention depends upon the date of incident and which of two excess policies provides coverage.

Pending Litigation

The following information has been compiled as of April 2017. The cases listed below have a potential monetary exposure in excess of \$500,000.00.

Valerie Montone v. Jersey City Police Department et al.

This federal lawsuit involves allegations by a retired police sergeant that the defendants (former Mayor Healy and former Chief of Police Troy) did not promote her because of her political affiliation and gender. This matter has been litigated in state and federal court. After discovery, summary judgment was granted to the Jersey City defendants on both the state and federal causes of action; however, the plaintiff appealed the matter to the Third Circuit Court of Appeals. The Third Circuit reversed the district courts holding and remanded the matter to the lower court. Although the reversal of the order for summary judgment is a setback, the defendants are prepared to defend this lawsuit on the merits. Recently, at a conference before the Federal trial judge, the plaintiff's attorney made an "informal" demand, \$5,000,000 to settle. Thus, there is a significant monetary exposure for economic damages and attorney fees. Retired Judge Faith Hochberg is currently mediating the matter. If the matter does not settle, a trial date will be set.

Astriab et al v. City of Jersey City.

This lawsuit is the companion case to Montone matter. In this case, eight other sergeants allege that because Montone was wrongfully not promoted to Lieutenant, they could not be promoted since they were behind her on the promotion list. With regard to damages, they claim they are entitled to the difference in pay and benefits between what

they would have received if they had been promoted and what they actually have received, including pay, benefits and pension contributions/value. These claimed damages continue to accrue as the case proceeds. This matter has the same procedural history as Montone case. Although the Summary Judgment obtained in this case was reversed, the defendants maintain that the defenses to the plaintiffs' claims are viable and the case will be defended on its merits. The plaintiffs also claim attorney fees and back pay. If they prevail, the combined award could exceed \$1,000,000.00.

212 Marin Blvd. v. City of Jersey City (Sixth Street Embankment cases).

Various lawsuits brought by several entities regarding the property known as the Sixth Street Embankment. The alleged owners contend that the City has interfered with their development rights and violated their constitutional rights. These matters have been pending for several years despite numerous attempts to achieve a settlement. The City continues to defend against all claims.

Realty Appraisal v. City of Jersey City.

Plaintiff alleges that the City unlawfully terminated a contract to conduct a citywide property revaluation. The City lost the bench trial. The City has filed an appeal. If the appeal is unsuccessful, the City owes more than \$1,000,000.00 in damages for services performed and lost profit.

Bruno v. City of Jersey City.

This matter involves claims for wrongful death and personal injury. Plaintiffs allege in their complaints that on July 27, 2012, co-defendant Federico Bruno illegally entered their apartment located at 110-112 Rutgers Avenue, Jersey City. Mr. Bruno waited for Ms. Figueroa, Ms. Calderon and infant Damien Rose Bruno to arrive. Upon their arrival, Mr. Bruno violently attacked plaintiffs resulting in the death of Damien Rose Bruno, and bodily injuries to Ms. Figueroa and Ms. Calderon. Plaintiffs allege that the day before incident, Bruno appeared at a Jersey City police station to inquire about any open arrest warrants. Plaintiffs allege that Bruno had open warrants at the time, but was not detained. Plaintiffs allege that the Police Department failed to enforce the restraining order or act on the outstanding warrant. The trial is scheduled for June 24, 2017. Plaintiffs demand is \$12,000,000.

Mays v City of Jersey City.

Plaintiff, the City's Deputy Tax Assessor, has brought a claim in federal court for race discrimination and retaliation. She also alleges a whistleblower claim under CEPA. Discovery is ongoing. Written discovery is complete, plaintiff has been deposed, and plaintiff's counsel has deposed approximately ten defense witnesses. If plaintiff is able to prove her claims at trial, she could obtain an award between \$200,000 - \$300,000 for her severe emotional distress, as well as an attorneys' fees award between \$250,000 - \$300,000.

Anglin et al v. Jersey City Fire Dispatch.

Plaintiffs are the Administrators of the Estates of four decedents who died in a house fire, and five relatives who claim emotional distress damages from perceiving the death of their family members in the fire. In the lawsuit, they claim that a City dispatcher sent the firefighters to the wrong address resulting in the deaths. The City has asserted various immunities and the plaintiffs contend that they have overcome the bar of the immunities. Discovery is in the preliminary states. Exposure could surpass \$1,000,000.

MEPT v. City of Jersey City, et al.

In 2009, the City of Jersey City entered into financial agreements with MEPT Journal Square, LLC, MEPT Journal Square Tower North Urban Renewal, LLC, and MEPT Journal Square Tower South Urban Renewal, LLC (collectively the "Plaintiffs") for long term tax abatements (30 years) for the development of certain real property. The agreements were entered into pursuant to the appropriate ordinance and resolution. Plaintiffs agreed to and made a contribution to the City's Affordable Housing Trust Fund (\$710,769). Plaintiffs also entered into a Prepayment and Contribution Agreement under which the Plaintiffs agreed to and did prepay a certain amount of money (\$2 million) that was to be credited against the service charges to be collected over the first four years following completion of construction of their projects. Approximately six years after the financial agreements were executed, Plaintiffs

abandoned this project and sold the property. Indeed, the Plaintiffs failed to develop the property as originally intended. In 2015, Plaintiffs filed this declaratory action seeking the refund of the prepayment and the Affordable Housing Trust Fund payment for a total sum of \$2,710,769. On December 4, 2015, Plaintiffs moved for a summary proceeding for a declaratory judgment under N.J.S.A. 2A:16-50 in order to have all monies refunded to them. On October 4, 2016, the court entered an order of judgment in favor of the Plaintiffs directing the City to pay \$2,710,769 to Plaintiffs. Shortly thereafter, the City moved for reconsideration of the court's order and this motion was denied. The City filed a notice of appeal, which is currently pending. The City also filed a motion to stay the enforcement of the October 4 order pending the appeal. The motion for a stay is currently pending.

Wriedan v. City of Jersey City et al.

Plaintiff Daniel Wrieden has filed claims against the City of Jersey City and director Anthony Cruz. Mr. Wrieden alleges that the defendants discriminated and harassed him on the basis of his sexual orientation. He also alleges that the City violated his first amendment rights. If Mr. Wrieden prevails, the defendants could be liable for lost wage damages, punitive damages, emotional distress damages, and plaintiff's attorney's fees, in excess of \$500,000.

Pych et al. v. City of Jersey City et al.

On December 31, 2013, the Plaintiffs' decedent drowned as a result of him losing control of his motor vehicle which became submerged in the waters of the Morris Canal. Plaintiffs allege that the accident occurred on dangerous property owned, controlled or maintained by the City. The City contends that the accident occurred on privately owned property. Discovery is ongoing. If the City is unsuccessful, exposure for the wrongful death and survivorship claim could exceed \$500,000.

D'Onofrio v. City of Jersey City, et al.

The plaintiffs' decedent was struck and killed by a vehicle while crossing Baldwin Avenue. Plaintiffs claim that there was a nonfunctioning street light in the area that contributed to the accident. The City contends that the accident occurred as a result the negligence of the decedent and co-defendant. If plaintiff prevails, exposure could surpass \$500,000.

Estate of Lavon King v. City of Jersey City, et al.

In this matter, a Jersey City police officer fatally shot decedent after he tried to disarm the officer. Plaintiffs contend that the officer unnecessarily used excessive force in violation of the decedent's constitutional rights. The City contends that the officer used reasonable force. If plaintiff succeeds, exposure could surpass \$500,000.

In addition to the cases listed above, the City, its officers and employees are defendants in a number of lawsuits, none of which is unusual for a city of its size. These lawsuits include but are not limited to lawsuits arising out of alleged torts by the City and its employees, alleged breaches of contract and alleged violations of civil rights.

During the calendar years 2012 through 2016, the City paid the following amounts in judgments and settlements:

<u>Year</u>	<u>Amount Paid*</u>
CY 2016	\$2,348,280
CY 2015	1,181,928
CY 2014	1,460,362

Environmental Issues

There are many privately and governmentally owned parcels of real estate in the City containing various levels of environmental contaminants. With respect to privately owned real estate, the City, State and Federal health and safety officers have undertaken and continue to compel compliance by the owners with the existing regulations. The City aggressively uses its building inspectors and health officers to monitor and compel abatement of harmful environmental hazards. With respect to environmental contamination which does not pose an immediate or substantial public safety or health issue, the City is increasingly using local business incentives to stimulate previously dormant property for conversion to useful economic initiatives including the removal of environmental contaminants. The City itself monitors its own real estate and has undertaken and is currently performing building and facility improvement programs to remove all violations of Federal, State and City environmental regulations.

CITY ECONOMIC AND DEMOGRAPHIC INFORMATION

The City is New Jersey's second largest municipality with a population of 247,597 according to the United States Department of Commerce's 2010 Census. The City is located on the west side of the Hudson River, directly across from lower Manhattan in New York City, and is part of the major business and industrial concentration spanning the New York – Northern New Jersey metropolitan area.

The City's land area is 15.8 square miles, including a five mile long stretch of Hudson River waterfront that has experienced considerable high rise office tower, residential and multi-family development over the past ten years. The City is connected to New York City by the Holland Tunnel and the PATH railroad tubes and is within ten miles of Newark International Airport and the container and cargo facilities of Port Newark-Elizabeth. The City's size and current development activity cause it to dominate the economy of the County (the Jersey City Labor Area). The City also serves as the seat of the County government. Of the approximately 275,000 persons employed in the County, approximately 43% are employed in the City.

Population

The City had experienced a population decline from 1970 through 1980, however due to increased residential housing developments, the population has shown a trend toward increasing.

Overview of Jersey City

Founded in 1630 and incorporated in 1820, Jersey City once served as a shipping, manufacturing, and rail transportation hub. Home to Ellis Island, Jersey City has served as the gateway to the United States for millions of immigrants.

Today Jersey City is a vibrant and thriving city, where rail yards, factories, and warehouses have been transformed into parks, restaurants, shops, and modern skyscrapers. Seven of the ten tallest buildings in the state are found in Jersey City, with construction recently starting on what will soon be the tallest building in the State and the tallest residential building in the western hemisphere outside of New York City. Jersey City residents and visitors enjoy spectacular views of the New York City skyline with miles of Hudson River waterfront. Jersey City's robust transportation infrastructure allows for easy access to New York City using the PATH train subway system, NY

Waterway Ferries, or the Holland Tunnel. An expansive above-ground light rail system that opened in April of 2000 connects Jersey City to neighboring municipalities.

The 2010 Census population of Jersey City is currently 247,597. It has been growing steadily at a rate of 3-6 % since a low of 223,532 in 1980. According to estimates based on the United States Census Bureau American Community Survey, Jersey City will be the largest city in New Jersey by the end of 2016. At the present time, Jersey City has established itself as a leader in urban development within the State of New Jersey. Jersey City is experiencing its highest level of residential construction in recorded history, with over 6,100 units currently under construction in Downtown and Journal Square alone (including 8 new towers over 15 stories), and over 18,000 more units approved to begin construction in the next few years.

Employment

From January to December of 2015 Jersey City's unemployment dropped from 6.0% to 5.3%. The significant unemployment rate decrease is due to several large firms either relocating to Jersey City or expanding current operations within existing Jersey City facilities. JPMorgan Chase, RBC, Forbes, Imperial Bag, Nautica, and Ahold are some of the largest companies relocating or expanding Jersey City operations. Jersey City has also seen an increase in construction jobs with more than 4,000 jobs recently started or planned as part of approved upcoming projects.

Tourism

Tourism is a growing industry for Jersey City with three new hotels (700 new hotel rooms) under construction. While Liberty State Park, Liberty National Golf Course, Ellis Island, and the Statue of Liberty attract millions of visitors each year, in 2014, Jersey City proudly hosted the Seattle Seahawks and Denver Broncos, their families, and many of

their fans for the week leading up to the Super Bowl. Jersey City is also home to one of the largest 4th of July fireworks displays in the country.

Higher Education

Jersey City is home to St. Peter's University, with an enrollment of approximately 3,400 students in 2015, and New Jersey City University, with an estimated enrollment of 8,200 students, both of which offer full and part-time undergraduate studies in liberal arts, business and the natural and social sciences. In addition, St. Peter's has graduate programs in education, nursing, accounting, and business administration and New Jersey City University offers a wide variety of graduate programs. Jersey City is also the home to Hudson County Community College, which offers entry-level occupational and career certificates and associate degrees to prepare students for employment and to upgrade existing skills. The Community College has an estimated enrollment of over 10,000.

Healthcare

The Jersey City Medical Center, a voluntary not-for-profit hospital, moved to a new hospital facility in 2004 at a site on Grand Street and Jersey Avenue to replace the Medical Center complex built in the 1930s. The facility is currently operated by Liberty Health and is the region's "state designated trauma center" and the only hospital in Hudson County approved for open heart surgery. A new 5-story Medical Office Building was completed in 2010 and is fully leased, including the Cristie Kerr Women's Health Center. See "CITY INDEBTEDNESS AND DEBT LIMITS – Other City-Related Obligations" herein.

Economic Incentives

Jersey City's Urban Enterprise Zone (UEZ) is one of the top performing zones in the state. It is comprised of approximately 1/3 of the city's total land acreage. Revenue from the UEZ Program has funded many development initiatives throughout the City, such as national and international marketing campaigns, special events, preservation, city beautification projects, CCTV program, job training, tourism (www.destinationjerseycity.com), and business improvement and relocation grants. In the past, the City received approximately \$16.2 million annually to be used for various programs. However, the City has not received any funds since 2009 due to State budgetary constraints.

The Jersey City Economic Development Corporation manages and maintains business and employment support systems. Some of the benefits available to Jersey City UEZ-certified businesses are listed below:

- Reduced sales tax for certified retail businesses
- Employee tax credits for each UEZ municipality resident hired
- Jersey City Employment & Training Program
- City Beautification Program
- Closed Circuit TV Neighborhood Watch Program
- Customer Service Skills Center

Additionally, the JCEDC has expanded opportunities for local small business owners to access capital, through partnerships with private and non-profit lenders. The Jersey City Fund is a \$10 million dollar loan program targeting small businesses with small lending needs; the EDC also has a microloan program based on geographic location, meant to support businesses opening in the city's traditionally underserved neighborhoods.

The Hudson River Waterfront

Recently dominated by the financial services industry, as more new skyscrapers with class A office space are constructed a more diverse workforce has developed.

Since the early 1980's, more than 18 million square feet of office space, and over 18,000 new residential units, and five hotels providing nearly 1,500 rooms have been completed. Redevelopment of the waterfront and nearby

neighborhoods has been brisk, accelerating with the construction and opening of the Hudson Bergen Light Rail system. Plans for the redevelopment of formerly industrial land along Jersey City's waterfront currently include as much as 30 million square feet of office space and more than 35,000 new residential units.

The number of new residences authorized by building permits city wide, from 1995 through 2007, totals over 17,000 residences while and non-residential office space authorized by building permits exceeded 7 million square feet. The Newport Neighborhood is the largest single development on the Hudson River Waterfront. Built on 300 acres of abandoned rail yards at the edge of the river, this area now is home to 4,000 residential units and 14 residential towers, a park with a man made beach overlooking the river, the Newport Centre Mall, and a variety of office buildings.

The Hackensack River Waterfront

The Hackensack River Waterfront is another powerful City resource whose value has only recently been re-discovered. The improved environmental quality of the Hackensack River and the return of water-related recreation to the river have helped to reinforce its value. The first signs of its rebirth include: the fully sold out Society Hill and Droyer's Point development, a 1,400 Dwelling unit condominium community; the establishment of Meadows Path which is a planned pedestrian walkway along the Hackensack River stretching from Bergen County to Bayonne; commitment by the County of Hudson to establish an extension to the county park system; the completion of the 9 hole Golf course within the Hackensack River Edge Redevelopment Area; implementation of the City homes at Westside Station loft style residential project within the Water Street Redevelopment Plan area; transformation of a 32-acre former federal superfund site into the "Marion Greenway" - Phase I involves the remediation and capping of the site for passive recreation and Phase II includes a 2000 foot waterfront walkway, soccer fields, jogging paths and an Environmental Center; implementation of the remediation plan and environmental clean-up of the 100 acre former Honeywell site for the creation of a mixed use new-urbanist neighborhood within the Bayfront I Redevelopment Plan Area. This development will include the creation of over 15 acres of parkland in the form of a bikeway, central greenway, new pedestrian-friendly streets and infrastructure, approximately 4,200 to 8,100 new dwelling units, 700,000 to 1 Million sq. ft. of office floor area, and 200,000 to 600,000 sq. ft. of retail space.

All this development is part of a larger plan for the Jersey City western waterfront known as the Bayside Study Area. The study establishes the ground work for the creation of new-urbanist neighborhoods and new streets to connect into the existing neighborhoods of Greenville. The Bayside Study Area anticipates the redevelopment of land both east and west of Route 440, the re-design of Route 440 through federal funding appropriated to Jersey City, the expansion of the New Jersey City University Campus as an integral part of this new neighborhood, and ultimately leading to the extension of the Hudson-Bergen Light Rail System roughly ¼ of a mile to the west in order to access the Bayfront 1/Honeywell Project and the Hackensack River.

The old Department of Public Works facility along the Hackensack River (Bayfront 1/Honeywell Project) will soon begin redevelopment into hundreds of residential units as well as retail shops and entertainment and dining options.

Journal Square

Functioning as a major regional transportation hub, Journal Square encompasses the neighborhood surrounding the Journal Square PATH station and bus terminal, which provides access to New York City, Newark, Hoboken, and Harrison via the PATH subway train system and bus service throughout the region via 7 different bus lines. The first significant construction in Journal Square in decades is nearly complete with the first of three towers in the "Journal Squared" development project. Upon completion, this development will consist of a 54 story tower, a 60 story tower, and a 70 story tower. As of February 2016, there are 5,284 dwelling units, 195,055 square feet of office and 432,787 square feet of retail space approved for development in the Journal Square area. Under construction there are currently, 1,334 dwelling units, 70,070 square feet of office and 13,267 square feet of retail space to come on line within the next eighteen months.

The Loew's Jersey Theatre, a 3,000 seat "movie palace" originally opened in 1929, is a priority restoration project for Jersey City. The facility will soon undergo an extensive multi-million dollar renovation to restore the energy, glory, and full functionality to the theatre and to the neighborhood as a whole. AEG Live, the second largest event promotion company in the world, is planned to manage programming (along with partnerships with NJCU, Mana

Contemporary, and a variety of community groups) and ACE Theatrical Group, the premiere theatre restoration company in the country, is planned to manage the construction and renovation of the facility.

On the periphery of the square is the adaptive re-use of the old American Can Factory. The CANCOloft project entails the creation of over 1,300 new loft style residential units and associated retail services. The new CANCOPark, completed in 2010, features an "orchard" of trees that is lit up at night by ground lighting, park benches, and a terraced layout. The park's perimeter is lined with bamboo shoots in raised planters. Manna Contemporary Fine Arts is truly a diamond in the rough with art exhibits almost every weekend. Several other smaller projects, like 25 Senate Place or the Kennedy Lofts at 100 Newkirk Street, continue to make this the new hip artist community in the New York Metropolitan region.

Transportation Improvements and Funding

The City received federal high priority project funding for transportation access in the amount of approximately \$26 Million and the creation of an urban boulevard along Routes 440/1&9 Truck in the amount of \$1.8 Million.

North Jersey Transportation Planning Authority, (NJTPA) Area metropolitan Planning Organization awarded Jersey City the following grants:

- FY 2008-2009 Subregional Study Program grant for Update to the Circulation Element of the Jersey City Master Plan in the amount of \$250,000;
- FY 2010 – 2011 Subregional Study Program Grant co-sponsored with Hudson County for a Study to improve transportation connections between the Cities of Hoboken and Jersey City in the amount of \$300,000;
- FY 2012-2013 Subregional Study Program grant for the Liberty State Park Circulator Cost-Benefit Analysis in the amount of \$220,000;
- FY 2012-2013 Subregional Study Program grant for the Morris Canal Greenway Plan in the amount of \$220,000; and
- FY 2012-2013 Subregional Study Program grant co-sponsored with Hudson County for The Jersey City/Journal Square/Bayonne Bus Rapid Transit Study in the amount of \$250,000.

Over \$1 million in FY 2012 Local Safety Program grants for pedestrian improvements along Summit Avenue

- FY 2017-2018 Subregional Study Program grant for pedestrian enhancement plan in the amount of \$180,000.

NJ Transit has completed the Hudson-Bergen Light Rail 440 Extension Alternatives Analysis, which identified the extension of the HBLR from its current terminus at West Side Avenue station across Route 440 to a new station at the northern boundary of the Bayfront I Redevelopment Plan area as a locally-preferred alternative.

Miscellaneous Infrastructure Improvements and Public Amenities

- The Exchange Place PATH station was renovated in 1990 at a cost of \$65,000,000. The PATH provides a 3-minute ride from Exchange Place to the World Trade Center Station. The Port Authority's \$1.3 billion project to replace PATH's entire 340 car fleet and to overhaul the PATH signal system thereby enabling a significant increase in the number of train movements while improving on-time performance and efficiency is underway, with the entire rolling stock upgraded between 2008 and 2012 and signal system enhancements still underway.
- The \$1 billion Hudson Bergen Light Rail Transit System (HBLR) launched operation on April 15, 2000. Since then ridership has steadily grown as the system expands further north and south. It now connects with Hoboken's Lackawanna Station, which is adjacent to Jersey City and is a hub for regional commuter train service. It also now connects to a new Park & Ride station on Tonnel Avenue in North Bergen that attracts commuters from Bergen County and other North Jersey locations, and which has been highly successful. Direct service is provided between the Park & Ride and the Jersey City waterfront employment center. A new

extension to 8th Street in Bayonne opened in January 2011. Hudson County and Bergen County municipalities have urged NJTransit to expand the HBLR into Bergen County, with all municipalities with current or potential HBLR infrastructure passing resolutions in favor of this plan.

- Ferry service connects the Exchange Place/Paulus Hook, Hudson Exchange, Port Liberté and Liberty Harbor North areas to lower Manhattan, and also connects Exchange Place/Paulus Hook to 39th Street in Manhattan.
- The City has completed its renovations of the Owen Grundy Pier Park at the foot of Exchange Place. This is one of several significant public spaces that exist along the Jersey City Waterfront.
- The Hudson River Waterfront Walkway is advancing toward completion along the waterfront as development of properties adjacent to the waterfront continues. It is now possible to walk from the Goldman-Sachs tower at the south eastern corner of Paulus Hook and Downtown to the Newport area and into Hoboken. The Newport Walkway now connects to Hoboken at the Hoboken Train Station and Newport Associates Development Co. has completed “Newport Green” a Waterfront park at Fourteenth Street. The development of Veterans Park will include the critical portion of the waterfront walkway at the park’s edges along the Hudson River and the Morris Canal.
- New Jersey Department of Transportation is in the process of the reconstruction of the 12th and 14th Street viaducts from Route 139 to Jersey Avenue. The next phase will be the reconstruction of Route 139. NJ DOT is planning to construct a new Wittipenn Bridge over the Hackensack River and a new St. Pauls Avenue Viaduct that will link the bridge to Route 139, Tonnelle Avenue, Route 1&9 Truck, and a proposed new road parallel to Tonnelle Avenue. NJDOT is also planning to build a bridge on Jersey Avenue across the Morris Canal to allow easier travel from downtown Jersey City into Liberty State Park, Bergen Lafayette, and other parts of the city. Currently only a small foot bridge exists.
- Capital Improvement, Federal Grant, and UEZ Funding have been pooled to finance the re-surfacing and beautification of Christopher Columbus Drive. This is the main and most visible travel route from the NJ Turnpike to downtown neighborhoods and the waterfront.
- Jersey City launched the CitiBike bike-share system in September 2015. Because CitiBike is the same system used in New York City, residents can now seamlessly integrate into the broader regional bike-share network across the Hudson River. As of March 2016, only six months after the programs launch, 75,000 rides had already been taken.

Key districts and development areas within Jersey City

Hackensack River Edge Redevelopment Area. The City Council has adopted a new redevelopment plan that encompasses a number of properties on the City’s western waterfront, the redevelopment of which will include the remediation of the PJP landfill. An Urban Transit Hub tax credit package of \$34.6 million over ten years has been approved by the Board of the New Jersey Economic Development Authority which allowed Peapod and Ahold to utilize 344,000 square feet of the Pulaski Distribution Center, an 878,564 square foot warehouse recently completed along Route 1 & 9 by Prologis.

Claremont Industrial Center. West of Caven Point, the Claremont Industrial Center was developed on a 30-acre site by the New Jersey Economic Development Authority. Hartz Mountain Industries built and leased a 175,000 square foot warehouse for Walong Marketing, a food distributor and importer in the summer of 2002. Demand for warehouse space here dropped as the recession hit and the City responded by amending the Zoning to allow entertainment venues. In January 2011, “Pole Position Raceway” opened an 80,000 square foot facility featuring two quarter-mile tracks. The high-performing all electric karts can reach speeds of 45 miles per hour. The facility features a Tailgate Café, video and arcade games, meeting and party rooms, and an impressive display of racing memorabilia.

Liberty Industrial Park. In January 1996 construction was completed by the New York Daily News of a new 410,000 square foot printing plant. The Daily News has moved both their Brooklyn and Kearny operations to this new facility. The project represents a \$180 million investment by the Daily News. Sysco Food Services of Metro New York has renovated the former Allied/Sterns building into 345,000 square feet of freezer/warehouse space. This project

provides over 500 jobs. The total project cost was \$25 million, \$ 8 million of which was provided through the City and HUD by a Section 108 Loan.

Port Jersey/Greenville Yards. On the southernmost portion of the waterfront, the Port Jersey Corporation has developed 3,000,000 square feet for industrial distribution buildings since assuming control of the urban renewal project in 1969. The Corporation has invested \$150 million to date. The Port Authority of New York and New Jersey has constructed an imported automobile facility on its 80-acre portion of Port Jersey and on 65 acres of the Greenville Yards. Iron Mountain Information Management has leased 123,000 square feet at 100 Harbor Drive, providing more than 100 full time jobs. In addition, Summit Import Corp. and Preferred Freezer Services have recently opened warehouse facilities in Greenville Yards. Preferred Freezer is also undertaking building a second new facility freezer. Keystone Properties constructed two warehouse facilities consisting of over 500,000 square feet of available warehouse space.

Jersey Eagle Sales Co. A 100% minority owned business exclusively distributing for Anheuser-Busch in Hudson County has completed construction of a 70,000 square foot, \$4.5 million chilled warehouse and distribution facility, providing nearly 100 full-time jobs.

Montgomery Industrial Center. The 32-acre industrial park adjacent to **The Beacon** was developed by the New Jersey Economic Development Authority, which also makes development bond financing available to potential tenants. The firms in the Montgomery Industrial Center have created more than 300 construction jobs and 600 permanent jobs. Rajbhog Foods, makers of Indian bread, constructed a new plant with assistance from the New Jersey Business Employment Incentive Program and the New Jersey Local Development Finance Fund, and a \$50,000 relocation grant from the Jersey City Urban Enterprise Zone. Other food related services attracted to this location are Wei Chuan USA and Woolco Foods. DeBragga & Spitler relocated to 55-77 Amity Street from the Meatpacking District in Manhattan. They are leasing an existing warehouse and purchasing the adjacent vacant land for parking and eventual expansion. They certified into the UEZ Program and took advantage of Jersey City's \$50,000 relocation grant.

Newport Redevelopment Area Project The Newport Center project is a 300-acre, master-planned mixed use community consisting of retail, residential, office, leisure, and entertainment facilities. In December 1982, Jersey City received approval of a \$40 million Urban Development Action Grant (UDAG), the largest ever awarded in the history of that Federal program, that effectively jump started the Newport development. The first building constructed was the Newport Centre Mall. It is a premier shopping center with 130 individual stores, anchored by 4 major department stores, a multiplex movie theater, and a food court. Since that time, development has continued in earnest, extending roadways, transportation choices and other community amenities. The Newport Associates Development Co. has just completed "Newport Green", a new 5-acre playground and park connecting Washington Boulevard to the Waterfront Walkway at Fourteenth Street. It includes the first urban beach in New Jersey, a recreational field, an outdoor ping pong table, and several landscaped gardens.

"The Laguna", the most recent tower to complete construction, was fully leased within 6 months of opening in 2013. This 17-story residential tower along the Waterfront Walkway at Fourteenth Street includes 158 rental apartments and 5,500 square feet of ground-floor retail.

Over \$2 billion has been invested and more than 11 million square feet has been constructed at Newport. When completed, the \$10 billion investment into the Newport community will provide housing for approximately 30,000 residents in 9,000 apartments and have a 1.5 mile section of the Hudson River Waterfront Walkway, 7 million sq. ft. of prestigious office space and two million square feet of retail and shopping opportunities. The Newport Redevelopment Area has developed into another new thriving neighborhood of the city. In addition to the mall, area residents and visitors can take advantage of 14 acres of green space, educational facilities, health and wellness facilities, and even a yacht club.

Powerhouse Arts District Redevelopment Area. The Powerhouse Arts District Redevelopment Plan area includes a collection of historic warehouses that have been re-used for residential, art, and entertainment uses. The district is unique and lends itself to conversion to a funky, trendy, retail and entertainment center. This district is 2-4 blocks west of the waterfront and is anchored by the Powerhouse building, an historic structure formerly the power station for the Hudson and Manhattan Railroad. The 100-year-old castle-like building near the waterfront is owned by the City of Jersey City. The Cordish Company in conjunction with the NY/NJ Port Authority and the Jersey City Redevelopment Agency have entered into a memorandum of agreement to stabilize and rehabilitate the former

powerhouse into an entertainment destination for the waterfront. The Cordish Company plans to breathe life into the deteriorating power plant just as it has successfully done in the Baltimore Inner Harbor.

Toll Brothers City Living recently completed the Provost Square development, a 3 acre site in downtown Jersey City just a block from the Grove Street PATH station. The development includes 3 high-rise towers, 38, 33, and 28 stories, totaling 927 units, 960 parking spaces, 45,000 square feet of retail, and a state of the art 24,000 square foot theater as well as 17,000 square feet of art related space. In between the buildings is a half acre public plaza.

Liberty Harbor North. This highly successful project does not look like a project at all. It is designed to be an extension of the existing neighborhoods that surround it. This project has two marinas, several miles of waterfront walkway, direct connections to Liberty State Park, ferry service to NYC, two Light Rail Stations and enjoys sweeping views of Liberty State Park, Lower Manhattan and the NY Harbor. It was designed and master planned by the Congress for New Urbanism co-founders Andres Duany and Elizabeth Plater-Zybek. Phase one is complete with 600 residential units. New retail establishments have opened, including the immensely popular Zeppelin Hall Beer Garden, Surf City Beach Bar, Tilted Kilt Pub, and Brew Shot Coffee Shop. Several mixed use projects by a number of different developers have also followed on the coattails of this project, including Gulls Cove, a 320 Condominium building, completed in 2007, "225 Grand", completed in the summer of 2010 with 348 unit rental building by Ironstate Development, Inc. and the KRE Group, and "18Park", completed in the spring of 2014 with over 400 units. The 11 story 18Park facility also includes space for the Boys and Girls Club of Hudson County.

The planning board has also approved a mixed use building that includes a full service flagship Marriott hotel and 475 residences. As many as eleven (11) other buildings are already approved for the area, including a new waterfront park, central park and civic plaza.

Harborside Financial Center. The Harborside Financial Center began with a successful warehouse conversion from a refrigerated rail warehouse to Class A office space, which was followed by the construction of new office towers. It is an office and commercial holding of Mack-Cali Realty located on the Hudson River Waterfront. The complex includes restaurants, a retail promenade, two tiered waterfront walkway with outdoor dining and additional service amenities. The Harborside Financial Center currently consists of six office buildings, an indoor and outdoor garden/plaza, and a HBLRT Station. It is all just minutes away from downtown Manhattan via PATH train or ferry. The complex also contains luxury rental apartments on the North Pier and a full service hotel on the South Pier. The Hyatt Regency Jersey City was the first full-service hotel on the Jersey City waterfront. It features 350 guest rooms, over 19,000 square feet of meeting and facility space, a 165-seat restaurant, and a 75-seat lounge and incredible views of Manhattan and the New York Harbor. The current Master Plan for Harborside envisions one more office tower for Plaza 4 and six residential towers on Plazas 6, 7, 8 & 9, new roadway extensions and a widening of the pedestrian plaza adjacent to the light rail station.

Existing Commercial/office building of Harborside are as follows:

Harborside Plaza 1	400,000 Sq. ft.	Re-Use
Harborside Plaza 2	761,200 Sq. ft.	Re-Use
Harborside Plaza 3	725,600 Sq. ft.	Re-Use
Harborside Plaza 4a	207,670 Sq. ft.	New Construction
Harborside Plaza 5	977,225 Sq. ft.	New Construction
Harborside Plaza 10	577,575 Sq. ft.	New Construction

There are approximately 13,600 employees in the existing office towers.

Hamilton Square. The Hamilton Square project accomplishes adaptive re-use of the former St. Francis Hospital complex. The old hospital formed an artificial barrier, separating Hamilton Park, a 2 acre Victorian Square, from the east side of the neighborhood. The first phase of this development is complete. The new retail includes a restaurant (GP's), an ice cream parlor that has received significant press and very positive reviews (Milk Sugar Love), wine store, pet store, and vintage department store. It brings the neighborhood together once again by re-establishing the

cobblestone street leading to the park, rehabilitating some building, and replacing others. The blocks in the Hamilton Park historic district neighborhood are filled with classic row houses and lush, tree-lined streets.

Colgate. Colgate Redevelopment Area is a 24 acre, 10 block site of Jersey City waterfront south of Exchange Place. It was formerly the location of the manufacturing facility for the Colgate Palmolive Company. This area has experienced rapid growth over the past five years and is approaching its planned build-out of six million square feet of office space and close to 2,000 residential units. The first major project in the Colgate Redevelopment Area was 101 Hudson Street with 1.2 million square feet of office space in a well designed Art DECO Revival style skyscraper. Next, developed by Hartz Mountain Industries were 70 and 90 Hudson Street, two office towers on the riverfront with 358, 000 and 372,000 square feet. SJP Properties' renovation of 95 Greene Street, 280,000 square feet of office space in the former Colgate Perfume Building, has been completely leased by Merrill-Lynch. Goldman Sachs' now controls three site within the redevelopment plan area and treats this facility and the Sussex Street pier that they renovated as a public campus with ferry and helicopter access to their sister campus on the Manhattan side of the River. Goldman Sachs has completed their owner occupied office building, a 42 story, 793 feet tall tower with 1.5 million square feet of space, 1,000 underground car garage, ground floor pedestrian and retail amenities. This tower, the tallest building in the state of New Jersey, provides a unique identity and profile for the Jersey City skyline.

Tidewater Basin Redevelopment Area. The Tidewater Basin Redevelopment Area links new waterfront development with the existing Paulus Hook Historic District. The charm of this area is especially enhanced by watching cars share the path of the light rail trolley along the historic cobblestone street. The 324-unit Windsor at Liberty House was completed in September 2000. Other projects include the Pier House (106 condo units) and Hudson Point (181 rental units), two projects at the foot of Warren Street, Liberty Pointe, a 32 unit condo project just up Warren Street from those previously described, Fulton's Landing with 105 condominium units, and K. Hovnanian at Paulus Hook with 71 condominium units are all occupied and complete. 198 Van Vorst Street, a 131 unit, 7-story residential project with 4,426 square feet of retail, is completed and occupied.

Harsimus Cove Station Redevelopment Area. Several residential projects have been completed and leased. Among the completed projects are the following condominium and rental units: Avalon Cove, Mandalay Bay on the Hudson, Portofino, Marbella, and the 'A'. These residential building encompass over 2,000 market rate units. Metro Plaza shopping center contains four retail buildings totaling 255,000 square feet. The Doubletree Hotel contains 200 rooms. The most recent project to be completed in the area is the Monaco, a residential development of 524 rental units in two 39 story towers atop a 10 story 558 space parking garage and 6,100 square feet of ground floor retail on what is was the Doubletree Hotel's parking lot. The Redevelopment Plan calls for a residential-commercial mixed-use district where certain lands are dedicated to the City of Jersey City for streets and parks. Projects recently completed include 110 First Street and Maribella phase II.

Port Liberté, Liberty National Golf Course and Country Club, and the Residences at Liberty. Redevelopment of this scenic area adjacent to Liberty State Park began in 1985 with the development of docks, jetties, and canals for luxury residential apartments and town homes, some with private boat slips at their front door. Later phases replaced new canal construction with an 18-hole professional Majors golf course and private club. Liberty National Golf Course hosted its first international PGA TOUR event, the Barclays, in August of 2009 and again in August 2013. In 2017 it will host the President's Cup. More than 1600 condominium units are completed with another 1500 planned for the Port Liberté development area.

The Residences at Liberté is the residential development associated with the golf course. Construction has begun on 60 low-rise luxury units along the waterfront walkway and adjacent to the golf club house. When completed, the Residences at Liberté will produce over 1,000 new condominium units located within three towers on the northern slope of the golf course.

Liberty State Park and Ellis Island. Over 2,000,000 persons visit Liberty State Park annually, making it the most popular of all state parks in New Jersey. It is the largest urban park in the state, at approximately 1,200 acres. It currently houses, two Marinas, a boat launch, the Liberty House (a 15,000 square foot restaurant and banquet facility), the recently expanded Liberty Science Center, the restored historic Central Railroad of New Jersey Terminal, and an award-winning Interpretive Center. Maritime Parc Restaurant & Catering opened in October 2010 with a 30,000 square foot event space.

The restoration of Ellis Island is ongoing and the result of a partnership between the National Parks Service and Save Ellis Island, Inc. The South Side of the island contains valuable historic resources such as the hospital facility, laundry and luggage building, open space and recreation area, nursing residence and other various support building, totaling 30 in all, built at the turn of the century to welcome immigrants to our land. It is the intent of the National Park Service to renovate these buildings and keep them in public use. The American Family Immigration History Center was unveiled in 2001. Given its national and international stature, the Ellis Island Institute is proposed to be a unique cultural, educational and conferencing facility that will use the power of place to create a venue for international cultural events and meetings. It will involve reuse of the 29 existing buildings on the island and new construction of a hotel, museum and educational facilities. At completion, it will employ 275 full-time and 350 part-time workers.

Ferries to the Statue of Liberty and Ellis Island leave from Jersey City, Liberty State Park throughout the day. The park, a state and regional amenity that attracts visitors from a wide area, is frequently the site of State wide events, including concerts, festivals, and tournaments.

The Division of Planning has conducted a Liberty State Park Circulator Cost-Benefit Analysis. This study is an important first step in restoring transit service to destinations within Liberty State Park. A circulator would build on the City's public transportation network that currently serves the edge of the park. This potential service would make the park more accessible to the 40% of Jersey City households that do not have access to a vehicle..

The Beacon. This central City project is the rehabilitation of a monumental Art Deco New Deal Governmental/Hospital Complex. It consists of the adaptive re-use and renovation of ten (10) high rise structures, interior and exterior historic renovation of significant Art Deco and WP Project artifacts, including two theaters, meeting rooms, and lobby space, and new construction of a multi level garage, health spa, pool, museum, and various types of amenity space. Completion of this project, which is the largest historic restoration project in the nation, is expected to create approximately 1,200 market rate residential units. This project represents a significant private investment that is outside of the City's downtown waterfront financial center. Shuttle and full concierge services are provide to various mass transit choices throughout the city.

Grove Plaza. As recently as 2000, the Grove Plaza area was considered to be too far from the waterfront to be desirable for high end market rate units. Today, Grove Plaza is considered the heart of downtown. The newly renovated and re-designed Grove Street PATH Station Plaza has served as a festival site and farmers market adding to the vitality of the shopping destination. 2 new 60-story residential towers, 70 and 90 Columbus, will rise connected by a hotel in a 150 foot base. New residential construction is moving west along Newark Avenue, including 8 new restaurants along a pedestrian walkway has been completed.

Martin Luther King Drive. The redevelopment of Martin Luther King Drive began as a grassroots community based initiative with far-reaching support. Since the adoption of the MLK Drive Redevelopment Plan by the City Council in December 1993, the development of the MLK HUB Shopping Plaza has been accomplished. A 55,000 square feet supermarket and ancillary stores are in place. The HUB development is now under new ownership. Through a partnership of the Jersey City Redevelopment Agency, Universal Companies of Philadelphia, and Brandywine Corp., MLK Drive will be receiving approximately 205 units of work force housing to be built on City land in and around the HUB. Goldman-Sachs has sponsored a 20 unit housing development just north of the HUB Plaza and light rail station, which has been completed and sold as affordable condominiums.

The Fred W. Martin Apartments offer 39 affordable units in a 4-story building with 12,000 square feet of retail space along the Drive. Many other mixed-use and residential projects are underway along the Drive.

In 2015, The Jersey City Employment and Training Program (JCETP) relocated to the HUB, with Speaker of the House of Representatives Nancy Pelosi, New Jersey Governor Chris Christie, Senator Robert Menendez, NAACP President Cornell Brooks, Congressman Donald Payne Jr., Congressman Albio Sires, and former New Jersey Governors Brendan Byrne and Thomas Keane all attending the ribbon cutting ceremony. JCETP includes the prisoner re-entry program that provides addiction treatment, housing, and employment services as well as standard employment programs for youth, seniors, veterans, and welfare recipients. Former Governor James McGreevey is the director of the JCETP.

Monticello Avenue. The Monticello Redevelopment Plan covers Monticello Avenue between Communipaw Avenue and Montgomery Street. It encompasses 19 blocks geographically located at the center of Jersey City. The goal

is to establish a historically preserved and revitalized neighborhood - a shopping district with a mix of retail, restaurant and service businesses, as well as arts-related venues and activities that reflect the diversity and strong sense of community that prevail in the area. The 12 unit "Rock Garden Plaza" and the 6 unit "120-122 Monticello Avenue" with approximately 7,000 square feet of childcare space on the ground floor, have been completed.

Canal Crossing. The proposed Canal Crossing Redevelopment Plan Area is approximately 111 acres in area and is located in the southeastern section of the City of Jersey City. It establishes a new-urbanist community with varied housing type, variable uses, a central boulevard and central park, high density around the Garfield Avenue Light Rail Station and accommodations for various types of open space and educational facilities.

Berry Lane Park. Berry Lane Park is a 17.5 acre park was recently completed on a former brownfield site in the Communipaw-Lafayette Section of Jersey City, New Jersey. Construction of the park began in 2012 and opened in the summer of 2016. The park is located between Garfield Avenue and Woodward Street near the Garfield Avenue Hudson Bergen Light Rail station. Directly south of Berry Lane Park is Canal Crossing, an adjacent brownfield site slated for a future residential development.

Berry Lane Park is the largest municipal park in Jersey City. The site includes two basketball courts, two tennis courts, a baseball field, a soccer field, a playground, a rain garden, 600 new trees, and a splash pad water park. New park features coexist with older existing structures that will be preserved or modified: for example, the large concrete silos from a former rail yard will be renovated to contain water features.

Holland Tunnel and Jersey Avenue Redevelopment Area. The expanse of land bounded by the entry/exit of the Holland Tunnel, the base of the Palisade Cliffs and neighboring the City of Hoboken, had remained unnoticed for many years. Its newly discovered attractiveness has accelerated an effort to re-connect existing streets, create more building lots and street frontages. There are current NJ Transit approvals for the creation of a new HBLRT Station at Jersey Avenue and Eighteenth Street. Residential re-development of the 10th Street corridor is almost complete; with the latest addition of the 58 condominium unit Schroeder Loft project adding to the LeFrak-developed apartments that presently line the corridor. In November 2007, The Home Depot opened a 105,121 square feet multi-level store, which employs 177 people and generating \$50 million in annual sales. Other recently completed residential additions include The Cliffs, 700 Grove Street, Cast Iron Lofts, and Zephyr Lofts.

Proposed plans include the Hoboken Redevelopment Plan area and the New York Avenue Redevelopment Plan area. The 7 acre Van Leer Chocolate Factory site is slated to have up to 90-percent energy savings compared to traditional buildings through the use of geothermal and solar energy, as well as other green technologies and has been recognized in the 11th annual Governor's Environmental Excellence Awards in December 2010.

Majestic Theater and the Majestic II Projects. The adaptive re-use of the historic Majestic Theater across from City Hall including the three adjacent historic revival mixed use properties that were vacant and dilapidated, and development of a new adjoining 45 unit residential building. All of the constructed residential units have been sold or rented, and all of the highly desirable commercial spaces have been filled. Majestic II, which is a new mixed use classic mid-rise building with ground floor retail, will complete the third corner of the Montgomery Street & Grove Street intersection, connecting the eclectic buildings of the Van Vorst Historic District to the new City Hall neighborhood redevelopment. Across the street from the Majestic Projects and City Hall is an additional 99 unit 7 story building with ground floor retail space, which opened in early 2016.

New Jersey City Medical Center and Grand Jersey Redevelopment Plan Area. The Jersey City Medical Center opened its 325 bed medical facility at Grand and Jersey Avenues in 2004. This \$180 million facility was financed by the FHA. Liberty Health has just completed a 5-story Medical Arts Building adjacent to the Medical Center. There are also plans to triple the capacity of the Emergency Department. New infrastructure, new streets, public garage, and new residential building are planned for this area to mirror the street grid and density of Liberty Harbor North. NJDEP has awarded Jersey City a special representative to coordinate the clean-up of the area to accelerate its redevelopment. Several projects within the area have already achieved site plan approvals and are ready to move forward. This redevelopment plan will also incorporate the re-location of the Mill Creek Sewage outfall, allow for the creation of new wetlands adjacent to Liberty State Park and replace the pedestrian bridge with a pedestrian and bicycle friendly vehicular connection from downtown Jersey City to the Park.

	Yes	N.J.S.A. 34:13A-8.2 requires public employers, including municipalities, to file with the Public Employment Relations Commission (PERC) a copy of all contracts negotiated with public employee representatives. This includes, but is not limited to, collective bargaining agreements, memoranda of understanding, contract amendments, and "side letter" or "side bar" agreements. Copies of same may be emailed to contracts@perc.state.nj.us. Has your municipality filed all current contracts with PERC?	
	Yes	Has your municipality adopted a written vehicle use policy prohibiting personal use of municipal vehicles (except for commuting), and providing that employees authorized to use such vehicles for commuting to/from work have a fringe benefit value added to the gross income reported on the employee's W-2 (unless the vehicle meets the "qualified non-personal vehicle" criteria specified by the IRS)? Only answer "N/A" if your municipality does not have any municipally-owned vehicles.	
	Yes	Active monitoring management of a municipality's ratable base is fundamental to helping ensure fiscal stability. There should be communication with the municipal tax assessor to ensure that the municipality has sufficient time to factor potential exposure to tax appeal judgements into their budgetary planning. <u>Does your municipality have an established written policy requiring its tax assessor to notify the chief financial officer and the governing body of all tax appeals upon filing, but no later than June 1st each year?</u> The policy should, at minimum, require the assessor's report to break down by property class the number of pending appeals, the current assessed value, and the reduction in assessed value if all appeals were successful. If there are appeals for which complete information is unavailable as of June 1, those appeals should be reported as information becomes available. Only answer "N/A" if your municipality is in Gloucester County (county assessor pilot program) or participates in the Monmouth County assessment demonstration program.

4	Yes	Does your municipality maintain an up-to-date municipal website containing at minimum the following: past three years adopted budgets; the current year's proposed budget (including the full adopted budget for the current year when approved by the governing body); most recent annual financial statement and audits; notification(s) for solicitation of bids and RFPs; and meeting dates, minutes and agendas for the governing body, planning board, board of adjustment and all commissions?	
	Yes	The "Director's Ratio" (the average ratio of assessed to true market value) for each municipality as determined by the Director of the Division of Taxation, in the Table of Equalized Valuations promulgated annually pursuant to <u>N.J.S.A. 54:1-35.1</u> . A Director's Ratio of lower than 85 percent generally denotes lack of uniformity in assessments and indicates a need for revaluation. <u>N.J.A.C. 18:12A-1.14</u> . <u>If the ratio of assessed values to market values in your municipality is presently less than 85%, has your municipality at minimum awarded a contract for the updating of tax maps and earmarked funds in its budget for the hiring of relevant firms and/or professionals?</u>	
6	Yes	The Local Government Ethics Law, designed to ensure transparency in government, requires local government officers to file Financial Disclosure Forms. Compliance by local elected officials is particularly important. <u>Have all of your local elected officials filed their Financial Disclosure Form in 2017 that covers the 2016 calendar year?</u>	
7	Yes	While outside employment by municipal officials can sometimes be acceptable, it is imperative that no conflicts of interest impinge on municipal governance. Does your municipality have 1) an established documented process requiring department heads to submit notice of outside employment, and 2) upon receiving such notice, does your municipality have a documented process within its human resources function to determine whether or not a conflict of interest exists? 	Answer	Question	Comments
	Yes	Many municipalities have created one or more authorities (including fire districts, utilities authorities, redevelopment authorities, housing authorities, port authorities, etc.) to provide greater focus and attention on addressing a public need, or to reduce governing body burdens. While creation of an authority is often appropriate, and many authorities successfully fulfill their missions, authorities with weak membership or insufficient local-level monitoring can become wasteful, inefficient and unresponsive to the public they serve. N.J.S.A. 40A:5A-20 allows a local governing body to dissolve an authority subject to certain parameters and with Local Finance Board approval. Municipalities should at least annually assess the authority or authorities they created and publicly discuss their findings and conclusions. Findings and conclusions should address whether their existing authorities 1) continue to serve the public interest, and 2) are more efficient than other potential alternatives in providing services and financing public facilities. <u>Within the past year, 1) has the above-referenced discussion appeared as a listed agenda item on a scheduled governing body meeting, and 2) do the findings and conclusion appear in publicly-available meeting minutes?</u> Please identify the meeting date under "Comments".	Discussion of Municipal Utilities Authority - September 27, 2017
	No	Audit findings address areas needing improvement. Ignoring these findings devalues the process; therefore, municipalities should correct noted deficiencies. <u>Have all audit findings from the 2015 audit been 1) identified in the corrective action plan and 2) addressed such that they are not repeated in the 2016 audit?</u> If the answer is no, please list the repeat findings, along with the date the corrective action plan was submitted to DLGS, under Comments. Only answer "N/A" if there were no audit findings in 2015.	2015 Correction Action Plan was submitted on 11/30/16. CY 2016 Audit not completed.
	Yes	Payments In Lieu of Taxed (PILOTs) are often used as a tool for economic development. It is imperative that municipalities monitor PILOT agreements to ensure recipients complying with all agreement terms, including but not limited to timely payment and reporting. Does your municipality 1) have an official designated to monitor exemptions granted pursuant to the Long-Term Tax Exemption Law (N.J.S.A. 40A:20-1 et seq.) and Five-Year Exemptions/ Abatements granted pursuant to N.J.S.A. 40A:21-1 et seq., and 2) have in place a documented process for ensuring compliance with the terms of each PILOT agreement? 	No	N.J.S.A. 40A:5-4 requires municipalities to complete their annual audit for the preceding fiscal year within 6 months after the close of their fiscal year. Further, N.J.S.A. 40A:5-6 requires the municipality's auditor to submit a certified duplicate copy of the audit report and recommendations with the Division within 5 days after filing the original with the municipal clerk. <u>Has your municipality received its completed audit for the preceding fiscal year within the statutory timeframe, and confirmed that your auditor has filed a certified duplicate copy of the audit report with the Division?</u> You may only answer this question "N/A" if the Director expressly granted an extension in response to a governing body resolution petitioning for same.	
12	Yes	Pursuant to N.J.S.A. 40A: 2-40, the chief financial officer each municipality shall, before the end of the first month of the fiscal year, file its Annual Debt Statement with the Division of Local Government Services. The annual debt statement must be filed electronically following the procedure described in Local Finance Notice 2013-3. <u>Did your municipality file its electronic Annual Debt Statement for the preceding fiscal year with the Division no later than January 31 (July 31 for SFY municipalities)?</u>	
	Yes	While the issuance and renewal of bond anticipation notes can be a reasonable and prudent financing mechanism, failing to take advantage of low interest rates on permanent financing can cause municipalities to incur unnecessary carrying costs and inflated costs of issuance. Has your municipality evaluated its outstanding bond anticipation notes and developed a strategy to move toward permanent financing?

	Answer	Question	Comments
	N/A	Pursuant to <u>N.J.S.A. 40A:11-25</u> , the Director of the Division of Local Government Services must approve all prequalification regulations enacted by contracting units subject to the Local Public Contracts Law. Prequalification requirements can be fixed according to experience, financial ability, capital, and equipment. Absent Director approval, bid prequalification regulations are of no force and effect and may not be required as a condition of bid acceptance on any public contract. Local Finance Notice 2016-12 goes into further detail concerning prequalification regulations under the Local Public Contracts Law. Is your municipality following the process set forth in <u>N.J.S.A. 40A:11-25</u> , including seeking Director approval prior to implementing and enforcing all prequalification regulations? "N/A" is only applicable where the municipality has not adopted any prequalification regulations.	
15	Yes	<u>N.J.A.C. 5:30-3.8(a)</u> requires that the introduced annual municipal budget incorporate a User-Friendly Budget section. Is your municipality providing the public with its introduced User-Friendly Budget at least one week prior to the date of the public hearing on adopting the annual budget?	
	No	Unless the Director sets forth a later date pursuant to <u>N.J.S.A. 40A:4-5.1</u> , <u>N.J.S.A. 40A:4-5</u> requires that calendar year municipalities approve their introduced budgets no later than February 10 (or August 10 for state fiscal year municipalities) and <u>N.J.S.A. 40A:4-10</u> requires that calendar year municipalities adopt their budgets no later than March 20 (or September 20 for state fiscal year municipalities). <u>Did your municipality introduce and adopt its current year budget no later than the dates provided by law or as extended by the Director in Local Finance Notice 2016-20?</u> This question may only be answered N/A if your municipality is under State Supervision or if the Division instructed the municipality to delay budget adoption.

17	Yes	Does your municipality exclude from healthcare coverage part-time elected and appointed officials (less than 35 hours per week)? Only answer "yes" if no part-time elected or appointed officials receive health benefits. If your municipality has part-time elected or appointed officials who elect to take State Health Benefits Program (SHBP) health benefits (or receive a waiver for not doing so) by virtue of serving in their position continuously since May 21, 2010, you must answer "No". If you answered "No", please list in the Comments section the name and title of each elected or appointed official receiving either health benefits or a waiver payment in lieu of health benefits.	
	Yes	Is your municipality collecting at least the amount set forth by the Chapter 78 Grid for health benefit contributions (or 1.5% of base salary, whichever is greater) for all officers and employees?	
	Yes	Payments for waivers filed before May 21, 2010, and maintained continuously since, cannot exceed fifty percent (50%) of the amount saved by the local unit as a result of the employee's waiver of coverage. For waivers filed on or after May 21, 2010, which is the effective date of P.L. 2010, c. 2, payments cannot exceed the lesser of twenty-five percent (25%) of the amount saved by the local unit as a result of the waiver, or \$5,000. When calculating an employee's waiver payment, the local unit must deduct the employee's healthcare contribution obligation from the total premium cost. Local units have sole discretion as to whether or not to offer employees payments for waiver of health benefits, and may offer waiver payments lower than the statutory maximum. Health benefit waiver payments are statutorily excluded from collective bargaining. See Local Finance Notices 2010-12 and 2016-10 for further discussion on health benefit waiver payments. <u>Does your municipality 1) refrain from paying waiver payments in excess of the statutory maximum; 2) deduct employee healthcare contribution obligations from the total premium cost when calculating waiver payments; and 3) refrain from incorporating healthcare waiver payments in any labor agreement?</u> "N/A" is only applicable where the municipality has a policy of not making payments in lieu of health benefits.

20	Yes	<p>The Fair Labor Standards Act (FLSA) is a federal law requiring that overtime pay must be paid for all hours over 40 hours in a work week except for those employees classified as exempt and thus not entitled to overtime. Management employees such as elected officials, managers/administrators, municipal clerks, CFOs, public works superintendents, police chiefs and other department heads are typically classified as having exempt status and thus not entitled to overtime pay. Other municipal employees may also be classified as exempt under the FLSA (you should consult with labor counsel for more detailed guidance). Exempt status would also preclude overtime pay for time worked during emergencies, attendance at night meetings and participation in training sessions. Compensated leave time in lieu of cash payments is considered to be a form of overtime pay unless such leave is utilized in the same pay period. <u>Does your municipality refrain from paying overtime to employees classified as exempt under the FLSA?</u></p>	
	No	<p><u>For any employees covered by a collective bargaining agreement, has your municipality instituted a policy to not compensate said employees for sick leave accumulated after a certain date?</u> If such provisions were imposed by an arbitrator in binding arbitration but the municipality is seeking to eliminate such a contractual obligation through collective bargaining, your answer can be "N/A". If answering "N/A", the municipality must identify under "Comments" each such provision imposed by an arbitrator, along with the status of the collective bargaining negotiations to eliminate each such provision.</p>	
22	Yes	Has your municipality instituted a written policy to not compensate non-union employees for sick leave accumulated after a certain date?	
23	Yes	Has your municipality adopted an ordinance, resolution, regulation or written policy eliminating longevity awards, bonuses or payments for non-union employees?

	Yes	For any employees covered by a collective bargaining agreement, has your municipality <u>eliminated all longevity awards, bonuses or payments for employees hired on or after a specified date, and refrained from increasing any longevity awards, bonuses or payments for employees hired before a specified date?</u> The answer to this question can be "N/A" if such provisions were imposed by an arbitrator in binding arbitration but the municipality is seeking to eliminate such a contractual obligation through collective bargaining. If answering "N/A", the municipality must identify under "Comments" each such provision imposed by an arbitrator, along with the status of the collective bargaining negotiations to eliminate each such provision.	
25	Yes	Employee personnel manuals or handbooks serve as a valuable tool to convey a municipality's policies, procedures and benefits. Many insurance carriers encourage the adoption of such a document and offer discounted rates for their use. These publications should review employees' rights and obligations in areas ranging from discrimination, safety, violence, and harassment to vacation and sick days, holidays, use of township vehicles, smoking and political activity, among others. <u>Has your municipality adopted or updated an employee personnel manual/handbook by resolution or ordinance within the last five years? If yes, please provide in the Comments section the date of the meeting at which the personnel manual was adopted or updated.</u>	Resolution 16.578 - Approved: August 17, 2016

Scope of Work

The proposed project seeking funding under the FY2018 New Jersey Department of Transportation Bikeways Program is to construct Segment 3 of the 14-segment Morris Canal Greenway in Jersey City, New Jersey. The Jersey City Morris Canal Greenway is a surface transportation project that will be constructed in the form of a linear bikeway alignment through a combination of on-road and off-road facilities. The project provides much-needed open space dedicated to bicyclists, as well as pedestrians, for both circulation and recreation. The full linear alignment of the bikeway also facilitates connections to existing regional greenways, including the East Coast Greenway and the Hudson River Waterfront Walkway.

Segment 3 adjusts the path of the Morris Canal Greenway as originally proposed in the 2013 Jersey City Morris Canal Greenway Plan. Segment 3 was originally comprised of on-street segments, however, the City recently purchased a right of way from the City of Bayonne, allowing for the Greenway to transition to a safer off-road alignment for the segment within the original footprint of the Morris Canal (Property Survey attached in the Location Map attachment). This segment includes Block 27804, Lot 13 and Block 28401, Lot 40, encompassing 4.87 acres. The route then transitions to an on-road segment beginning on Custer Avenue at the property line of Block 28401, Lot 40, and continues on John F. Kennedy Boulevard before entering Mercer Park near the intersection with W 63rd Street. Alternatively, the route may pass through McGovern Park onto Sycamore Road, continuing on West 63rd Street before entering Mercer Park (Segment 4, owned by Hudson County and under construction with funding from the FY17 NJDOT Transportation Alternatives Program) at the intersection of West 63rd Street and John F. Kennedy Boulevard. The northern and southern termini of Segment 3 both connect with the broader Jersey City on-street bicycle network, as outlined in the Jersey City Master Plan Circulation Element (maps attached in the Location Map attachment).

The proposed scope of work for Segment 3 includes:

- Site Preparation and Earthwork (\$145,000)

Scope Of Work

BIKE-2018-Jersey City Morris Canal Greenway -00024

txtScopeWork continued

- Paving of the Greenway path (clean fill, dense graded aggregate base, and full depth asphalt pavement (\$278,500)
- Roadway crossing improvements at four locations along the Greenway route, including striping and traffic control signage (\$80,000)
- Bike racks (4) and concrete bicycle pad (4) for CitiBike, the City's bike share provider (\$12,000)
- Bollards (8) to prevent vehicle traffic from entering the bikeway (\$12,000)
- On-street bike lane medallions (\$1,600)

Additional improvements (as detailed in the enclosed cost estimate) that are necessary to complete the scope of work, but not necessarily specific to the bikeway right of way include striping, benches/seating, trash/recycling receptacles, lighting, signage, stormwater management/control features, soil erosion and sediment control measures, and site preparation/earthwork activities.

Jersey City is one of the most densely populated and fastest growing cities in the state and country. According to NJDEP Balanced Land Use Standards, there is a significant shortage of open space acreage. Due to the City's ADT of passenger vehicle and heavy truck volume, bicycling can be a dangerous activity for many residents, especially inexperienced cyclists. The proposed bikeway provides a safe, off-road facility for bicycle riding within the limits of Jersey City, increasing access to open space and opportunities for active living, improving bicycle safety, and enhancing the City's transportation network to better accommodate various mode choices, including biking and walking.

Scope of Work

Please provide description for Scope of Work:

The City of Jersey City is requesting funding from the New Jersey Department of Transportation's FY2018 Municipal Aid Program in the amount of \$3.4 million. The project proposes roadway preservation activities along two corridors, together spanning 2.25 miles:

- Central Avenue from NJ Route 139 to Paterson Plank Road (0.75 miles)
- Washington Street/Washington Boulevard from 2nd Street to 14th Street (1.5 miles)

Both corridors are Minor Arterial roadways according to the NJDOT Functional Classification system and are in need of improvement, as they have not been repaved in over 10 years. The project scope includes milling and paving with minor full depth base repairs; curb ramps brought up to conformance with ADA standards; installation and resetting of manholes, catch basins, curb pieces, water valves, and line striping/traffic markings. The project incorporates additional Complete Streets amenities to safely accommodate pedestrians and bicyclists, including decorative crosswalks and intersection bump outs.

The scope of work to be completed along Central Avenue includes:

- Milling and hot mix asphalt repaving of approximately 4,000 linear feet of roadway
- Reconstruction (Type A, B or E using new casting) of 18 inlets and resetting of 50 inlets with new or existing frames, curb pieces and bicycle safe grates
- Replacement/repair of concrete curbing (2,000 linear feet), concrete sidewalk (2,030 square yards), and concrete driveways aprons (30 square yards)
- Installation of 80 square yards of ADA compliant detectable warning surfaces at roadway crossings
- Installation of 25,000 linear feet of long-life thermoplastic traffic striping
- Saw cutting and sealing of joints with HMA overlay to prevent and/or control future cracking (500 linear feet)
- Installation of 200 linear feet of striped rumble strip

Scope Of Work

txtScopeWork continued

- Installation, relocation, or removal of traffic signing and steel posts
- Installation of pedestrian signal heads at 5 locations

The scope of work to be completed along Washington Street/Washington Boulevard includes:

- Milling and hot mix asphalt repaving of approximately 8,000 linear feet of roadway
- Reconstruction (Type A, B or E using new casting) of 18 inlets and resetting of 50 inlets with new or existing frames, curb pieces and bicycle safe grates
- Replacement/repair of concrete curbing (2,000 linear feet), concrete sidewalk (2,030 square yards), and concrete driveways aprons (30 square yards)
- Installation of 80 square yards of ADA compliant detectable warning surfaces at roadway crossings
- Installation of 25,000 linear feet of long-life thermoplastic traffic striping
- Saw cutting and sealing of joints with HMA overlay to prevent and/or control future cracking (500 linear feet)
- Installation of 200 linear feet of striped rumble strip
- Installation, relocation, or removal of traffic signing and steel posts
- Installation of pedestrian signal heads at 5 locations

Other activities incorporated into the full scope of work are further detailed in the attached cost estimate, prepared by a licensed engineer. The Roadway Data Sheet uses weighted averages based on the distance of improvements proposed within each corridor.

Central Avenue is a heavily trafficked corridor (10,000 ADT and 5% truck traffic over 5 tons) in the Heights neighborhood. The corridor is the neighborhood's primary commercial corridor and accommodates much of the area's critical needs such as parks, supermarkets, pharmacies, schools, houses of worship, restaurants, banks, medical offices, fitness centers, and other destinations, including the Jersey City Police Department's North District.

Scope Of Work

MA-2018-Washington St. and Central Ave. Road-00007

txtScopeWork continued

Washington Street, traveling north from 2nd Street, turns into Washington Boulevard crossing Thomas Gangemi Drive and continues past 14th Street. The multi-lane boulevard accommodates over 20,000 ADT and 6% truck traffic over 5 tons. Located in the Newport area, the corridor accommodates heavy traffic volume as it eventually connects to neighboring Hoboken as well as the Holland Tunnel, Interstate 78, US 1&9, NJ 139, and the New Jersey Turnpike. It is also a densely packed area with several commercial buildings, high rise apartment buildings, and Newport Shopping Mall which has three separate parking garages, adding to vehicle travel along the corridor.

Dear Mayor/Freeholder Director/County Executive:

On behalf of Governor Chris Christie I am pleased to announce that applications will now be accepted for the New Jersey Department of Transportation's (NJDOT) FY 2018 State Aid programs. As Commissioner of Transportation we are committed to maintaining and improving New Jersey's local transportation infrastructure by providing financial assistance to counties and municipalities for traditional and non-traditional transportation initiatives.

The following is a brief description of each program:

- **Municipal Aid** - This program has been a significant resource for municipalities in funding local transportation projects. All municipalities are eligible. The Department continues to encourage municipalities to consider using the Municipal Aid Program to fund projects that support walking and biking in their communities. NJDOT has set a goal to award up to 10% of the Municipal Aid Program funds to projects such as pedestrian safety improvements, bikeways and streetscapes.
- **Transit Village** - This program will award grants for traditional and non-traditional transportation projects that enhance walking, biking and/or transit ridership within 1/2 mile of the transit facility. Only New Jersey municipalities that have been designated as Transit Villages by the Commissioner of Transportation and the inter-agency Transit Village Task Force are eligible to apply. The eligible town list can be found at:

<http://www.state.nj.us/transportation/business/localaid/transitvillagef.shtm>

- **Bikeways** - This program is intended to fund bicycle projects which create new Bike Path Mileage. It is available to all counties and municipalities. The Department continues to work toward the goal of achieving 1,000 miles of dedicated bikeways in New Jersey. Special consideration will be given to bikeways that are physically separated from motorized vehicular traffic by an open space or barrier, but on-road bike lanes and other bike routes and facilities are also eligible for funding.

- **Safe Streets to Transit** - The intent of this program is to encourage counties and municipalities to construct safe and accessible pedestrian linkages to transit facilities, in order to promote increased usage of transit by all segments of the population.

All projects funded through the Transportation Trust Fund must comply with the Americans with Disabilities Act (ADA). ADA guidance, program descriptions and application guidance materials can be found on the NJDOT website at:

<http://www.state.nj.us/transportation/business/localaid/stateaid.shtm>

If you choose to apply, please consider the following in your applications. NJDOT requires grant projects to be awarded to construction within 24 months from the date of grant notification.

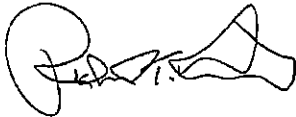

I encourage you to submit applications for these Local Aid programs. Each program application will be evaluated independently, affording counties and municipalities the opportunity to receive funding in more than one category.

The enclosed map provides contact information for each Local Aid District Office. Please keep in mind that a separate application for each project must be completed and submitted on or before October 6, 2017 on-line through SAGE at:

<https://njsage.intelligrants.com/Login.aspx?APPTHEME=NJSAGE>

We recommend that you consult with your Local Aid District Office to assist in preparing applications for funding. Thank you for your continued interest and support of NJDOT, and best wishes for success with your project applications.

Sincerely,

Richard T. Hammer

Scope of Work

The City of Jersey City is requesting FY18 Safe Streets to Transit grant funding for improvements on Fairmount Avenue between Summit Avenue and Bergen Avenue. This corridor is a highly traveled route to NJ Transit Bus (Routes 6 and 87) for a large number of daily commuters. The current state of repair within the project limits prioritizes vehicular travel, resulting in unsafe and dangerous conditions for pedestrians seeking to access the five bus stops along the corridor.

The scope of work includes:

- Intersection Safety Improvements: Redesign of intersection at Fairmount Avenue, Storms Avenue and Summit Avenue, including the restriping of crosswalks and installation of curb extensions. This work is a precursor to eventually closing Storms Avenue to vehicle traffic between Summit Avenue and Fairmount Avenue to create a community park area that enhances the pedestrian experience accessing transit in the neighborhood.
- Sidewalk Widening and Repair: Sidewalk repair (1,800 linear feet) along Fairmount Avenue from Bergen Avenue to Summit Avenue at prevailing sidewalk width or minimum 5' clear
- Sidewalk Construction: Construct new sidewalk at locations where sidewalk is either missing or in complete disrepair
- Truncated Dome Pavers: Include truncated dome pavers on the approaches to large driveways at surface parking lots (7 driveways total)
- Pedestrian Scale Lighting: Install lighting along entire length Fairmount Avenue between Summit Avenue and Bergen Avenue

This Safe Streets to Transit project is being proposed to create safer conditions for pedestrian travel to and from transit within the McGinley Square neighborhood of Jersey City. This area is a rapidly growing and increasingly popular destination for renters, anchored by the redevelopment of the former Jersey City Medical Center into the mixed-use, 1,200 unit Beacon Apartment Complex. In addition to residential redevelopment, the neighborhood has many businesses, houses of worship, schools, community centers, and is

Scope Of Work

also home to the offices of the Jersey City Department of Health and Human Services. These conditions create high pedestrian traffic within the neighborhood, many of whom utilize NJ Transit Bus lines to commute to work, school, and other destinations.

According to the United States Census Bureau's 2015 American Community Survey, 43.8% of households in the McGinley Square neighborhood do not own or have access to a personal vehicle and 44.7% of households utilize public transit to travel to and from work. As the closest PATH station (Journal Square) and closest Hudson-Bergen Light Rail stop (Garfield Avenue) are both over a mile away from the project area, the community is heavily dependent on NJ Transit Bus routes. The proposed improvements will create a safer route to transit for the approximately 6,500 neighborhood residents who utilize public transit every day and create the conditions for a safer and more pedestrian friendly street network in a community increasingly reliant on transit access.

APPENDIX A
AMERICANS WITH DISABILITIES ACT OF 1990
Equal Opportunity for Individuals with Disability

The contractor and the _____ of _____, (hereafter "owner") do hereby agree that the provisions of Title 11 of the Americans With Disabilities Act of 1990 (the "Act") (42 U.S.C. 5121 01 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant thereto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature, arising out of or claimed to arise out of the alleged violation. The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner's grievance procedure, the contractor agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the owner, or if the owner incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the contractor shall satisfy and discharge the same at its own expense.

The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the owner shall expeditiously forward or have forwarded to the contractor every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.

Dear Business Representative:

Congratulations! You are now registered with the New Jersey Division of Revenue.

Use the Taxpayer Identification Number listed above on all correspondence with the Divisions of Revenue and Taxation, as well as with the Department of Labor (if the business is subject to unemployment withholdings). Your tax returns and payments will be filed under this number, and you will be able to access information about your account by referencing it.

Additionally, please note that State law (Public Law 2001, c.124) requires all contractors and subcontractors with State agencies to provide proof of their registration with the Division of Revenue. The law also amended Section 92 of the Casino Control Act, which deals with the casino service industry.

We have attached a Proof of Registration Certificate for your use. To comply with the law, if you are currently under contract or entering into a contract with a State agency, you must provide a copy of the certificate to the contracting agency.

If you have any questions or require more information, feel free to call our Registration Hotline at (609) 292-1730.

Wish you continued success in your business endeavors.

Sincerely,

APPENDIX A
AMERICANS WITH DISABILITIES ACT OF 1990
Equal Opportunity for Individuals with Disability

The contractor and the City of Jersey City, (hereafter "owner") do hereby agree that the provisions of Title 11 of the Americans With Disabilities Act of 1990 (the "Act") (42 U.S.C. 12101 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant there unto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim. It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.

APPENDIX A
AMERICANS WITH DISABILITIES ACT OF 1990
Equal Opportunity for Individuals with Disability

The contractor and the _____ of _____, (hereafter "owner") do hereby agree that the provisions of Title 11 of the Americans With Disabilities Act of 1990 (the "Act") (42 U.S.C. 5121 01 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant thereto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature, arising out of or claimed to arise out of the alleged violation. The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner's grievance procedure, the contractor agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the owner, or if the owner incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the contractor shall satisfy and discharge the same at its own expense.

The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the owner shall expeditiously forward or have forwarded to the contractor every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.

The Corporation Counsel of the City of Jersey City has selected Special Counsel to serve as Outside Counsel in connection with *Donna Mauer v. City of Jersey City*.

In consideration of the mutual promises and covenants set forth herein, the parties agree as follows:

I. CONFLICTS OF INTEREST

A. Initial Conflicts Check.

Outside Counsel must be sensitive both to direct conflicts of interest that representation of the City and other clients poses, and to the less direct, but nevertheless serious, conflicts that may arise from the same firm's advocacy, on behalf of other clients, of positions conflicting with important City interests. Prior to Outside Counsel's engagement, Outside Counsel shall carefully review whether any conflicts of either type exist and, if so, bring those conflicts to the attention of the Corporation Counsel. The City shall be promptly informed of and consulted with respect to all potential conflicts. Although issue conflicts may not necessarily result in a disqualification of Outside Counsel, the City shall be consulted before Outside Counsel accepts an engagement that will require the firm to advocate a position that may be adverse to a City legal interest or otherwise prejudicial to the interests of the City. The City in its sole discretion shall, after consultation with Outside Counsel, determine whether an impermissible conflict exists, or whether other circumstances exist that would undermine the public's confidence if representation by Outside Counsel continued.

Outside Counsel's acceptance of an engagement on a matter without written disclosure of any conflicts constitutes Outside Counsel's representation that it has conducted an appropriate conflict check and no conflict exists.

B. City Conflicts.

The City has a duty to protect the public interest. As part of this responsibility, the City sets policies to ensure that the legal system operates in a manner that safeguards the public's confidence in the integrity and impartiality of its administration. For this reason, in addition to

insisting that its attorneys follow the Rules of Professional Conduct, the City prohibits Outside Counsel that represent the City, while such matter is pending, from:

- (1) Representing private parties before the City or any of its boards, proceedings, commissions or autonomous agencies in adversarial, transactional or non-adversarial proceedings. Outside Counsel also may not, on behalf of a private client, lobby the City or any City department.
- (2) Representing private parties in any matter in which the City also is a party, if the private party has interests adverse to the City.
- (3) Representing a private client with interests adverse to the City.
- (4) Representing another client if that representation would present a substantial risk that Outside Counsel's responsibilities to the City would limit its ability to provide independent advice or diligent and competent representation either to the City or the other client.
- (5) Representing another client where the Outside Counsel's knowledge of the City's legal positions or strategy, derived from its representation or prospective representation of the City, could be used to the advantage of the other client or the disadvantage of the City.

C. Continuing Obligation.

The obligation to disclose conflicts continues throughout the course of the representation. Outside Counsel must review conflicts of interest on an ongoing basis as new matters are opened. Any new attorney/client relationships that potentially create a conflict shall be reported to the Corporation Counsel immediately.

D. Attorney-Client Privilege Group/No Representation of Other Persons/Entities Absent Approval.

Outside attorneys engaged to represent the City (as opposed to a named person) shall consider themselves to have formed an attorney-client relationship *only* with the City, and not any of its individual employees. When speaking with current or former employees of the City, Outside Counsel shall, as appropriate, advise those employees that although their dialogue will be considered attorney-client communications to the fullest possible extent, counsel's responsibility is to the City and they do not represent those employees in their individual capacities. As a matter proceeds, if employees of the City will be examined under oath or interviewed in other adverse contexts, and if Outside Counsel believe it advisable for them to represent the employees in their individual capacities at such events, Outside Counsel must obtain the Corporation Counsel's advance consent before agreeing to represent such persons in their individual capacities. The Corporation Counsel, in consultation with other City personnel,

will determine if it is appropriate for the individual to receive representation and, if so, by whom.

Outside Counsel who are engaged to represent both an entity and employees of that entity simultaneously shall take all necessary steps to ensure the continuing absence of conflicts, and to preserve their ability to continue representing the entity in the event that conflicts develop between the entity and individual clients.

II. WORKING RELATIONSHIP

A. Identification of Objectives/Relationship Attorney.

The Corporation Counsel or his designee will be Outside Counsel's principal and regular point of contact for financial and strategic decisions. Only the Corporation Counsel or his designee has authority to direct Outside Counsel in the handling of the matter. If a City employee other than the Corporation Counsel or his designee asks Outside Counsel to proceed in a certain fashion or to perform certain activities with respect to a specific legal matter, Outside Counsel shall report the request to the Corporation Counsel and obtain direction prior to proceeding.

Outside counsel shall designate an Attorney to be the Corporation Counsel's principal contact. In all matters, the City remains ultimately responsible for making all substantive decisions and determining the costs and benefits of contemplated legal activity. In many matters, City attorneys will act as full co-counsel and be engaged with Outside Counsel in the day-to-day conduct of the case. In matters where Outside Counsel is handling that day-to-day conduct without City personnel as co-counsel, the City shall be consulted on a regular basis throughout the course of Outside Counsel's engagement and to be kept fully informed of the current status and proposed course of the matters assigned to Outside Counsel's firm. All strategic, tactical, staffing (including any proposed staffing changes) and significant resource allocation decisions about City legal matters must be made in collaboration with the Corporation Counsel.

B. Early Case Assessment/Cost Assessment.

Each complex matter is to be thoroughly evaluated at its outset. The same applies to actions in which the City is the plaintiff, except that the analysis will be performed before the case is filed. In any matter, Outside Counsel shall provide an early case assessment that includes analysis of (1) likely costs to the City from the process, (2) possible outcomes, indicating the likelihood of each, and (3) strategy and tactics for termination or resolution. The format of the early case assessment may vary from a formal written document to a verbal briefing or a combination of a written budget with a verbal briefing on other aspects of the case.

Please note that time spent preparing a budget is not billable, but counsel may bill for time spent preparing an early case assessment or a recommended discovery plan.

The City places significant reliance on cost estimates and Outside Counsel shall prepare them with care. Although the City understands that unanticipated events may have an impact on costs, the City shall be consulted promptly if Outside Counsel believes that the most recent cost estimate provided is no longer accurate. Should total fees or costs exceed the agreed budget, or should fees or costs for a phase of the case exceed the agreed estimate for that phase, without adequate explanation in advance that the increased expense will be necessary, the City may require that an increased discount be applied to unanticipated fees or costs and reserves the right not to pay Outside Counsel for any amounts incurred or expended in excess of the approved budget or estimate.

For bond matters and other transactional engagements, counsel may be expected to provide a fee cap for the transaction, approved by the City, prior to commencing work. Only where a transaction materially changes in scope will the City consider revisions to an agreed fee cap. No payments above the agreed fee cap shall be made unless and until a revised fee cap has been approved in writing by the Director of the City or his/her designee.

C. Staffing.

Unless otherwise agreed, the senior attorney retained shall be directly and ultimately responsible for the entire assignment. The day-to-day involvement of that senior attorney, however, shall be appropriate to the magnitude of the matter and the efficiency required for a timely, cost effective, quality work product. When a senior attorney can handle an assignment most efficiently (based on skill and experience), that senior attorney shall complete the assignment.

The City shall be billed for only one attorney to attend events such as depositions, witness meetings, settlement conferences, negotiations and meetings with other parties' counsel. The City recognizes that in more complex matters and those with multiple work-streams, it may occasionally be appropriate for multiple attorneys to attend significant events and for members of the team to consult with each other. The City insists, however, that no more than the minimum number of attorneys necessary to an event attend, that billable internal conferences and charges for drafting and reading internal email correspondence occur only when absolutely required, and that the Corporation Counsel be regularly informed both of the number of attorneys who will attend significant events and the reason for the attendance of each billing timekeeper.

The City believes that it is most efficient for a single attorney or group of attorneys to handle a matter from beginning to end and Outside Counsel shall strive for such continuity. The City will not pay for learning time that may result from staffing changes at Outside Counsel's firm. In addition, the City will not reimburse Outside Counsel for any routine training or supervisory time, including time spent at seminars, unless specifically approved in advance and included as part of the budget. The City will not ordinarily pay for summer associate time unless such time

has been identified as part of the approved staffing plan for appropriate work. The City will not pay for time submitted by librarians; secretaries; billing, filing, docketing or document clerks; internal messengers/couriers; temporary or clerical support staff; word processors; and IT professionals other than electronic discovery specialists serving a function similar to that of paralegals/case managers. The City also will not pay for time billed by attorneys or paralegals to perform tasks (filing, indexing, etc.) that could and should have been handled by support personnel.

D. Settlement.

Outside Counsel shall have no settlement authority unless and until such authority is explicitly conferred on them by the Corporation Counsel. If Outside Counsel believes that settlement should be pursued, Outside Counsel must seek instructions in this regard from the Corporation Counsel, and not pursue formal or informal settlement discussions without the Corporation Counsel's approval. Outside Counsel shall immediately inform the Corporation Counsel of any settlement proposal or overture, formal or informal, by the opposing party or counsel. Please note that under no circumstances can the City agree to designate a settlement agreement as confidential. All City settlement records are, by definition, public documents.

E. Media Relations/Law Firm Advertising.

The City does not authorize outside counsel or vendors to comment publicly in any manner on any aspect of the City's legal matters. All media inquiries relating to the City shall be referred promptly to the Corporation Counsel and discussed with the Corporation Counsel before responding to the media contact in any manner. This includes even "no comment" or other non-substantive responses. If time is of the essence and Outside Counsel cannot reach the Corporation Counsel, the Press Secretary in the Office of the Mayor shall be contacted.

The City does not permit Outside Counsel to advertise or promote their relationship with the City, other than by listing the City as a representative client.

F. Engagement of E-Discovery and Other Vendors, Including Experts.

Before engaging any vendor, including electronic discovery firms and experts, lobbyists or other consultants (in each case, a "vendor"), Outside Counsel must pre-clear that engagement with the Corporation Counsel, unless the Corporation Counsel has explicitly granted exceptions to this preclearance requirement. The City will not be responsible for vendor fees or costs unless that vendor's engagement was pre-approved by the City. The City may require Outside Counsel to engage vendors with which the City has master contracts or preferred pricing arrangements, and always will insist on engagement of the lowest-cost vendor qualified to handle a task (understanding that complex tasks may require vendors with specialized expertise).

Outside Counsel will pay all third-party service providers directly and will bill the City for those services' detailed disbursements included in monthly invoices. This City will not accept separate invoices from service providers directly to the City for payment.

Outside Counsel has the responsibility to ensure that there are no conflicts between any vendor and the City. In addition, all vendors must execute the confidentiality agreement attached as Appendix A. The fee and disbursement policies as outlined in this Agreement shall be made available to, and followed by vendors. It is Outside Counsel's responsibility to confirm that all third party billings comply with this Agreement.

Vendor payment arrangements shall be discussed in advance with the Corporation Counsel. In general, Outside Counsel shall contract with vendors themselves and pay the third party invoices directly, incorporating those invoices into their own bills to the City and including appropriate detail for reasonable review by City personnel. The City may request Outside Counsel to provide full copies of vendor invoices; Outside Counsel therefore shall retain those invoices in accordance with IRS guidelines. The Corporation Counsel may approve other payment arrangements, including (in rare cases) direct contracting with and payment by the City.

When engaging court reporting services, Outside Counsel shall request only one transcript (electronic or hard copy). The City will not reimburse charges for additional transcripts.

G. Adherence to Ethical Standards.

The City conducts itself in accordance with the highest ethical standards and expects the same of its Outside Counsel. No City employee ever has authority to instruct Outside Counsel to act in an unethical manner. If Outside Counsel believes that a City employee has engaged or will engage in illegal or unethical activity, Outside Counsel must immediately advise the Corporation Counsel. The City will terminate its relationship with any Outside Counsel who, in the City's sole discretion, fails to adhere to the foregoing ethical standards.

At all times, Outside Counsel will remain aware of and in compliance with each of the City's "Pay-to-Play" ordinances and any amendments thereto.

H. Gratuities.

City officers and employees are prohibited from accepting any gift, favor, service or other thing of value related in any way to the City officer's or employee's public duties. In addition, any vendor to the City is prohibited from offering a gift or other thing of value to a City officer or employee with which the vendor transacts business or offers to transact business. Any City officer or employee is prohibited from soliciting a gift or thing of value from a City vendor. This includes charitable donations made in the name of a City employee.

The City reserves the right to amend this Agreement from time to time, providing written notification to Outside Counsel within thirty (30) days of the effective date of any substantive changes. Failure to accept amendments may result in the termination of services from the City.

I. Malpractice Insurance.

Outside Counsel representing the City shall maintain malpractice insurance coverage that is reasonable and prudent in relation to the types and sizes of matters handled. Outside Counsel shall, upon request, promptly provide the Corporation Counsel with copies of any applicable policies required under this section, and/or a certificate of insurance. Each policy provided must be certified by the agent or underwriter to be a true copy. If Outside Counsel does not have coverage or if coverage is cancelled and not immediately replaced with comparable coverage, Outside Counsel must immediately report this to the Corporation Counsel.

J. File Retention.

For Litigated Matters: Outside Counsel shall retain pleadings, correspondence, discovery materials, deposition transcripts and similar documents and work product for a period of no less than seven (7) years from the date the matter is concluded or for the time period specified by rule or law in the jurisdiction in which the matter was pending, whichever is longer. Beyond this period, Outside Counsel shall notify the City in writing no less than sixty (60) days prior to destroying any file. Along with the written notification, Outside Counsel shall submit an inventory of any original City documents contained in the file to be destroyed and a representation that any electronic version of the file will also be destroyed or deleted.

For Bond and Other Transactions, and Advice Matters: Documents shall be retained in accordance with the same policies applicable to litigated matters unless applicable law mandates any longer retention schedule. However, bond counsel and transactional/advice counsel shall retain all transcripts of transactions and memoranda of advice indefinitely unless otherwise directed by the Corporation Counsel.

III. Billing

A. Rates.

Outside Counsel shall be compensated at the rate of 150.00 per hour, including expenses. The total amount of this agreement shall not exceed \$100,000.00.

The City will pay for actual services rendered at rates established in Requests for Qualifications or otherwise agreed to in advance. At the time of Outside Counsel's initial engagement, Outside Counsel shall furnish the Corporation Counsel with a schedule of billing rates for partners, associates and all other timekeepers expected to bill time against the matter for review and approval prior to billing time to the City. Because of City procurement rules, the rates

applicable at the inception of each specific matter must remain in effect for the duration of that matter.

Hourly rates shall include all overhead costs (*see* Acceptable Fees/Charges, below), none of which shall be included in disbursements.

Time must be billed in 0.1 hour increments and on a per-task basis. The time entry description must be specific, detailing the action taken and the subject matter. Absent prior consent, the City will not pay for more than ten (10) hours of time by a single timekeeper in a single day, but the Corporation Counsel may increase that number of permissible hours in matters of special urgency or where cases are in or approaching trial.

Outside Counsel shall bear in mind that invoices may be disclosed pursuant to the City's open records laws and that courts may not sustain assertions of privilege by the City. Although the City will endeavor to redact privileged information before releasing bills for public consumption, Outside Counsel shall, to the extent practicable and consistent with the need to fully inform the City of its activities and to allow the City to evaluate the reasonableness of billing narratives, avoid the inclusion of privileged matter in invoices.

B. Invoicing Policy.

All invoices must be submitted to the Corporation Counsel.

For litigation, advice, and non-bond transactional matters, Outside Counsel generally are expected to submit monthly invoices within thirty days of the conclusion of the billing period, absent the City's prior consent to a longer delay. All charges must reflect the work performed within the billing period or a reasonable time before the billing period. Absent good cause, as defined by the City, the City will not pay for services or expenses incurred more than 90 days prior to the date the invoice is submitted. For bond matters, Outside Counsel are expected to submit their invoice within thirty days of the conclusion of the transaction.

Absent a specific agreement to an alternative fee arrangement, Outside Counsel fees shall be computed by applying the negotiated hourly rate to the time for the services expended. Hours shown must accurately reflect the time spent on the described activity and must either be the exact amount of time or the exact time rounded down to the nearest one-tenth of an hour. Block billing—grouping multiple activities under a single time charge—will not be accepted, and the City will not pay for any time recorded in a block fashion unless this requirement is waived by the Director of the City of Law or his or her designee.

Every bill from Outside Counsel is deemed to be a certification by the firm and billing partner that all legal services and disbursements reflected on the bill are reasonable for the legal matter involved and necessary for the proper provision of legal services to the City. The City may deduct certain fees and charges that are inconsistent with this Agreement.

The City reserves the right to audit all fee and disbursement details that Outside Counsel submit, as well as the corresponding legal file. The City will promptly terminate the services of any Outside Counsel whose billing practices raise questions about the Outside Counsel's integrity, honesty or compliance with the applicable rules of professional conduct or this Agreement.

C. Invoice Format.

Each invoice will include the following minimum requirements:

- Unique invoice number
- Invoice date
- Matter name
- Outside Counsel's matter number
- Date(s) services were performed
- Timekeeper name or ID
- Timekeeper title or level
- A narrative description of the services provided or tasks performed for each specific task. The description shall clearly state the nature of the task performed sufficient to allow the City to determine why it was necessary. Incomplete or vague charge descriptions are unacceptable. Examples of incomplete or vague charges include, but are not limited to: 'analysis', 'review file,' 'conference', 'attention to matter'; 'worked on discovery', 'work on file', 'prepare for meeting', 'misc.', and 'other'
- Time entry to the nearest tenth (.10) of an hour
- Timekeeper rate
- Charge total
- Detail of reimbursable expenses and disbursements at actual cost

The detailed billing report from Outside Counsel's system will provide this information. If Outside Counsel provides services on more than one matter during a billing period, a separate invoice for each matter is required.

D. Acceptable Fees/Charges.

Overhead charges may not be billed. The City will not reimburse Outside Counsel for basic support services, which the City deems to be part of Outside Counsel's overhead and built into its rates. The City will not pay for any of the following items under any circumstances:

- Billing inquiries
- Opening and closing files
- Internal filing
- Secretarial services (including overtime charges)

- Word processing or proofreading
- Maintenance of a calendar or tickler system
- Investigating potential conflicts
- Preparing budgets
- Library usage (including book purchases or subscriptions) or library staff time
- Office supplies
- Conference room charges

E. Basic legal research may not be billed.

Outside Counsel shall be familiar with the basic substantive law at issue in the matter for which the firm was retained, and the City shall not be charged for this type of research. If legal research benefits other clients, only the proportionate share of that cost shall be billed to the City. The City shall also benefit from previously prepared briefs and memoranda, and when such briefs or memoranda exist, will pay only for actual time spent updating or tailoring the same. All other anticipated legal research shall be addressed in Outside Counsel's proposed budget. Legal research projects necessary in a particular litigation assignment must be approved in advance by the Corporation Counsel before the research is commenced.

The City will pay only for the actual time spent by Outside Counsel or other approved timekeeper conducting the research. As explained *infra*, fees charged by electronic or other research services, including library fees, Westlaw, Lexis and other online services are considered general overhead and are not reimbursable.

F. Out-of-pocket costs must be itemized and passed through with no markup.

The City will reimburse Outside Counsel for reasonable, documented and itemized out-of-pocket disbursements and costs incurred on behalf of the City, with the exceptions and limitations set forth in this Agreement. Outside Counsel's invoices to the City shall reflect the actual cost and shall not include any markup. All disbursements must be fully itemized with a description sufficient for review, identifying the number of units, price per unit and total cost. The City may refuse to pay for disbursements billed as 'miscellaneous,' billed in a group (e.g., Travel Expenses - \$4,000.00) or disbursements without descriptions.

G. Prohibited disbursements.

The City considers certain disbursements to be part of a law firm's overhead and will not pay such charges. These items include:

- Rent (including temporary office space)
- Westlaw, Lexis and other legal database services
- Cost or usage of computers or mobile devices or internet service charges
- Equipment rental

- Storage charges
- Catering for internal meetings
- Meals (except during business travel, and then limited to \$70 per day)
- Mileage for short trips (<30 miles one way)
- Travel costs exceeding discounted, non-refundable coach fares except where excess costs have been approved in advance
- Telephone charges
- Facsimile charges
- Allocated charges from a firm's blanket service agreements with outside vendors

H. Copying/scanning.

Copying charges may be billed to the City at the lesser of the most favorable rate applied by Outside Counsel or five cents per page. The City will reimburse for document scanning at Outside Counsel firm's regular rate, up to a maximum of five cents per page, for document productions, but the City will not pay time charges associated with scanning, and there shall be no charges associated with the scanning and filing of court papers and correspondence. Every effort shall be made to minimize scanning expenses by working with documents in electronic format whenever possible.

I. Couriers and Overnight Mail.

The City will reimburse for actual charges billed to Outside Counsel for deliveries (including overnight express) that are necessary in the interest of speed and reliability. Outside Counsel shall use the lowest cost service consistent with need and reliability, and to arrange schedules, whenever practicable, to avoid the need for premium-priced couriers. Outside Counsel shall use less expensive means, such as email (encrypted, when necessary) or regular mail where it is practical to do so.

J. Travel Expenses.

All air and rail travel must be first approved by the Corporation Counsel, ideally as part of the case budget. Outside Counsel shall use good judgment in selecting hotels and restaurants and incurring expenses for which the taxpayers are to be charged. Outside Counsel shall use alternatives to travel such as conference calls or videoconferences whenever practicable. If the travel involves another client, the City may be billed only for its proportionate share of both time and related expenses. **Non-working travel time is not billable without the Corporation Counsel's prior approval.**

K. Reimbursement of Meals for Overnight Travel.

The City will reimburse for meals consumed while traveling overnight on City business, but limited (absent prior approval) to no more than seventy dollars (\$70) per person, per day. Under no circumstances will the City reimburse costs for alcoholic beverages.

L. Maintenance of Expense Records.

To ensure compliance with the City's reimbursement policies, Outside Counsel shall require itemization of out-of-pocket expenses such as airline tickets, meals and hotel bills before making reimbursement to any attorney, employee or third party, and maintain original receipts. Travel and meal expenses and receipts may be audited and shall be retained by Outside Counsel in accordance with applicable IRS guidelines. Unless requested to do so by the City, Outside Counsel shall not forward copies of travel and meal expense receipts to the City with the firm's invoices.

M. Personal Expenses Not Reimbursable.

Please take care to distinguish between personal expenses and properly chargeable business expenses. The City will not reimburse for, among other things, recreation fees, salon or spa charges, pay-per-view movies or other personal entertainment charges, airline baggage charges, travel agency expenses, shoe shines, toiletries, dry cleaning or laundry (except in the unlikely event travel of more than seven days' duration is required), or luggage.

N. Vendor discounts must be passed through.

If Outside Counsel receives a discount or rebate from a vendor based on the aggregate level of business with that vendor, such discount shall be disclosed and the City shall receive the benefit on a proportionate basis. This does not include frequent-flyer miles or similar perquisites allocated to individual travelers.

IV. CONFIDENTIALITY

In the course of representing the City, Outside Counsel will frequently gain access to nonpublic and confidential information. The City requires Outside Counsel to maintain the confidentiality of such information both during and after the course of Outside Counsel's representation of the City. Outside Counsel must have in place appropriate procedures to ensure the protection of all such information. In the event the representation requires Outside Counsel to become privy to protected personally-identifiable information about any person, such as health or financial records, Social Security numbers or other such information, then this information must be handled with the utmost care both within facilities in Outside Counsel's control, and certainly when that information is being transported. Under no circumstances shall such confidential information be transported outside Outside Counsel's offices--either physically or over the public internet--unless the information is appropriately encrypted. In the event information is

compromised or potentially compromised, Outside Counsel must notify the City immediately.

Outside Counsel must follow all statutory, regulatory, and ethical provisions relating to privacy, confidentiality and nondisclosure of all privileged, proprietary and confidential information. Outside Counsel must take appropriate measures to ensure that all legal and nonlegal personnel are familiar with this requirement and are effectively supervised in this regard.

Vendors to whom Outside Counsel gives access to confidential or proprietary material of the City (including work product) must sign the confidentiality agreement attached as Appendix A. It is the responsibility of Outside Counsel to obtain a signed confidentiality agreement from each vendor and to retain those agreements.

This Confidentiality Section, and the corresponding Confidentiality Agreement attached as Appendix A, is above and beyond any relationships or privileges held or created separate and apart from this Agreement.

V. NEW JERSEY BUSINESS REGISTRATION REQUIREMENTS

Outside Counsel shall provide written notice to its subcontractors of the responsibility to submit proof of business registration to the contractor.

Before final payment on the contract is made by the contracting agency, the contractor shall submit an accurate list and the proof of business registration of each subcontractor or supplier used in the fulfillment of the contract, or shall attest that no subcontractors were used.

For the term of the contract, the contractor and each of its affiliates and a subcontractor and each of its affiliates [N.J.S.A. 52:32-44(g)(3)] shall collect and remit to the Director, New Jersey Division of Taxation, the use tax due pursuant to the Sales and Use Tax Act on all sales of tangible personal property delivered into this State, regardless of whether the tangible personal property is intended for a contract with a contracting agency.

A business organization that fails to provide a copy of a business registration as required pursuant to section 1 of P.L.2001, c.134 (C.52:32-44 et al.) or subsection e. or f. of section 92 of P.L.1977, c.110 (C.5:12-92), or that provides false business registration information under the requirements of either of those sections, shall be liable for a penalty of \$25 for each day of violation, not to exceed \$50,000 for each business registration copy not properly provided under a contract with a contracting agency.

VI. TERMINATION

The City reserves the right to terminate the within Agreement at any time for any reason whatsoever, in which event Outside Counsel shall be paid for services due up to the date of

termination. Thereafter, this Agreement shall be considered null and void with no further rights or obligations emanating therefrom. Unless sooner terminated or renewed, this contract shall be for a term of one (1) year commencing on the date the contract is executed by City officials.

VII. GENERAL TERMS

A. Governing Law/Jurisdiction.

This Agreement will be interpreted in accordance with, and governed by, the laws of the State of New Jersey. The courts of the State of New Jersey will have exclusive jurisdiction and the parties irrevocably attorn to the jurisdiction of such courts.

B. Counterparts Clause.

This Agreement may be executed by e-mail in counterparts all of which will be deemed originals and legally binding once delivered to each of the other parties' authorized e-mail addresses and such delivery is acknowledged by reply e-mail. Although not necessary to legally bind the parties, each party agrees to promptly circulate signed originals in sufficient number to the other parties for record-keeping purposes after completing the e-mail execution and delivery. All counterparts when executed and delivered (by e-mail or in paper form) will be construed together to be an original and will constitute one and the same agreement.

By accepting an engagement by the City, law firms will be deemed to have familiarized themselves with this agreement and to have agreed to adhere to it in all respects, now and as they may be amended from time to time upon written notice and acceptance. This acceptance is a matter both of contract and professional responsibility.

APPENDIX A

CONFIDENTIALITY AGREEMENT

____ (Subcontractor), as a contractor of Outside Counsel retained by the City of Jersey City (the "City") pursuant to an "Outside Counsel Agreement" dated _____, hereby acknowledges and agrees as follows:

1. All documents and data, including but not limited to financial, statistical, personnel, customer and/or technical documents, owned or supplied by the City to the Subcontractor, shall be treated as confidential (Documents and Data). The Subcontractor shall take all necessary and reasonable precautions to ensure that the City's Documents and Data are safeguarded. Use of the Documents and Data is strictly limited to that use necessary to complete the scope of work agreed upon, which may include disclosure to employees, officers or agents of any subcontractor assisting with the scope of work. Any other use, and any sale or offering of the Documents and Data in any form by the Subcontractor, or any individual or entity in the Subcontractor's charge or employ, will be considered a violation of this Confidentiality Agreement and may result in termination of the agreement between Subcontractor and the law firm retained by the City, and the Subcontractor's suspension or debarment from City contracting. In addition, such conduct may be reported to the appropriate authorities for possible criminal prosecution.
2. Subcontractor shall be responsible to ensure that all agents and individuals or entities in the Subcontractor's charge or employ adhere to this Confidentiality Agreement. A breach of confidentiality by any individual or entity in the Subcontractor's charge or employ will be considered a violation of this Confidentiality Agreement by the Subcontractor.
3. In the event that Subcontractor, its agent or any individual or entity in the Subcontractor's charge or employ receives a subpoena, demand, or other request for any of the City's documents or data, Subcontractor shall promptly notify the City and shall not turn over any of the City's documents or data.
4. The Subcontractor shall comply with all applicable City and Federal laws that require the notification of individuals in the event of unauthorized release of personally-identifiable information or other event requiring notification. In the event of a breach of any of the Subcontractor's confidentiality obligations or other event requiring notification under applicable law ("Notification Event"), the Subcontractor agrees to assume responsibility for informing all such individuals in accordance with applicable law and to indemnify, hold harmless and defend the City and its trustees, officers, and employees from and against any claims, damages, or other harm related to such Notification Event.
5. Upon termination of this Confidentiality Agreement the Subcontractor shall return or erase, destroy, and render unreadable all Subcontractor copies of City Documents and Data, both physical and electronic, and certify in writing that these actions have been completed within 30 days of the termination of this Confidentiality Agreement or within 14 days of the request of an agent of the City, whichever shall come first.

6. This Confidentiality Agreement shall survive the Subcontractor's termination of the contract between the law firm retained by the City and Subcontractor or upon completion of the scope of work related to the City.

EXHIBIT A
MANDATORY EQUAL EMPLOYMENT OPPORTUNITY LANGUAGE
N.J.S.A. 10:5-31 et seq. (P.L. 1975, C. 127)
N.J.A.C. 17:27

GOODS, PROFESSIONAL SERVICE AND GENERAL SERVICE CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

APPENDIX A
AMERICANS WITH DISABILITIES ACT OF 1990
Equal Opportunity for Individuals with Disability

The contractor and the City of Jersey City (hereafter "owner") do hereby agree that the provisions of Title 11 of the Americans With Disabilities Act of 1990 (the "Act") (42 U.S.C. 5121 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant thereto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature, arising out of or claimed to arise out of the alleged violation. The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim. RESOLUTION DEMANDING THE RELEASE OF ANY AUDIO RECORDING IN CONNECTION TO RECENT NEWS REPORTS ABOUT SENIOR ADMINISTRATION OFFICIALS AND ENERGY CONSULTANT BID STEERING

WHEREAS, recent news reports from Politico and the Jersey Journal cite sworn deposition testimony, in connection with a lawsuit filed by a City employee, about senior administration officials attempting to improperly influence the procurement of an energy consultant in February of 2014; and

WHEREAS, these news reports cite the sworn deposition testimony of Business Administrator, Robert Kakoleski, and his aide, Dominick Pandolfo wherein they discuss the procurement of an energy consultant and the existence of a public record in the form of a voicemail left by the then Chief of Staff, Muhammad Akil, and Deputy HEDC Director, Shawn Thomas on the Business Administrator's phone; and
